NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 September 2024

1 Accounting Policies

1.1 Basis of preparation

These accounts have been prepared under the historical cost convention, as modified by the inclusion of charitable properties and fixed asset investments and investment properties at valuation.

These accounts have been prepared in accordance with “Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)” (effective 1 January 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

These accounts are presented in pounds sterling and rounded to the nearest pound.

Change in basis of accounting or to previous accounts

There has been no change to the accounting policies (valuation rules and method of accounting) since last year and no changes have been made to accounts for previous years.

1.2 Going concern

The Trustees have prepared financial projections, taking into consideration the current economic conditions and have, at the time of approving these accounts, a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the accounts.

1.3 Income from donations or grants

Income from donations and grants is recognised when the charity is entitled to the funds, the receipt is probable and the amount can be measured reliably. For donations, this is usually on receipt. For grants, this is usually when a formal grants is made in writing. If a donation or grant contains terms and conditions outside of the charity’s control which must be met before the charity is entitled to the funds, or if the donor specifies that the funds must be used in future time periods, then the income is deferred.

1.4 Legacies

Legacies are included in the SOFA when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.

1.5 Income from charitable activities

Income from charitable activities is recognised over the period to which the income relates. Concert fees are recognised at the date of the event. Membership fees are recognised over the period of the membership. Rent is recognised over the period to which it relates. Any amounts relating to future periods are deferred.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 September 2024

1.6 Income from membership subscriptions

Membership subscriptions received in the nature of a gift are recognised in Donations and Legacies. Membership subscriptions which give a member the right to buy services or other benefits are recognised as income earned from the provision of goods and services as income from charitable activities.

1.7 Other trading income

Other trading income from non-charitable sources is recognised over the period to which it relates, Any relating to future periods is deferred.

1.8 Expenditure

Expenditure is recognised when a present legal or constructive obligation exists at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefits will be required to settle the obligation, and the amount can be estimated reliably. It is inclusive of VAT which cannot be recovered.

Direct costs are those costs which directly attribute to its activities. Wages and salaries are allocated to direct costs based on an estimate of time spent on charitable activities by staff members.

Support costs include staff costs and are those which do not produce a direct output. Staff costs relate to specific activities and this is reflected in the allocation of payroll costs based on the percentage of time spent.

All costs, including governance costs, are allocated between the expenditure categories of the charity on a basis designed to reflect the use of the resource. Costs relating to a particular activity are charged directly; others are apportioned on an appropriate basis.

Support costs and overheads have been calculated by allocating staff time to the level of involvement in the various activities of the Charity.

1.9 Taxation

The organisation is a registered charity and has no liability to income tax or corporation tax on its charitable activities during the year.

1.10 Creditors

Short term creditors are measured at the transaction price. Other creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

1.11 Provisions for liabilities

A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 September 2024

1.12 Fund accounting

Unrestricted funds are those funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.
Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the charity for particular purposes.

1.13 Tangible fixed assets

Tangible fixed assets, such as land and buildings, plant, vehicles and equipment, are held to provide an on-going economic benefit to a charity through their contribution, directly or indirectly, to the provision of goods or services by the charity. Tangible fixed assets measured at cost in the financial statements without any valuation due to no tax liability.

1.14 Debtors

Debtors (including trade debtors and loans receivable) are measured on initial recognition at settlement amount after any trade discounts or amount advanced by the charity. Subsequently, they are measured at the cash or other consideration expected to be received. Prepayments are valued at the amount prepaid net of any trade discounts due.
