ACHIEVEMENT AND PERFORMANCE

Review of activities and achievements

Social Square (UK) was founded in response to local need with the aim of "Giving more to those who have less!" We step in and help when there is no one else to turn to, maintaining the dignity and respect of recipients and putting a smile on their faces.

We are pleased to present our annual report, describing another year in which we once again eased the lives of over 170 socially and economically disadvantaged families. We achieved this by creating and running the following projects:

- Essentials for Less: We liaised with a range of vendors selling food and daily essentials, who provided year-round discounts to struggling families, saving them significant sums on their weekly shopping. We continuously evaluate beneficiary need and remove families attaining self-sufficiency, referring new families as necessary.

- Discounted Clothing: Twice last year, at the change of seasons, we partnered with local shops to provide discounts on clothing and essentials. Recipients saved a combined total of over £30,000 during the year. Feedback was overwhelmingly positive: the project allowed families to shop with self-respect as well as giving their children the excitement of new clothing, not shabby used stuff in poor condition. This remains one of our most popular projects and we were able to include over 600 children last year - more than ever.

- Household Necessities: We continued to support people in diverse ways. We sourced funds from generous charities and local open-handed benefactors. We used the funds thus generated to provide multi-faceted help to poor and otherwise disadvantaged families. Benefits included paying families' food bills in addition to dispensing grocery staples to over 50 families, as well as providing appliances and furniture to families in need.

- Emergency Hardships: We aim to combat debt before it grows. However, crises can hit everybody and this is where we step in. We paid rent for a family in need to keep the roof over their head with their dignity intact; we helped with debt repayments; and we provided education and support; as well as other assistance.

- Medical Grants: When a family is hit with a medical emergency, their world feels upside down. Our NEW Medical Grant eased the strain and helped tide families over medical hurdles, which in turn enabled better coping mechanisms.

- Help for Widows & Orphans: We cannot bring fathers/ breadwinners back, but we continued sourcing donations from friends of bereaved families as well as local philanthropists to help ease the plight of widows and their children in a dignified way. Unfortunately, the number of widows and orphans we helped have increased.

- Covid-19 Relief: As Covid-19 struck our shores, wreaking havoc on many lives, no-one was spared, whether emotionally, physically, financially or in all 3 ways. With businesses suddenly shut, during the first lockdown and no way of earning money, many families floundered. Unfortunately, more people knocked at our doors. We networked with existing benefactors and new donors, who were eager to help out. We successfully provided emergency assistance as needed, including, but not limited to, providing food, paying bills etc., even emotional support to over 20 young people.

- Training: Young adults are our future. Those coming from disadvantaged families have limited opportunities for training and employment. We wish to change that. A grant from Ford Britain enabled us to purchase laptops and launch our NEW project, providing training to young people in a variety of different computer courses, leading to recognised Certificates at completion, which will in turn lead to better employment opportunities.

Our approach is discreet and confidential. We know it can be extremely uncomfortable for disadvantaged people to request assistance and so, we always make sure our users retain their self-respect and dignity, despite their difficult circumstances.

Our strategy is to target local need. We aim to fill a special niche in the community both with the range of people we help and with our diverse and unique projects. Our objective is to fill gaps in provision.

**REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 AUGUST 2021**

We constantly evaluate the success of our projects, and heartily welcome feedback, suggestions and even criticism to improve outcomes and ensure our input is effective.

The trustees are delighted with the success of this seventh year; our goal is to help more people in the year ahead. We plan to redouble Social Square (UK)'s fundraising efforts to enable us to help even more potential beneficiaries, primarily within our existing projects, while nimbly pivoting to meet emergent needs.

In the current economic climate, we anticipate more and more requests for help. Future plans include, but are not limited to, expanding training and employment opportunities, breakfast club and more.

We are grateful to our faithful, generous and loyal funders for being our partners in enabling Social Square (UK) to support our disadvantaged beneficiaries to access a better quality of life for themselves and their families.
