During this year, due the worldwide Covid-19 pandemic, the Trustees and GHCC volunteers have been unable to travel to Cambodia, this has meant less income from donations. The Trustees have run fundraising campaigns to help make up for this shortfall. GHCC has been closed by government order, or only been able to offer limited programmes throughout the year and local families have been financially affected by the lack of tourism and by floods but have been supported by the Charity and GHCC throughout.</p>

Financial Review

<p>Review of the charity's financial position at the end of the period</p>	<p>Para 1.21</p>	<p>At the year end, the Charity had net resources of £40,563, a decrease of £3,854 over the prior year. Total receipts decreased by £4,434.</p>
<p>Statement explaining the policy for holding reserves stating why they are held</p>	<p>Para 1.22</p>	<p>The Charity's Reserves have been so designated because the Trustees believe the holding of Reserves to be in the best interests of the Charity. They recognise that the Charity may at times require funds in reserve to address issues arising as a result of: contingencies; cash flow; commitments; and, if necessary, closure.</p> <p><u>Contingencies</u> Contingencies are unpredictable events that were they to occur could result in a negative financial impact on the Charity. Contingencies may include large variations in income, or emergencies in respect of which the Charity is required to increase expenses compared to expectations. Contingencies may in extreme cases threaten the long-term viability of the Charity; the Trustees thus maintain Reserves to accommodate unpredictable events that may result in increased costs and/or expenses being incurred.</p> <p><u>Cashflow</u> Cash flow relates to the timing of receipts and payments. Where there is a significant mismatch in the occurrence of receipts and payments, the Charity may face difficulties in continuing to pursue its charitable activities as planned and/or meet other obligations. The Trustees recognise that the Charity has little scope to borrow funds to bridge any gaps between the timing of income and expenditure and thus maintain Reserves to accommodate a short-term imbalance between receipts of</p>

		<p>donations and or grants and expenses incurred in pursuit of charitable activities.</p> <p><u>Commitments</u> Commitments include both those activities that the Trustees consider ‘must be done’ and ‘would be nice to do.’ The Trustees acknowledge that for reasons such as a lack of expected funding the Charity may not be able to carry out all those activities it wishes to undertake, and accordingly the Trustees maintain Reserves to accommodate commitments that if avoided would be to the detriment of the Charity and its objectives.</p> <p><u>Closure</u> Closure of the Charity would arise if in the opinion of the Trustees the Charity had reached the end of its useful life; for example, due to non-viability as a result of a lack of adequate funding. The Trustees seek to manage the Charity in a sustainable way; accordingly, the Trustees maintain Reserves that they reasonably expect would allow the Charity to continue in operation whilst the Trustees complete their obligations as part of a closure of the Charity.</p>
