Sandmartins Activity Club

Trustees' Annual Report *(continued)*

Year ended 31 August 2023

Objectives and activities *(continued)*

Sandmartins Activity Club is a childcare facility originally operating as an Unincorporated organisation on a non-profit making basis. Sandmartins changed to a CIO and became a Charity registered with the Charity Commissioners on 6th August 2014.

The main activities undertaken for the public benefit are to provide a stimulating and nurturing environment for the children attending the facility as well as developing their skills and abilities which is vitally important to the working parents/carers. Sandmartins also contributes to the general well being of specific sections of the public in delivering care and educational services to children, which also benefits their families.

The services provided by Sandmartins also has a public benefit as it is seen to assist the wider community of Sandford Dorset, and the surrounding area. This ensures the older children have a safe venue in which they can relax and spend time with friends, rather than hang out in public places which can often cause social tension and petty crime.

The Trustees of Sandmartins have full regard to the guidance issued by the Charity Commission on public benefit and are able to comply with the requirements and conditions of the Statutory Declaration

Achievements and performance

The start of the new financial year on 1st September 2022 coincides with the start of the sixth year in our new building known as Peppermint House. Although the facility is well established with a good number of children attending on a regular basis, the effect of the Coronavirus Pandemic from March 2020 to March 2021 has had a lasting impact on the Club's operation. The Club being affected by two of the three National Lockdowns. The facility continues to have a good reputation at the school it serves namely Sandford St Martins Primary School, as well as the wider community. The current Cost of Living Crisis is the latest challenge the Club has had to face. The Club staffing team have been extremely supportive during these challenging times for the Club, and now has a settled team. Please see the Trustee Report for 2021 for further information regarding the effects of the Pandemic on the Club's operations including the Furlough scheme.

Please see the Trustee Report for 2021 for further information regarding the effects of the Pandemic on the Club's operations including the Furlough scheme. The Club's insurance continues to be provided by Zurich and the policy was renewed on 7th September 2022. The accounts for the year ending 31/8/2022 have been prepared by our Accountants MKL and our return to the Charity Commission has been completed. Although the Pandemic is well behind us the effects are still present with more opportunities for parents/carers to be able to work from home resulting in a reduced for childcare, The current Cost of Living crisis which started last year compounded by the world events as a result of the Ukraine conflict which is on going now into its second year. All of these have had an impact on our parents/carers financial circumstances.

Sandmartins Activity Club

Trustees' Annual Report *(continued)*

Year ended 31 August 2023

Achievements and performance *(continued)*

What is clear we face new challenges especially financial as our cost base will remain constant but our income could suffer depending on the wider situation as outlined above. The position regarding our Lease remains unchanged from last year. In last year's report our concern relates to the break clause, which would make us liable for a year's rent of £6000 in the event we had to terminate the lease. Therefore it is in our best interests in view of the uncertainties surrounding Sandmartins' future to continue under the umbrella of the Tenancy at Will which is still the case. When we eventually hear from Dorset Council this will be our recommendation to them based on the present situation. As with the uncertainties that Sandmartins now faces with the current Cost of Living crisis it is not in our interests to commit to a lease with a restrictive break clause. Whether Dorset Council will be flexible remains to be seen we eventually hear from them

Unfortunately due to difficulty in establishing sufficient interest the decision has been made again this year to cancel the AGM for Sandmartins. Further to last years submission to Garfield Weston Foundation when we received a payment of £5000 in July 2022 we have now submitted our annual report to them to satisfy their requirements. We are now eligible to submit another application for funding but as at the time of preparing this Trustee Report we have not done so. Although this option is still available to us when we feel the time is right to seek their support again. However there is guarantee that they will assist us again. It is important to mention that we continue to live through unprecedented times with the Cost of Living crisis following the Pandemic, that all the staff have remained loyal and supportive. It is everyone's wish at Sandmartins that we continue to support the local community with the services we have provided for the last twenty nine years.

Adam Dolman has been removed as at 24th January 2024 this should have been done at the end of the financial year ending 31st August 2023. Also Steve Whitehead has been added as a Trustee with effect from the date the DBS was completed 3rd April 2023. We are also on notice that Lucie Baraclough wishes to stand down following the signing of this year's Trustee Report. This will be actioned once we have new Log in details to the new My Charity Account. Also Lisa Law Min will be removed as she is an inactive Trustee When speaking to the Charity Commission they checked our rules and under section 12.3 it states we must have a minimum of 3 Trustees with a maximum of 12

Financial review

Sandmartins changed to CIO status on 6th August 2014.

The Accountants, MKL Accountants of Swanage have now prepared the seventh year's accounts for the financial year ending 31st August 2022. The CIO continues to be viable on its normal day to day activities of providing childcare. The current pandemic and lockdown has created an uncertain future for Sandmartins and it is possible reserves may need to be used to support the operation. Fundraising is kept in separate accounts.

The trustees' annual report was approved on 15 September 2023 and signed on behalf of the board of trustees by:

Sandmartins Activity Club

Independent Examiner's Report to the Trustees of Sandmartins Activity Club

Year ended 31 August 2023

I report to the trustees on my examination of the financial statements of Sandmartins Activity Club ('the charity') for the year ended 31 August 2023.

Responsibilities and basis of report

As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Sandmartins Activity Club

Notes to the Financial Statements

Year ended 31 August 2023

1. General information

The charity is a public benefit entity and a registered charity in England and Wales and is unincorporated. The address of the principal office is Sandford St Martins Primary School, Sandford, Wareham, BH20 7BN, Dorset.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act 2011.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

The accounts are prepared on a going concern basis but there is uncertainty due to Covid 19 issues as referred to in the Trustees Report.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

Sandmartins Activity Club

Notes to the Financial Statements *(continued)*

Year ended 31 August 2023

3. Accounting policies *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Sandmartins Activity Club

Notes to the Financial Statements *(continued)*

Year ended 31 August 2023

3. Accounting policies *(continued)*

Tangible assets *(continued)*

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Plant and machinery	-	25% reducing balance
Fixtures and fittings	-	25% reducing balance
Equipment	-	25% reducing balance

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the charity are assigned to those units.

Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the charity will comply with the conditions attaching to them and the grants will be received.

Where the grant does not impose specified future performance-related conditions on the recipient, it is recognised in income when the grant proceeds are received or receivable. Where the grant does impose specified future performance-related conditions on the recipient, it is recognised in income only when the performance-related conditions have been met. Where grants received are prior to satisfying the revenue recognition criteria, they are recognised as a liability.

Sandmartins Activity Club

Notes to the Financial Statements *(continued)*

Year ended 31 August 2023

3. Accounting policies *(continued)*

Financial instruments

A financial asset or a financial liability is recognised only when the charity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Where investments in shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the statement of financial activities, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
