The Pinching Family Trust

Notes forming part of the financial statements For the period ended 5 April 2025

1 Accounting Policies

(a) Basis of Preparation

The financial statements are presented in pounds sterling and are rounded to the nearest pound. The charity constitutes a public benefit entity as defined by FRS 102. The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

(b) Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Investment income and gains are allocated to the appropriate fund.

(c) Incoming resources

All incoming resources are included in the SOFA when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. For legacies, entitlement is the earlier of the charity being notified of an impending distribution or the legacy being received.

Gifts in kind donated for distribution are included at valuation and recognized as income when they are distributed to the projects. Gifts donated for distribution are included as income when they are sold. Donated facilities are included at the value to the charity where this can be quantified and a third party is bearing the cost. No amounts are included in the financial statements for services donated by volunteers.

Grants, including grants for the purchases of fixed assets, are recognized in full on the SOFA in the year in which they are receivable.

(d) Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with use of the resource.

Fund-raising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of the charitable activities. Support costs are those costs incurred directly in support of expenditure on the objects of the charity and include project management carried out at headquarters. Management and administration costs are those incurred in connection with administration of the charity and compliance with constitutional and statutory requirements.

(e) Investments

Investments are recognized at cost less impairment where they represent shares in entities that are not publicly traded and the fair value cannot otherwise be measured reliably.

Investments in entities that are publicly traded are recognized at the open market valuation.

(f) Going Concern

The financial statements have been prepared on a going concern basis as the Trustees believe that no material uncertainties exist. The Trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorizing these financial statements.

The Pinching Family Trust

**Notes forming part of the financial statements
For the period ended 5 April 2025**

The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.

(g) Debtors receivable within one year

Debtors receivable within one year are recorded at transaction price. Any losses arising from impairment are recognized in expenditure.

The Pinching Family Trust

Notes forming part of the financial statements For the period ended 5 April 2023

1 Accounting Policies

(a) Basis of Preparation

The financial statements are presented in pounds sterling and are rounded to the nearest pound. The charity constitutes a public benefit entity as defined by FRS 102. The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

(b) Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Investment income and gains are allocated to the appropriate fund.

(c) Incoming resources

All incoming resources are included in the SOFA when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. For legacies, entitlement is the earlier of the charity being notified of an impending distribution or the legacy being received.

Gifts in kind donated for distribution are included at valuation and recognized as income when they are distributed to the projects. Gifts donated for distribution are included as income when they are sold. Donated facilities are included at the value to the charity where this can be quantified and a third party is bearing the cost. No amounts are included in the financial statements for services donated by volunteers.

Grants, including grants for the purchases of fixed assets, are recognized in full on the SOFA in the year in which they are receivable.

(d) Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with use of the resource.

Fund-raising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of the charitable activities. Support costs are those costs incurred directly in support of expenditure on the objects of the charity and include project management carried out at headquarters. Management and administration costs are those incurred in connection with administration of the charity and compliance with constitutional and statutory requirements.

(e) Investments

Investments are recognized at cost less impairment where they represent shares in entities that are not publicly traded and the fair value cannot otherwise be measured reliably.

Investments in entities that are publicly traded are recognized at the open market valuation.

(f) Going Concern

The financial statements have been prepared on a going concern basis as the Trustees believe that no material uncertainties exist. The Trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorizing these financial statements.

The Pinching Family Trust

**Notes forming part of the financial statements
For the period ended 5 April 2023**

The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.

(g) Debtors receivable within one year
