Global One 2015

Report of the trustees for the year ended 31 March 2024

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2024. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102 - effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The principal objectives of Global One 2015, as stated in the Memorandum and Articles of Association, are as follows:

- (a) The prevention or relief of poverty worldwide by providing natural and economic resources and services to individuals in need and/or charities, or other organisations working to prevent or relieve poverty.
- (b) The prevention or relief of poverty anywhere in the world through undertaking and supporting research into factors which contribute to poverty and the most appropriate ways to mitigate these.
- (c) The promotion of sustainable development for the benefit of the public on a global scale.
- (d) The advancement of health through the promotion of health, and prevention or relief of sickness, disease or human suffering.

Global One 2015 has developed a unique model aiming to advance innovative sustainable solutions that are faith inspired and improve the livelihoods and wellbeing of all women. We are proud to be a women-led forward thinking organisation dedicated to developing a world where women of all beliefs are empowered to make their own choices and transform their communities, inspired by an understanding of faith and cultural perspectives.

The trustees confirm that they have referred to the Charity Commission guidance on public benefit and are satisfied that the charity's activities, grants and plans accord with this guidance.

ACHIEVEMENT AND PERFORMANCE

This year has shown how valued we are within the humanitarian sector as our partner organisations have entrusted us to implement more interventions for them in Africa and Asia.

We have secured registration of our offices in Ethiopia and Somalia.

Our policy and advocacy work on the global stage is being recognised resulting in more work on conferences and events aligned with our core themes.

Global One 2015

PROJECTS FOR PERIOD 2023-24

Our thematic areas focus on **Livelihoods, Agriculture, Global Health and WASH** [water, sanitation and hygiene]. However education and emergency response projects has had an increasing role in our work this past year.

Rohingya Health Post

We continue to provide life-saving support to the Rohingya refugees in the refugee camps in Cox's Bazaar. Global One 2015 worked with larger numbers this past year with approx. 10000 patients each month from our health post in the Rohingya camp, with a full array of professional staff. Our ambulance continues to be a lifeline for the patients, particularly pregnant women.

Orphans Sponsorship Project

Our Orphan project supported many orphans in Nigeria, Sri Lanka, Kenya and Bangladesh, by providing services according to their individual needs including school uniforms, food disbursements, medicine and educational fees.

Ramadan and Qurbani Distribution

These seasonal projects take place during the Islamic month of Ramadan and on the festival of Eid ulAdha. We provided food packs for beneficiaries according to the funds received by donors; as well as conducting the qurbani [religious slaughtering of animals] for our donors.

WASH Hygiene Kit Distribution and Food aid

We have supported many beneficiaries during this period with the provision of wells, shelters, blankets, food and hygiene kits through our country offices. We also delivered both hot meals and with food supplies during Ramadan through our own community fundraising as well as with donor organisations support. Hundreds of wells have been installed including solar powered wells and large community water facilities. This has really changed the lives of our beneficiaries, especially women as they are able to focus on education, family and paid work instead of wasting hours each day on fetching water, worrying about safety and security or becoming ill due to unsafe water.

Institutional policy and advocacy events

We have focussed on the nexus between women, faith and climate change which culminated in a conference of 50 women and male allies at Wilton Park [an FCDO residential centre in the UK] with the support of Doha International Centre for Interfaith Dialogue. We were on the organising committee of the Global Muslim Business Forum which took place in Malaysia where we ensured a focus on women entrepreneurs and the importance of interfaith dialogue.

We also curated a number UN side events at various UN events including for the ANCSSC. GO is the secretariat of the ANCSSC and we aim to enable the voices of the Global South to be amplified in discussions around the UN Sustainable development goals.

FINANCIAL REVIEW

For this financial year, the charitable company has shown a net surplus of £577 (2023: a net surplus of £12,634). This was primarily due to the increase in core funding.

Global One 2015 continues to exercise tight budgetary control over resources expended. During the year the charity has incurred direct expenditure in fulfilling the contracts to deliver the essential support and services to beneficiaries as well as support costs incurred to support the charitable projects.

At the current year end funds of £76,749 were available to the charity compared to £76,172 from the preceding period. The trustees would like its total reserves to remain at approximately two months of its total overheads to ensure that the staff and operations are properly protected. The trustees expect the charity to have adequate resources in the foreseeable future and the accounts have been drawn up on a going concern basis.

Global One 2015

Report of the trustees for the year ended 31 March 2024

FUTURE PLANS

- (a) Global One 2015 will continue to contribute to advocacy, research and policy work on climate change, the empowerment of women, and the achievement of the UN Sustainable Development Goals.
- (b) We have strengthened our country offices through capacity building as the main support for the global south communities are based in these countries in Asia and Africa. This will enable more effective delivery of services and support the human development of all staff.
- (c) We will continue to learn from our experiences in the humanitarian and civil society space and support our staff to continue developing sustainable programmes of excellence which are able to feed into policy and support further research programmes.

STRUCTURE, GOVERNANCE AND MANAGEMENT

- (a) The organisation is a UK registered charity with the Charities Commission and its governing document is its memorandum and articles of association. It originally incorporated on 4 February 2011 and began the process of registering as a charity at that time. Registration with the Charity Commission was obtained on 21 August 2014
- (b) The methods adopted for the recruitment and appointment of new trustees are by invitation of the Board.
- (c) The procedures adopted for the induction and training of trustees – we have an induction pack and programme for new trustees
- (d) The organisational structure places overall responsibility of the charity upon the Board which delegates decision making responsibilities for day to day management to the Chief Executive and senior management team.
- (e) The charity works internationally with registered country offices in Bangladesh, Kenya, Nigeria, Sri Lanka, Somalia and Ethiopia.
- (f) The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error. The organisation has in place a risk assessment policy, whistle blowing policy and anti-fraud, and theft and corruption policy. We also ensure that all external audit reports are placed before the Board of Directors for their perusal.

Global One 2015 has a **risk management strategy** which comprises:

- An annual review of the risks our various projects face
- The establishment of budget review systems and procedures to mitigate those risks identified within an initial project proposal
- To ensure further mitigation we are planning to develop an organisation risk register that will allow us to monitor and manage risks on a quarterly basis.

This work has identified risks for which better emergency procedures and contingency plans had to be established. Being a small NGO risk management starts at employment. We hire staff who demonstrate strong skill sets, knowledge or competencies necessary to manage security appropriately. Staff are encouraged to undergo project management training and our collaborative partnerships with other NGOs ensure training in effectiveness.

17. RELATED PARTY DISCLOSURES

There were no related party transactions this year and the previous year

18. GOING CONCERN

In common with a number of charities of similar size, the charity is dependent on contract income from a number of other charities.

The Trustees are of the opinion that the accounts should be drawn up on a going concern basis because they anticipate that, in the normal course of events, adequate funding will become available to allow the charity to continue to operate and to meet its commitments in full. In making this statement, the Trustees have considered:

- (a) Cash flow projections for a period spanning twelve months from the date on which the accounts were approved;
- (b) The measures implemented to significantly reduce operating costs;
- (c) The likelihood of the charity being able to renegotiate existing and to secure new contracts; and or agreements reached with a number of creditors either to defer repayments or to make settlements by instalments.

The Trustees, however, acknowledge that these matters are inherently uncertain and in the event of the charity failing to renegotiate existing contracts or fail to secure new contracts or a loan for repayment, difficulties could result which would necessitate revision of the Trustees plans.
