## Section D

## Achievements and performance

Summary of the main achievements of the charity during the year

### 1. INTERNATIONAL EMERGENCIES OR DISASTERS

- The Eastern Part of Libya was struck by a disastrous flood on 11th September 2023. Derna city suffered the most, a third of the city was submerged under tidal currents of the Mediterranean sea within a few hours at night. Nearly 30,000 lost their lives and nearly a third of the city had disappeared from the face of the earth.
- Sameera Foundation raised funds to help the Derna community through our partner, Libyan Helping Hands, who selected 110 deserving victim families of Derna. The [110 Washing Machines and electric heaters](#) were purchased at the cost of 55,000,000 LYD from our donation and [distributed to Derna hurricane and storm affected peoples](#) during November 2024.

The **Palestinian Community** of Swansea was allowed to raise funds under the supervision of Sameera Foundation for the displaced people of Gaza in need. We used it for providing basic necessities of the displaced families.

**Al-Walidayn Islamic Centre, Bangladesh** was also allowed to collect collections under the banner of Sameera Foundation from the City Mosque and Sketty Mosque. We raised £5,000 and it was sent to Bangladesh for the construction of the stated Islamic Centre.

**Settled** among the green mountains of Pakistan's north, and with a river flowing serenely through its centre, Bishnoi was, until recently, a beautiful village. But it had rained heavily on the morning of Friday, 15 August, and when the villagers woke early and went off to work, they were unaware of how swiftly things were about to change. Sameera Foundation raised funds to provide food and blankets to the flood affected community. The education grants will be provided to the school children of flood affected areas during next academic session.

**Sameera Foundation** arranged a distribution of **110 ration packets, 40 bags of flour**, along with **bedding, clothes, and shoes**, to families affected by the recent floods in **Mianwal Village, Tehsil and District Chiniot, Pakistan**. The Educational Grants will be given to the flood affected students.

**Gaza** is a living HELL on the face of the earth and the whole world knows it. The residents are living in temporary tents and forced to move daily from one locality to another. The **Sameera Foundation** completed 134 humanitarian sessions in Gaza, delivering food, clothing, medicine, water, blankets, tents, nappies, baby milk, cash aid, and [#hope](#). The details of our work can be seen at [www.facebook.com/sameerafoundation](http://www.facebook.com/sameerafoundation)

### 2. EDUCATION

Construction of Boundary Walls of GBHS, Shamsabad

During the heavy torrential rain and wind storm the two walls of the school were completely demolished (collapsed) in July 2024. There are 400 students in this school and mostly come from poor families. The Headmaster requested to the Education Deptt., politicians and local residents but no one came to their rescue. The demolished walls exposed the small children to many sort of dangers. The Headmaster appealed to the Sameera Foundation and we constructed both the walls to create a safe ambient for the school children. The local community appreciated the contribution of Sameera Foundation for the construction of two walls totalling 350 ft.
