FROM THE CHAIR

Thank you for taking the time to read Team Verrico's Annual Report. Team Verrico is an entirely volunteer charity, no one who gives their time to help run the organisation and deliver support to our applicants is paid. This is an important part of our ethos; it allows us to ensure that all the money we raise can go to helping people and supporting vital research. So, I want to begin by saying an enormous thank you to my fellow Trustees and all the other volunteers who enable Team Verrico to continue in our shared mission to support families who are facing very difficult times because of cancer

Over the last 12 months Team Verrico has provided a wide range of practical, medical and emotional support to over 100 families dealing with cancer. You can find more information about the support we have provided in this Report. We have remained true to our mission; to provide flexible and practical support to those who need it. We listen carefully to what our applicants are asking for and shape our support to meet their needs. If you, or someone you know, might benefit from our support please get in touch.

Of course, in order to keep helping families, we need to keep raising money. I am incredibly grateful to all the individuals and groups who have raised money for us in the last year, not least our founder Paul who completed his 10 Marathons in 10 Months raising over £50,000 in the process. I've subjected you all to a photo of me and Paul at the end of Welsh Marathon in - I am sorry!

Thank you for reading our Report and, as ever, please contact us if you would like to get involved and support Team Verrico.

Nicholas Cranfield - Chair of Team Verrico

WHAT WE DO WITH YOUR MONEY

It is vital that we use as much of your donations as possible to pursue the key objectives of Team Verrico. By not taking any salaries and minimising administrative costs, we seek to ensure that as much money raised goes towards great causes.

Research

We receive a number of requests for research grants and assess them as a Trustee team to consider their merits, as well as whether they fit within the objectives of the charity. We have benefited from long-term relationships with a range of innovative research organisations. This year we were able to continue to provide further funding to aid research into leading cancer treatments with a research grant of over £25,130

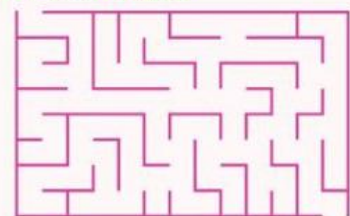

Please keep an eye on our social media streams to find out about the latest projects that are underway.

Support

The charity regularly receives requests for support through its website, social media outlets, or through recommendations and word-of-mouth. The requests for support evidence the impact that cancer can have on families, and how your support can make a massive difference:

- **Practical** - requests for cleaners, food packages, as well as assistance with travel and childcare costs whilst undergoing cancer treatment;
- **Medical** - arranging for second opinions and consultations for those diagnosed with cancer; and
- **Emotional** - we provide a counselling service for those diagnosed with cancer, and family members who may also be affected.

Team Verrico

Counselling Service

In addition to the above, we have help with the provision of hotel stays to support hospital visits, reflexology and physiotherapy sessions, support equipment and other assistance such as clothing, bedding and gardening.

Never EVER Give Up

SENIOR TEAM

Team Verrico is entirely reliant on volunteers to run the charity. We have a group of Trustees and many, many volunteers. Team Verrico's 'Senior Team' is made up of those Trustees and a small number of our many volunteers who hold formal positions.

The current Senior Team includes:

Trustees:

- **Nicholas Cranfield** - Trustee and Chair
- **Jackie McHale** - Trustee and Treasurer
- **Philip Crosbie** - Trustee and Secretary
- **Emily Christelow** - Trustee and Head of Fundraising
- **Paul Verrico** - Trustee and Head of Research

As well as the small group of Trustees, the charity is supported by a wealth of volunteer talent, including formal positions:

- **Jackie Steele** - Head of Counselling
- **Claire Skeet** - Head of Finance
- **Cheryl Moorhouse** - Events
- **Jason Mountier** - JJ-Solutions (IT and Website)

If you would like to assist the charity in any way possible, please get in touch using the details at the end of this report.

We would love to hear from you.

WHAT WE DO WITH YOUR MONEY

It is vital that we use as much of your donations as possible to pursue the key objectives of Team Verrico. By not taking any salaries and minimising administrative costs, we seek to ensure that as much money raised goes towards great causes.

Research

We receive a number of requests for research grants and assess them as a Trustee team to consider their merits, as well as whether they fit within the objectives of the charity. We have benefited from long-term relationships with a range of innovative research organisations. This year we were able to award research grants amounting to £5,000.

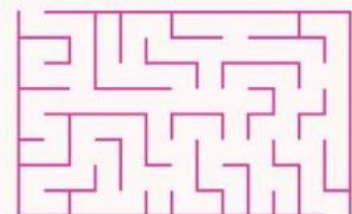

Please keep an eye on our social media streams to find out about the latest projects that are underway.

Support

The charity regularly receives requests for support through its website, social media outlets, or through recommendations and word-of-mouth. The requests for support evidence the impact that cancer can have on families, and how your support can make a massive difference:

- **Practical** - requests for cleaners, food packages, as well as assistance with travel and childcare costs whilst undergoing cancer treatment;
- **Medical** - arranging for second opinions and consultations for those diagnosed with cancer; and
- **Emotional** - we provide a counselling service for those diagnosed with cancer, and family members who may also be affected.

FROM OUR CHAIR

Like everyone Team Verrico has spent the last year or so operating in a world overshadowed and occasionally dominated by Coronavirus. This report looks back to a period before the pandemic and our response as Coronavirus began to make an impact on our lives in 2021.

In many ways, thanks to our wonderful supporters and fundraisers, the fundamental mission of Team Verrico continued unchanged through the 2020/2021 financial year. We raised over £125k and used these funds to support over 100 applicants facing really difficult times as a result of cancer. We also continued to provide funding to Professor Claire Lewis and her team at the University of Sheffield to develop new and better treatments for cancer.

The support we provide to applicants remains incredibly varied. We continue with our approach of looking to applicants to understand what support will be most effective in helping them. I believe that this open-minded, flexible and responsive approach enables Team Verrico to make the biggest impact with the funds we receive. In relative terms often quite small sums of money can make an enormous difference to people who are facing real difficulty - for example help with childcare or transport arrangements. For cancer applicants we can provide hope with access to second opinions and treatment options which would otherwise be out of reach.

An aspect of the work that Team Verrico does which has become more pronounced as a result of Coronavirus is the simple act of reaching out to people dealing with cancer. I was incredibly proud of the way we responded to the emergence of the pandemic last year - rapidly stepping up to

provide personal care packs and meals to people who were forced to isolate and shield. The impact of this support goes far beyond the practical. It reminds people that they are not alone and provides hope that, however dark the night, the sun will rise again.

I'm going to end, as I always do, with a thank you to all our volunteers. No-one at Team Verrico gets paid for the time and effort they give. The Trustees and I are incredibly grateful to everyone who helps us to do what we do. Many challenges lie ahead but we can and will face, and overcome, them together.

CORPORATE ALLIANCES

We have the privilege of working with a number of organisations that help us achieve our objectives. These alliances have become even more important as the country has endured the Covid-19 pandemic. We wish to say a massive 'thank you' to all of them.

We would like to recognize the successful partnership with Forterra who have made a huge contribution to our goals and our visibility with those we might be able to help.

Over the last year, these organisations have included:

Advent of Change

We were proud to be included in the charities supported by Advent of Change, a non-profit organisation creating products that are sold to benefit a range of charities.

National Lottery Community Fund and The Pink Ribbon Foundation

We were proud to be supported by these two organisations following successful funding applications.

The Co-Op, Epworth

Given the links between the charity and Epworth, we were delighted to be supported by the Co-Op Epworth again. Those visiting Epworth may have even had the chance to purchase a Team Verrico cake.

Eversheds Sutherland

An ever-present support for Team Verrico, Eversheds Sutherland provided support for Team Verrico events as well as having a plethora of fundraisers within its mix.

Play Avenue

We were chosen as the supported charity by Play Avenue in Messingham.

Tape2Tape Events

Our strong links to running remained as we were supported by Tape2Tape events who allowed us to be part of all of their excellent events.

The corporate support and partnerships outlined above have enabled us to continue our fundraising work even in current times. We would like to thank everyone who played a role.

As the pandemic struck in early 2020 we were greatly helped by other organisations in reaching out to those who needed it most.

BAPP Industrial Supplies, Scunthorpe

Our corporate partners at BAPP donated anti-bacterial gel for our Team Verrico personal care packs. With further donations of other essential items we were able to distribute the packs to those who needed them most.

The Pantry 8020

The team at the Pantry donated healthy packed meals which we were able to share with cancer patients in the local area.

Over the last year to distribute 1514 personal care packs / meals / worry dolls and 296 weekly food support packages.
