

TRUSTEES ANUAL REPORT 1st October 2020 to 30th September 2021

1158281/GUGU CENTRE CC:01200397

GUGU Centre's charitable purpose was to carry out events that are beneficial to the public.

CIO's OBJECTIVE:

To advance Christian religion for the benefit of the public

GUGU Centre's Vision:

Our vision is to see that lost Christians are redirected back to the right track. And that they are not only blindly accepting a faith, but are open-eyed and open-minded in the choice of route they take. Once that self motivation and realization begins we believe churches' activities would be better appreciated by the wider community.

In order to bring our objectives and vision into view, we agreed that we would continue promoting the sale of the book TIME, in which the centre is based and in addition, we decided to hold an unusual charity event, in order to make our charity more noticeable as there are so many charities and different events held throughout the year.

Events

There was no event during the year because of accommodation issues.
