- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

None

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

To provide medical equipment to hospitals in Africa and train healthcare professionals for the benefit of the locals.

We expanded our mission and vision this year which are still in line with our governing document

Our Mission

To improve access to healthcare and health education in SubSaharan Africa.

Our Vision

To eliminate the disparity in healthcare in Sub-Saharan Africa and the developed world

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

All events and activities carried out this year were in association with our constitution and the guidance issued by the charities commission.

No fundraising events were carried out this year.

Following our restructure in 2018, we contacted a variety of hospitals in Nigeria to help start work on developing guidelines till November 2018. In November 2018, we made contact with a primary healthcare center in Kuje, Abuja, Nigeria. They were very receptive and we proceeded to begin groundwork. Meetings were held with key players in the Federal Ministry of Health (FMOH) in Nigeria in the non communicable diseases sector to help tailor our guidelines to local and national needs.

We completed our pilot project at Kuje Primary Healthcare Center in March, 2020. Two members of the team visited the primary health center and provided training on the hypertension guideline.

We also obtained ethical approval and carried out survey of both staff and patients to understand the needs of the community and lay groundwork for our future work to improve access to primary health care within Kuje.

We met with the FMOH in Abuja, Nigeria regarding rolling out the hypertension project within Nigeria.

We attempted registration of the Charity within Nigeria to allow ease of work for future projects- however, due to the COVID pandemic, we were unable to complete this registration.

Work was halted for the latter half of 2020 due to the COVID pandemic.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

We visited the primary healthcare center in Nigeria and delivered the training on managing a raised blood pressure

Following ethical approval, we carried out surveys of staff and patients to identify key issues regarding access to primary healthcare, thereby laying down the foundation for our future work with Kuje.

Section E Financial review

Brief statement of the charity's policy on reserves

n/a

Details of any funds materially in deficit

n/a

Further financial review details (Optional information)
