Structure, governance and management

N Nasr Foundation, was constituted on 24th September 2013 and is registered with the Charity Commission under charity number 1153943.

Trustees are appointed by the Board of Trustees. The procedure to appoint or withdraw a trustee is in accordance with the constitution. There are informal procedures in place for the induction and training of new trustees. The trustees are also encouraged to attend relevant external briefing training courses.

The Board of Trustees are responsible for the management of the risks faced by the charity. Risks are identified, assessed and controls established throughout the year.

Objectives and activities

The objectives of the trust as per the Constitution are:-

- a) to donate funds to support organisations/institutions internationally which provide religious or otherwise educations to the poor and needy
- b) to donate funds to organisations/bodies which advance religion or provide public services
- c) support and provide funds to organisations/institutions which relieve sickness and preserve and protect good health
- d) to relieve poverty

Public benefit

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. These activities fit within the following descriptions of charitable purposes as set out in the Charities Act, for the benefit of the public:-

- a) the advancement of religion
- b) the advancement of education
- c) the prevention or relief of poverty

Achievements and performance

The trust has maintained its objectives by providing funds to organisations and institutions that provide services to those in need.

The trust has also maintained its duty to undertake and arrange assessments to ensure that hazards are being properly identified and appropriate protective measures are in place to assist in minimising the possibility of loss from risk. Periodic reviews take place to assess the performance of the systems implemented.

Financial review

The trust's principal funding source is from rental income. Overheads have remained consistent. The financial situation of the trust continues to be satisfactory. The present level of funding is adequate to support the continuation of the trust and the trustees consider the financial position of the charity to be satisfactory.

Reserves policy

The trustees consider the level of reserves to be more than adequate for the charity's needs. As the trust has no financial obligations and almost 100% of funds are used to support other organisations as and when they are available, it is not considered necessary to have a reserves figure set at 3-6 months of running costs as there are none.

Plans for future periods

The trustees plan to maintain the activities as in past periods in order to continue to support other organisations that meet the trust's charitable objectives.

Statement of trustees' responsibilities

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of charity and of the incoming resources and application of resources of the charity for that year. In preparing these financial statements the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 1993 and the Charity (Accounts and Reports) Regulations 2008. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

On behalf of the board

Accounting policies

This standard list of accounting policies has been applied by the charity except for those deleted. Where a different or additional policy has been adopted then this is detailed in the box below.

INCOMING RESOURCES

Recognition of incoming resources	These are included in the Statement of Financial Activities (SoFA) when: <ul style="list-style-type: none"> the charity becomes entitled to the resources; the trustees are virtually certain they will receive the resources; and the monetary value can be measured with sufficient reliability.
Incoming resources with related expenditure	Where incoming resources have related expenditure (as with fundraising or contract income) the incoming resources and related expenditure are reported gross in the SoFA.
Grants and donations	Grants and donations are only included in the SoFA when the charity has unconditional entitlement to the resources.
Tax reclaims on donations and gifts	Incoming resources from tax reclaims are included in the SoFA at the same time as the gift to which they relate.
Contractual income and performance related grants	This is only included in the SoFA once the related goods or services have been delivered.
Gifts in kind	Gifts in kind are accounted for at a reasonable estimate of their value to the charity or the amount actually realised. Gifts in kind for sale or distribution are included in the accounts as gifts only when sold or distributed by the charity. Gifts in kind for use by the charity are included in the SoFA as incoming resources when receivable.
Donated services and facilities	These are only included in incoming resources (with an equivalent amount in resources expended) where the benefit to the charity is reasonably quantifiable, measurable and material. The value placed on these resources is the estimated value to the charity of the service or facility received.
Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.
Investment income	This is included in the accounts when receivable.
Investment gains and losses	This includes any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources.
Governance costs	Include costs of the preparation and examination of statutory accounts, the costs of trustee meetings and cost of any legal advice to trustees on governance or constitutional matters.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the charity.
Support Costs	Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least £500. They are valued at cost or a reasonable value on receipt.
Investments	Investments quoted on a recognised stock exchange are valued at market value at the year end. Other investment assets are included at trustees' best estimate of market value.
Stocks and work in progress	These are valued at the lower of cost or market value.
