Trustee's Report (continued)

Financial review

The charity's source of income is donations received from the community and rental income. Total receipts on ordinary unrestricted funds for the year were £ 82,379 (2020- £99,392)

The charity is grateful for the considerable number of volunteers that assist with its activities

Risk management

The trustees have assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the project , and are satisfied that systems are in place to mitigate our exposure to major risks.

Reserves policy

The Reserve Fund represents unrestricted funds. The Trustees aim to maintain sufficient reserves so as to give flexibility to cover temporary timing differences for donations received, adequate working capital for core costs and which allow them to respond quickly to the needs of the Charity.

COVID 19 IMPACT

As with many organisations, we have been following Government Guidance since March 16th 2020 to minimise the risk to the public, our staff, volunteers and members. The impact on revenue was significant due to the risks and social distancing rules. Revenue from collection boxes were hit particularly hard since the public did not had opportunity to visit retail shops the boxes exist.

Going Concern

Although the disruption caused by Coronavirus and lower expected income, Trustee's are satisfied that the charity will be able to continue its activities possibly at lower scale..There should also be no impact on charities reserve policy.

The report was approved by the Trustees on 27 January 2022 and signed on their behalf by Safdar Hussain
