Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To advance the understanding of the general public in the Buddhist religion by:-

- providing opportunities for them to spend time with experienced and ordained representatives from the Thai Forest Tradition Monastic Sangha
- to provide pilgrimages to significant world Buddhist sites for anyone interested in Buddhism, accompanied by experienced guides and teachers
- to support the work of the Buddhist monk Luangpoh Sudhiro

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

<p>who has been ordained for over 30 years in the Thai forest tradition to teach and host pilgrimages</p> <ul style="list-style-type: none">· to provide information to the general public in relation to the Buddhist religion
<p>The charity has a number of regular donors who give money to support the work of Theravadin Thai Forest tradition monk Chaowaphit Sudhiro (Luangpoh).</p> <p>The charity also invites Luangpoh to the UK and provides transport and accommodation for him during his stay. He tries to visit everyone that invites him and he spends time at various places including Buddhist temples around the country.</p> <p>The BMS hoped his next visit would be in the summer of 2022 but due to continuing Covid-19 restrictions and the slow response to re-opening borders and processing visa applications, we have had to defer this until 2023.</p> <p>It also arranges annual pilgrimages to provide an opportunity for people to experience living simply as the monks do and the money raised from these also contributes to the charity's objectives.</p>

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Luangpoh has a close relationship with Mahamakut Buddhist University Isan Campus (MBUISC) in Khon Kaen NE Thailand where the Vice Director Phra Ajahn Sakorn is also a monk and he has arranged for representatives of the charity to help there.

So far 3 of the BMS members have volunteered as a native English speaker to offer opportunities for conversation to the students and to help with learning the language.

Due to the risks and restrictions involved with Covid-19, it was not possible to travel to Thailand in 2021.

However, the BMS will continue to provide free help with English teaching and members of the charity booked to return to Thailand when the borders reopened in January 2022.

During the pandemic, the BMS has also provided online help with students' English, providing face to face conversation via social networking sites and remote essay and homework correction and help. This will also continue in the future.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The involvement of the BMS charity at the university and the interest in Buddhism of western visitors encourages students to value their national religion and there has been an increase in students ordaining as monastics to study. This is especially true of Mae Chee (nuns).

This is continuing to contribute to the improvement of English spoken by the monks and nuns, allowing them to participate in 'Monk Chat' sessions at their temples when speaking to foreign visitors.

The charity is providing help over and above the obvious financial purpose it serves and we are warmly welcomed as well as the volunteers getting a sense of personal satisfaction through the aid.

Luangpoh has continued to sponsor students with our donations, both ordained and lay at Mahamakut Buddhist University Khon Kaen, offering some less privileged young people to be educated at a higher level than they might otherwise have been able.

The donations have also been used to support the establishment and ongoing development of two monasteries.

The first is in Baan Sammuang called the 'Buddha Metta Project' which has 2 Thai style houses where visitors are able to stay and experience the traditional life of Buddhism in Thailand.

The second is in Phu Kaat, a village about 30 minutes away from Luangpoh's main temple Wat Pah Kanjanabhisek. This second temple has been given the name Wat Makhut Vimutti Giri and it is Luangpoh's intention that this will provide a safe space for students from MBUIISC to visit and practice together. There have been a great deal of developments at this temple over the last 12 months and new buildings built to support the growing community of nuns.

The charity donations continue to provide school socks for all the children at the primary school in Baan Sammuang.

Since the Sangharaja of Laos passed away, Luangpoh has been raising money to build a 'chediya' (stupa) in his honour at his birthplace in Ubon Ratchathani. Some of the BMS donations have been directed there too. It is hoped that the chediya will attract visitors from different neighbouring countries as Luangpoh would like to have information on the inside in various ASEAN languages and Ubon is on the border with Laos and Cambodia.

Due to the pandemic the BMS was unable to arrange a pilgrimage in 2021 but the charity will continue to offer experience of living in this way once the borders reopen and international travel returns to normal.

It is the BMS charity's hope that travellers who experience this simple life, gain a clearer perspective on life in general. And it doesn't matter whether you are religious or not, everyone is welcome.

To date, everyone has returned to their country valuing what they have far more than when they left.

But most importantly, there are some who realise they have too much and gained an understanding how much they do actually need to achieve happiness and contentment.

Section E

Financial review

Brief statement of the charity's policy on reserves

We will continue to try and invite Luangpoh on an annual basis and arrange a pilgrimage around the UK during his visit.

However, with the continuing Covid-19 pandemic, we were unable to do this in 2021, so all of the donations made to the charity were forwarded to Thailand in the usual way to support his work.

We are hopeful that Luangpoh will now visit the UK in 2023. If this is possible, his transport, accommodation and food will be financed by his supporters in the UK.

To support this, we may reserve some of the money from regular donations and January pilgrimages to finance his flights from Thailand to the UK and back. However, if he does not come for whatever reason, all the money raised by the charity will continue to be forwarded to support his work in Thailand.

The only exception to this will be an amount set aside to pay for an independent examination as the charity's income is now close to the limit after which an examination is required.

All remaining donations will be forwarded to continue to support the causes in Thailand.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The charity's principle source of funds is via individual donations made. Some of these are regular donors, some donate to support particular causes arising through the charity and some are due to events held by the charity.

Two members of the charity have started to host a weekend retreat at Hill Cottage in Wales and donations made are forwarded to support Luangpoh.

The BMS will continue to offer advice and support in travelling to Thailand and spending time at a monastery, living in a simple and often monastic-style way. It is also possible for people to ordain, either temporarily or long-term and through these kind of events, people often feel it right to donate.

STATEMENT OF COMMUNITY ACCOUNT

Year Ending December 31st 2021

The BMS would like to thank everyone who has donated this year through the charity towards the work of Luangpor Chaowaphit Sudhiro. Your kind donations continue to provide many benefits to people and communities and to the teaching of Dhamma both here in the UK and abroad.

The charity began receiving donations into the Barclays Community account in May 2013 until the present date and has raised : **£203,542.29**
This Income & Expenditure statement details the totals of donations made to the charity in months up to 31st December 2021 along with the dates and amounts of the account balance transferred via International Money Transfer to the Siam Commercial Bank Thailand in the name of Phra Chaowaphit Sudhiro to support the work of Luangpor (Phra Ajahn Chaowaphit Sudhiro).

Some of the donations are used to support special projects, e.g. the Buddha Metta Village at Baan Sammuang, the Chediya in Ubon for Luangpoo Maha Pong the late Sangharaja of Laos and the building of Wat Makhut Vimutti Giri. Over the past year, Buddha Metta Society members have continued to donate generously towards the 'Savika Fund' that was established to help support the Mae Chee community.

The Mae Chee community spend their time at Wat Pah Kanjanabhisek and Wat Makhut Vimutti Giri and is continuing to grow. In 2021 the community gained 4 young Mae Chees from poor backgrounds, who decided to become Mae Chees to help their families financially and who are benefiting from the kind generosity of the BMS and other donors who help support their living at the temples and the cost of their studies.

Everyone is welcome to donate either on a one off basis or through a regular standing order. Anyone making donations through the Buddha Metta Society charity are welcome to indicate where they wish their donations to go whether to a specific cause or to the general work and projects supported by Luangpor. All donations made for pilgrimages held in January each year are used to defray the costs incurred during the pilgrimage and to support Luangpor's work in general.

The charity has been granted gift aid status by the UK Inland Revenue, which means we are able to reclaim tax paid for donations made by tax payers who gift aid their donations. This means the BMS can claim another 25% of your donation from the UK Tax Office and will in time amount to a quite considerable sum, the first such claim was received in October 2014 and so far we have claimed : **£23,046.47**

If you don't currently 'Gift Aid' your donations and are a tax payer, please get in touch to find out how.

Donations towards Wat Buddha Metta

Due to the initial lack of funds and the start of the global pandemic at the beginning of 2020, plans to purchase a permanent temple in the UK were put on hold. However, the appeal for Wat Buddha Metta is still ongoing in the hope that once the disruptions caused by Covid-19 settles down, there may be the possibility to pursue it again.

It is worth noting that if this venture is progressed, it is outside the responsibility of the Buddha Metta Society.

The intention is for a separate entity to be formed to take ownership for establishing and developing Wat Buddha Metta.

In the interim, any donations received for Wat Buddha Metta will be kept in a separate account and will be transferred to the new entity when it is formed.

If plans to establish Wat Buddha Metta do not materialise, unless we receive alternative instructions from individual donors, the donations will go towards supporting Luangpor's other charitable work. The primary purpose of the Buddha Metta Society is to continue to support Luangpor's work in the Far East (Thailand, Laos, etc) and invite him here to the UK.

Independent Examiner's Report to the Trustees of Buddha Metta Society

Independent examiner's report to the trustees of Buddha Metta Society

I report on the accounts for the year ended 31 December 2021 set out in this report.

Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this period under section 144 of the Charities Act 2011 (the Charities Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act), and
- state whether particular matters have come to my attention.

Basis of independent examiner's statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

1. which gives me reasonable cause to believe that, in any material respect, the requirements:
 - to keep accounting records in accordance with section 130 of the Charities Act,
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of the Charities Acthave not been met: or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
