## **OBJECTIVES AND ACTIVITIES**

The objective of the charitable company is 'the advancement of Korean language education in England for the children of Korean origin or descent and to support and advance the awareness of Korean culture in England'.

In preparing these financial statements the trustees have had regard to the Charity Commission's guidance on public benefit

## **ACHIEVEMENTS AND PERFORMANCE**

The Foundation continued to hire out venue space and rent out accommodation in the year to December 2022. The charity also managed to generate income from £1,095.34 donations from individual and institutional donors. Grants were honoured to institutions specialising in Korean Education and individual scholars studying the Korean language. In the year to December 2022 such grants totalling £23,640 were paid (2021: £6,620).

Especially in 2022, we have selected and supported 22 schools (supporting each school with £1,000) throughout the UK to continue their support for the education of the Korean language, which they severely struggled to re-open after the pandemic for the past three years. In addition to our school support program, we have carried out 1 mentoring and networking event for developing future leaders.

## **FINANCIAL REVIEW**

As we were unable to carry out our events at the pre-pandemic level, our donation income was largely affected. Also, we have reshaped our committee after the pandemic which caused some time delay for fund-raising events organising. Despite the reduced income, the foundation should not face any financial challenges in the coming 12 months. Fund-raising events are due to run at full capacity again in the second half of 2023.

## **PLANS FOR FUTURE PERIODS**

During 2023, the Foundation will seek to continue to fulfil its objectives in creative ways that will assist in the advancement of the Korean language and culture in England. The foundation is working towards continuously hosting student-focused events such as career and leadership workshops, and fund-raising events.

1. Individual Donations: Reach out to individual donors who share your foundation's values and mission. We have created an on-website donation platform, social media outreach, via program PR and sharing information of supporting groups and direct mail campaigns to reach potential donors.

2. Corporate Sponsorships: Reach out to local businesses and corporations to seek sponsorship for our foundation. This could involve offering recognition through marketing materials, social media, or events, in exchange for financial support.

3. Grant Writing: Write grant proposals to seek funding from private and public foundations, corporations, and government agencies. We are to research potential funding sources carefully and tailor our proposals to their specific requirements.

4. Special Events: Organize events such as charity auctions, galas, or concerts to raise funds for our foundation. We should also consider partnering with other organizations or businesses to expand our reach and increase participation.

**Korean Education Foundation**  
**Trustees Annual Report**

5.Planned Giving: Encourage donors to make planned gifts such as bequests, charitable trusts, or annuities. This can be an effective way to secure long-term funding for our foundation.

**STRUCTURE, GOVERNANCE AND MANAGEMENT**

The Foundation is a registered charity and a company limited by guarantee in England and Wales. The Foundation holds and regularly updates an internal governance policy but is governed overall by its Memorandum and Articles of Association. Any new trustee appointment must be recommended by 2 existing trustees, and the appointment must be approved by a 2/3 vote of all trustees.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Companies Act 2006. The Trustees are also responsible for safeguarding the assets of the charity and hence taking reasonable steps for the prevention and detection of fraud and other irregularities. The above report has been prepared in accordance with the provisions applicable to companies subject to the small companies regime as set out in Part 15 of the Companies Act 2006 and in accordance with the Charities SORP (FRS 102).

**Korean Education Foundation**  
**Independent Examiners Report**

**Independent Examiner's Report to the trustees of Korean Education Foundation**

I report to the charity trustees on my examination of the financial statements of Korean Education Foundation for the year ended 31 December 2022 which comprise the Statement of Financial Activities, the Summary Income and Expenditure Account, the Balance Sheet and the related notes.

**Responsibilities and basis of report**

As the trustees of the charity (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act.')

Having satisfied myself that the financial statements of the charity are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's financial statements as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

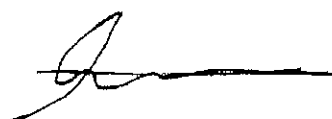

**Independent examiner's statement**

I have completed my examination. I can confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that:

- accounting records were not kept in accordance with section 386 of the 2006 Act ; or
- the financial statements do not accord with those records; or
- the financial statements do not comply with the accounting requirements under section 396 of the 2006 Act other than any requirement that the financial statements give a 'true and fair' view which is not a matter considered as part of an independent examination; or
- the financial statements have not been prepared in accordance with the Charities SORP (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

# 1 Accounting policies

## Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

## Change in basis of accounting or to previous accounts

There has been no change to the accounting policies (valuation rules and method of accounting) since last year and no changes have been made to accounts for previous years.

## Fund accounting

Unrestricted funds	These are available for use at the discretion of the trustees in furtherance of the general objects of the charity.
Designated funds	These are unrestricted funds earmarked by the trustees for particular purposes.
Revaluation funds	These are unrestricted funds which include a revaluation reserve representing the restatement of investment assets at their market values.
Restricted funds	These are available for use subject to restrictions imposed by the donor or through terms of an appeal.

## Income

Recognition of income	Income is included in the Statement of Financial Activities (SoFA) when the charity becomes entitled to, and virtually certain to receive, the income and the amount of the income can be measured with sufficient reliability.
Income with related expenditure	Where income has related expenditure the income and related expenditure is reported gross in the SoFA.
Donations and legacies	Voluntary income received by way of grants, donations and gifts is included in the SoFA when receivable and only when the Charity has unconditional entitlement to the income.
Tax reclaims on donations and gifts	Income from tax reclaims is included in the SoFA at the same time as the gift/donation to which it relates.
Donated services and facilities	These are only included in income (with an equivalent amount in expenditure) where the benefit to the Charity is reasonably quantifiable, measurable and material.
Volunteer help	The value of any volunteer help received is not included in the accounts.
Investment income	This is included in the accounts when receivable.
Gains/(losses) on revaluation of fixed assets	This includes any gain or loss resulting from revaluing investments to market value at the end of the year.
Gains/(losses) on investment assets	This includes any gain or loss on the sale of investments.

Notes to the Accounts

**Expenditure**

Recognition of expenditure	Expenditure is recognised on an accruals basis. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.
Expenditure on raising funds	These comprise the costs associated with attracting voluntary income, fundraising trading costs and investment management costs.
Expenditure on charitable activities	These comprise the costs incurred by the Charity in the delivery of its activities and services in the furtherance of its objects, including the making of grants and governance costs.
Grants payable	All grant expenditure is accounted for on an actual paid basis plus an accrual for grants that have been approved by the trustees at the end of the year but not yet paid.
Governance costs	These include those costs associated with meeting the constitutional and statutory requirements of the Charity, including any audit/independent examination fees, costs linked to the strategic management of the Charity, together with a share of other administration costs.
Other expenditure	These are support costs not allocated to a particular activity.

**Taxation**

The charity is exempt from corporation tax on its charitable activities.

**Freehold investment property**

Investment properties are measured initially at cost and subsequently at fair value at each balance sheet date and are not depreciated. All gains or losses are taken to the Statement of Financial Activities as they arise.

**Stocks**

Stock is included at the lower of cost or net realisable value. Donated items of stock are recognised at fair value which is the amount the charity would have been willing to pay for the items on the open market.

**Trade and other debtors**

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

**Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the statement of financial position, bank overdrafts are shown within borrowings or current liabilities. In the Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the company's cash management.

**Trade and other creditors**

Short term creditors are measured at the transaction price. Other creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

**Research and development**

Expenditure on research and development is written off in the year in which it is incurred.

**Foreign currencies**

Monetary assets and liabilities denominated in currencies other than the functional currency of the charity are translated at the rates of exchange prevailing at the end of the reporting period.

Transactions in currencies other than the functional currency of the charity are recorded at the rate of exchange on the date that the transaction occurred.

All exchange differences are taken into account in arriving at net income/expenditure.

**Leased assets**

Where the charity enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease.

Leases which do not transfer substantially all the risks and rewards of ownership to charity are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the charity at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet date as a finance lease obligation. Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the charity's policy on borrowing costs.

Assets held under finance leases are depreciated in the same way as owned assets.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

**Pension costs**

The charity operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payments obligations. The contributions are recognised as expenses when they fall due. Amounts not paid are shown in accruals in the balance sheet. The assets of the plan are held separately from the company in independently administered funds.

**Receipt of donated goods, facilities and services**

All donated goods, facilities and services received are recognised within incoming resources and expenditure at an estimate of the value to the charity.

**2 Company status**

The company is a private company limited by guarantee and consequently does not have share capital.
