**Annual Financial Audit – English Springer Spaniel Welfare
Charity 1154632**

I have completed an audit of the charities accounts for January 2024 – December 2024, by checking invoices and receipts against bank statements, accounting statements and VAT records.

All records agree to each other and no discrepancies have been found. The Charity Commission website confirms that accounts have been filed on time and that Trustees match those on the Charities website.

I have no matters to raise.

Kind regards

Trustees' Annual Report 2022 (covering our financial year 1.1.22 to 31.12.22)

List of trustees during the period covered by the report

Liz Walton (Chair of Trustees), Tony Ward (Treasurer), Matthew Jenkins, Thomas Kelly, Grigorios Papazafiriou, Suweyda Abdule, Zena Bentley and Richard Vokes.

Grigorios Papazafiriou resigned in July 2022 as he moved to Greece.

Public Benefit Statement

We confirm that as trustees we have had regard to the Charity Commission's general guidance on public benefit and that we ensure the activities undertaken by All Our Children are in line with our charitable objects and aims. There were no serious incidents in 2022.

Objectives and Activities

In 2022 we were able to resume our normal sponsorship activities as Ugandan schools, colleges and universities gradually reopened after the pandemic. During the visit in May 2022 by Liz Walton (chair of trustees) and Zena Bentley (trustee with responsibility for support to Source of Light Primary School), we conducted a thorough monitoring exercise with our partner in Kabale, Tushabomwe Patrick, and contributed to our school partnership programme on teaching, learning and behaviour management. We also visited Source of Light Primary School where we observed lessons and provided guidance on the school's development plan. At this school we do not sponsor students but provide funds for school buildings, teaching resources and contributions to teachers' salaries.

Achievements and Performance of All Our Children in 2022:

Sponsorships

In the academic year 2022 we sponsored 41 students (27 boys and 14 girls): 17 in primary schools, 14 in secondary schools, 5 on vocational courses in colleges and 5 on degree courses at university. For the first time in the history of All Our Children, all but three of the primary and secondary school students were boarders. Most parents prefer their children to board because they receive three meals a day, have supervised study periods early morning and evening, and are not subject to

harassment while walking to school, a particular danger for girls. It is fortunate that we now generate enough income, both through sponsorship of named individuals and through regular general donations, to cover the increased costs for us of boarding. We also send our sponsored children to a limited number of schools in Kabale where we know the senior staff and some of the teachers and feel confident in the quality of the education and welfare provided for the students.

A generous sponsor who runs an IT company in London has donated money to help a young lecturer (a former AOC sponsored student) set up a centre offering access to laptops and IT skills training to college and university students. This is now up and running. During our visit in May, he organised a session to encourage AOC students to use this facility which is free to them.

Another generous sponsor is gradually building up a substantial sum of money with us to pay the university fees for a young student to study medicine over a five year period. During 2022 the student volunteered to offer medical support for any of our sponsored children who became ill and led sessions on dental hygiene and teeth cleaning.

School Partnerships

Despite the very serious consequences of the pandemic for Ugandan schools, including permanent school closures and the loss of many teachers who found other sources of income and did not return, the Community of Practice project in Kabale survived and is flourishing. Liz Walton and Zena Bentley made the usual contribution from All Our Children, observing lessons and running feedback sessions with the aim of helping teachers implement active teaching and learning skills and encouraging behaviour management practices which avoid corporal punishment. (A detailed monitoring of the impact of this project was conducted in 2023 with many positive outcomes identified.)

Financial statement

A separate report from our treasurer is included with this report.

Liz Walton (Chair of Trustees)

8.10.2023

Finance Report for calendar year 2022

	Income	Expenditure	
Bank Balance at start of year	£34,178.42	£497.23	CAF charges
Payroll Giving via CAF	£1,200.00	£196.84	UK Website costs
Donations via CAF	£37,764.00	£17,500.00	To Uganda Jan 22
Gift Aid collected via CAF	£7,235.32	£14,000.00	To Uganda Apr 22
Bequest	£35,000.00	£1,500.00	To Uganda May 22

The above table is a summary of the accounts of the charity for the calendar year 2022, this is a copy of the first sheet of the excel spreadsheet **2022 Accounts**. Further details of this income and expenditure are given on subsequent sheets and I will refer to them in this report.

Total donations for this year were a record (which will probably not be repeated) of £98,514.85 and while spending was also up to £53,694.07 this meant that the balance at the bank increased from £34,178.42 in January to £78,999.20 at the end of December. Obviously our financial position improved but, as I will explain, this will probably not be true of every year. The details of this income and expenditure are on the sheet **Bank Account Records** which records the transactions through our account with the Co-operative Bank.

Income

The core of our income has always been donations collected by the Charities Aid Foundation (CAF) either payroll giving or donations which accrue gift aid, so the first three items in the Income column above totalling £46,199.32. (The details of our donations and the range of donors can be seen on the sheet **CAF Donations**.) This figure is in line with our usual expectations – the year before we had just over £41,000 from these sources. We also had just over £3000 from other donations given directly rather than through CAF and again this is in line with our usual expectations.

The real increase in our income this year, up from around £52,000 in 2021 to over £98,000 in 2022, is accounted for by the other two items above. Donations of £14,000 from a company Incendiary Blue, which is owned by Mark Edgington the husband of one of our original sponsors. Mark hopes to continue this generosity but it is dependent on the position of the business, it is an IT company. Mark has also advised us how best to help students in Uganda with IT. The other item is a bequest of £35,000 which came to us this year and obviously this is a one off which will probably not be repeated.

So, to sum up, our income this year has gone up greatly but we can expect it to revert in future years to around £50,000.

Expenditure

Our total expenditure is £53,694.07 and almost all of this is sent to Uganda. Indeed, apart from the fees paid to CAF for collecting the Gift Aid and costs associated with running our website everything is transferred to Uganda, nearly £53,000 in 2022. This year was when Uganda, like most places, was starting to come out of covid restrictions and so it is probably not useful to consider the increase in expenditure over the previous years. If you took out the ‘extra’ income I commented on above our income and expenditure would be about equal. I will look at the expenditure in Uganda separately below.

Spending in Uganda

The sheet **Spending in Uganda** gives an overview of where our money goes to in Uganda.

The **Ug Balance** column gives the balance at any one time in the bank account in Kampala – we keep a small amount here should emergencies arise. We transfer money from the UK to this account using the money transfer company TorFX , from there the money is distributed to a variety of projects. Central to the distribution of this money is Gertrude Atukunda who has been working with the charity since its inception however all substantial spending is negotiated and approved by the trustees of the charity in the UK.

The exchange rate varies but on average during this year £1 = 4,600 Ugandan shillings (UGx) so that the tranches of pounds sent over become alarmingly large numbers in UGx. The overall total for 2022 was over 240 million UGx distributed among four spending streams and I will comment on these.

NGO Costs 1,519,718 UGx About £330

We had to help Gertrude to set up an NGO in Uganda so that we could have a dedicated bank there. We now have an account which is administered by this NGO. We expect this cost to be less in the future as the NGO is now set up.

Gertrude Spending 18,309,624 UGx, 7.5% of total spending about £3980.

Gertrude pays partial fees for thirteen students (see the list in the sheet **Ugandan Students**) and we also pay her expenses for administrative purposes and when she travels to Kabale to help review the help given to the students there.

Kabale 142,859,700 UGx, 59% of total spending about £31,056.

Kabale, a town in Western Uganda, is where we first began sponsoring students' and where our heaviest spending occurs. We help a range of students with school fees and expenses associated with their education and welfare, as well as some smaller projects. The **Ugandan Students** sheet gives a breakdown of the spending in the first term, there are similar spreadsheets for the other terms. The money is transferred to The Shepherd Centre, a charity set up to help street children and they supervise the paying of fees or buying of items for the students. We pay the Shepherd Centre 2,600,000 UGx (about £560) a term for this service. The spending of this money is monitored carefully primarily by our Chair Liz Walton who goes to Kabale with Gertrude every year around Easter time and interviews all the students. We are satisfied that the money is correctly distributed.

Source of Light SoL 80,000,000 UGx, 33% of total spending about £17,391

This is a project to build a school in a very poor part of Uganda. One of our trustees, Zena Bentley, oversees this, agrees and monitors the spending.
