

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 1st April 2020 **Period start date to** 31st March 2021 **Period end date**

Charity name: National Association for Numeracy and Mathematics in Colleges CIO

Charity registration number: 1154042

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The main purpose of our activities is to represent the views of post-16 mathematics education in the United Kingdom. This is done by belonging to mathematical bodies where our voice can be heard, and by responding directly to government consultations. We have continued as members of the Meeting of Mathematical Subject Associations and have a representative on the Joint Mathematical Council.
Summary of the main activities in relation to those purposes for the public benefit; in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	In addition, the charity provides CPD events which are tailored to the requirements of individuals and organisations. The number of events provided by NANAMIC this year has been small, as many free events, often run by NANAMIC trustees, have been provided by the Education and Training Foundation.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	In planning our activities at our trustee meetings, we have kept in mind the Charity Commission's guidance on public benefit.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Because of the Covid-19 Pandemic, we were unable to hold a conference in 2020-21. We had planned a joint one with the Mathematical Association, but this had to be cancelled. However, we hosted a webinar about an alternative GCSE Mathematics curriculum proposed by Mathematics in Education and Industry (MEI).</p> <p>Throughout this period, we continued to respond to appropriate consultations as individuals, as an association or as members of the Meeting of Mathematical Subject Associations or the Joint Mathematical Council.</p>
