### **Main activities undertaken to further the Charity's purposes for the public benefit**

Cancer United, founded in 2012, is a unique cancer support charity serving the local community with an integrated support service for those impacted by cancer. Our primary focus is on providing "help at a critical moment" to aid individuals in rebuilding their lives following a cancer diagnosis. We cater to a diverse range of cancer patients, including those in deprived areas of West Sussex.

Our daily activities encompass a wide range of services, including cancer-specific exercise, sports, physical activities, and music and singing sessions, all fostering social recreation. Our specialised 'CU Fitter' gym, the first of its kind in the UK, offers a safe space for cancer patients to engage in individual or group exercises. We cater to patients at all stages of cancer, including those with terminal illnesses, empowering them to stay active and enhance their well-being.

Additionally, we offer various outdoor activities such as cycling, walking football, Nordic Walking, and striding, providing alternative ways for patients to stay physically active and engaged.

Our unique choir, OUTSINGCANCER, brings together 45 members who rehearse regularly and perform publicly, bringing joy to the local community and instilling confidence in our choir members.

Currently, we have 480 CUFITTER service users, and our aim is to continue expanding our reach and support to provide a holistic and impactful service to individuals and families affected by cancer in our community.

### **Achievements and performance**

#### **a. Main achievements of the Charity**

Cancer United has achieved several significant milestones since its inception in 2012.

We had never had the resources available to launch CU ON THE WARD until last year when everything changed. CU ON THE WARD is a cancer specific exercise programme for inpatients – specifically for haematology in-patients who access it via Youtube links made available to them via Ipads

### Financial review

The charity held total reserves of 79,615 (2022: £105,983), of which 22,466 (2022: £30,271) were held as fixed assets and £782 (2022: £1,837) were held as Restricted funds. As a result, the charity held free reserves of 56,367 (2022: £73,875). Total unrestricted reserves held at the year end were £78,833 (2022: £104,146).

#### a. Going concern

After making appropriate enquiries, the Trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

#### b. Reserves policy

The Board of Trustees are responsible for approving the finance strategy, risk management and reserves policies. Free reserves are that part of the charity's unrestricted funds that are freely available to spend on any of the charity's purposes. Cancer United maintains free unrestricted reserves:

- to provide a level of working capital that protects the continuity of our core work
- to provide a level of funding for unexpected opportunities
- to provide cover for risks such as unforeseen expenditure or unanticipated loss of income.

The Board of Trustees will review the above criteria with reference to Cancer United's strategy and Annual Plan and determine the target level of free reserves to meet these.

The Board of Trustees will at times agree to designate funds from free reserves for significant project costs or replacement of major assets.

Restricted funds are monies set aside for a particular purpose as a result of designated giving. They are permanently restricted to that purpose and cannot be used for day to day expenses or the running costs of the charity

## DETAILED STATEMENT OF FINANCIAL ACTIVITIES

For the year ended 31 January 2023

(Supplementary pages for the information of the Trustees only)

### NOTE 1 – ACCOUNTING POLICIES

#### CHARITY STATUS

Cancer United is a private charitable company limited by guarantee, incorporated in England and Wales, and consequently does not have share capital. Each of the Trustees is liable to contribute an amount not exceeding £1 towards the assets of the charity in the event of liquidation. Further details of its company and charity registration are given on page 3.

#### BASIS OF ACCOUNTING

The financial statements have been prepared in accordance with applicable law and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (second edition, effective 1 January 2019) - (Charities SORP (FRS 102)), and with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006. The financial statements are presented in sterling and figures are rounded to the nearest £.

The charity meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

#### GOING CONCERN

The Trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity.

The trustees have a reasonable expectation that the charity will continue in operational existence for the foreseeable future. The financial statements have therefore been prepared on a going concern basis.

#### EXEMPTION FROM PREPARING A CASH FLOW STATEMENT

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

#### INCOME AND ENOWMENTS

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the items of income have been met, it is probable that the income will be received, and the amount can be measured reliably.

#### DONATIONS AND LEGACIES

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

#### GRANTS RECEIVABLE

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

#### EXPENDITURE

All expenditure is recognised once there is legal or constructive obligation to that expenditure, it is probably settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the proportion of the asset's use. Other support costs are allocated based on the spread of staff costs.

#### RAISING FUNDS

These are costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds.

## DETAILED STATEMENT OF FINANCIAL ACTIVITIES

For the year ended 31 January 2023

(Supplementary pages for the information of the Trustees only)

---

### CHARITABLE ACTIVITIES

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

### SUPPORT COSTS

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, for example, allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

### GOVERNANCE COSTS

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees' meetings and reimbursed expenses.

### TAXATION

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

### FIXED ASSETS AND DEPRECIATION

Assets costing £100 or more are initially recognised at costs where they are purchased or a fair value at the time of transfer in respect of assets where they are donated. The fair value of such assets is treated as a deemed cost. Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost, less estimated residual value, of each asset over its expected useful life, as follows: -

- |                                 |                 |
|---------------------------------|-----------------|
| A) Improvements to property     | - over 10 years |
| B) Motor Vehicles               | - over 5 years  |
| C) Computer and other equipment | - over 2 years  |
| D) Plant and machinery          | - over 4 years  |

### TRADE DEBTORS

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

### CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise cash on hand and call deposits, and other short term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

### FUNDS

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure, which meets these criteria, is charged to the fund.

Unrestricted funds are donations and other income received or generated and are expendable at the discretion of the Trustees in furtherance of the charity's objectives. Designated funds are unrestricted funds earmarked by the Trustees.

### FINANCIAL INSTRUMENTS

#### *Classification*

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exemption of bank loans which are subsequently measured at amortised cost using the effective interest method.
