### Report for 2021 - 2022

As in other years, this small charity has achieved a great deal with low-cost materials that have a very big impact on children with disabilities in Nigeria

During the year 16 special schools, where Blind, Deaf and wheelchair-users children attend were supported with educational materials, white canes, braille slates and wheelchairs.

Thanks to generous support of donors through monthly giving and fundraising, children with disabilities are being empowered to have their places in society

Focus on Disability Foundation vision remains with trying to alleviate the lives of Blind, Deaf and wheelchair-users children who have otherwise little hope
