AGM 24th July 2025

CHAIR'S REPORT for the year 2024-25

Our mission remains:

CARING FOR OUR LANDSCAPE AND GEOLOGICAL HERITAGE

Oxfordshire Geology Trust (formerly the Oxfordshire RIGS Group) was founded in 2000. OGT is a non-profit making organisation with two primary objectives:

1. To protect and conserve geological sites and our landscape:

Working with landowners we protect locally important sites through surveying and then designating them as Local Geology Sites (formerly known as RIGS - Regionally Important Geological and Geomorphological Sites), which can then be protected through the planning process. OGT has designated over 60 sites within the county.

2. To raise awareness of the county's rich and varied Earth Heritage and geology:

The only way that sites can be protected is if people believe that they are worth protecting. OGT oversees a series of projects and undertakes events at raising awareness both within local communities and in partnership with other organisations of the geo- importance of these sites.

The Geology Trusts is a national umbrella organization for Geo-conservation and Earth Heritage, providing a forum in which its members share ideas, develop best practice and organize inter-county projects and collaborative work with other conservation organisations.

OGT has:

- Continued to maintain its links with organisations, including other GT's, Geo-conservation UK, Natural England, the Geologists' Association, and within the County with OCC (Library Service and Primary Schools), TVERC, BBOWT, Friends of the Lye Valley (FoLV), the Woodeaton Liaison Group and the Lower Windrush Valley Project (LWVP), plus working with the County and District councils on geo-conservation enquiries related to planning applications and Viridor (Ardley).
- Remains committed to support and deliver an outreach programme compatible with Primary School KS2 and Home-Schooling programmes in Oxfordshire.
- OGT, via Exec Member Andrew Bayliss (County Library Service) has been instrumental in successfully arranging 'Fabulous Fossil' sessions and temporary displays in libraries.
- OGT attended the GA's Festival of Geology at Burlington House, London in November 2024.
- Presented a display at Abingdon Museum in March (part of the Atom Festival) and will participate in events at Wallingford Museum.
- The Chair offers his sincere thanks to Mr Brian Smith (for reviewing our accounts), and the OGT Executive in supporting and organising events during the past year, and to all OGT members and supporters who have attended our events.
- Successfully introduced a series of monthly talks (GeOX) in association with the OUMNH (commenced Feb 2025) held in the Westwood Room at the Museum. Many thanks to Duncan Murdock and OUMNH staff for staffing and facilitating these events with OGT's Nina Morgan.
- Congratulations to committee member Nigel Banks for the publication of two papers on local geology in the Proceedings of the Geologist's Association, and Nina Morgan for the Witney Radio science and natural history interviews (listen on www.wrfm.co.uk/on-air/podcasts/science-on-the-radio/).

Events indicated in red to be confirmed and reported on at the AGM in 2026.

OXFORDSHIRE GEOLOGY TRUST

AGM July 2025

TREASURER'S REPORT for the financial year 2024-25

Balance sheet

The end-year balance totals £13,487 compared to £14,217 the previous year.

Income and expenditure account

Our financial ledger, invoices and statements for the year have been independently checked by Dr Wilbur Venus, whose help is gratefully acknowledged.

Our income of £615 included a donation of £100 for Shipton-under-Wychwood Fair and also donations totalling £131 from the GeOx talks.

Expenditure was £1,345, including £792 for rent of a storeroom and £296 for insurance costs.
Expenditure exceeded income by £730.

Both income and expenditure were more or less in line with last year's projections.

Projected cash flow 2025-2026

Both OGT income and expenditure (based on ongoing commitments for rental, insurances, etc.) are likely to be similar to this years, again resulting in a budget shortfall.

If this anticipated budget shortfall comes from our accumulated existing funds, it will leave an end-year bank balance of around £12,757.

T.L.Jenkins
OGT Treasurer

- Remains committed to support and deliver an outreach programme compatible with Primary School KS2 and Home-Schooling programmes in Oxfordshire.
- OGT, via Exec Member Andrew Bayliss (County Library Service) has been instrumental in successfully arranging 'Fabulous Fossil' sessions and temporary displays in libraries.
- OGT attended the Wychwood Forest Fair in July and participated in the GA's Festival of Geology at University College, London in November 2023.
- Presented a display at Abingdon Museum in March (part of the Atom Festival), and will participate in events at Wallingford, Faringdon and Milton-under-Wychwood.
- The Chair offers his sincere thanks to Mr Brian Smith (for reviewing our accounts), and the OGT Executive in supporting and organising events during the past year, and to all OGT members and supporters who have attended our events.

- We are working with OUMNH in Oxford to arrange a series (monthly during the winter) of geo-talks to be held at the Museum.

OXFORDSHIRE GEOLOGY TRUST

AGM July 2024

TREASURER'S REPORT
for the financial year 2023-24

Balance sheet

The end-year balance totals £14,217 compared to £14,570 the previous year.

Income and expenditure account

Our financial ledger, invoices and statements for the year have been independently checked by Mr Brian Smith, whose help is gratefully acknowledged.

Our income of £922 included a Shell Community Kindness Grant of £440 and £362 from the sale of trail guides.

Expenditure was £1,275, including £792 for rent of a storeroom and £296 for insurance costs. Expenditure exceeded income by £353.

Projected cash flow 2024-2025

OGT income next year may be less than £600, whilst expenditure is likely to be more than £1,200. If the anticipated budget shortfall comes from our accumulated existing funds, it will leave an end-year bank balance of around £13,500.

AGM July 2023

TREASURER'S REPORT for the financial year 2022-23

Balance sheet

The end-year balance totals £14,570 compared to £15,210 the previous year.

Income and expenditure account

Our financial ledger, invoices and statements for the year have been independently checked by Mr Brian Smith, whose help is gratefully acknowledged.

We received no project grants during the year and our income of £560 came mainly from the sale of trail guides (£460) and events (£100).

Expenditure was £1,200, including £818 for rent of a storeroom and £296 for insurance costs. Expenditure exceeded income by £640.

Projected cash flow 2023-2024

OGT income next year may be less than £600, whilst expenditure is likely to remain around £1,200. If the anticipated budget shortfall comes from our accumulated existing funds, it could leave an end-year total bank balance of under £14,000.

CHAIR'S REPORT for the year 2020-1

Our mission remains:

CARING FOR OUR LANDSCAPE AND GEOLOGICAL HERITAGE

Oxfordshire Geology Trust (formerly the Oxfordshire RIGS Group) was founded in 2000. OGT is a non-profit making organisation with two primary objectives:

1. To protect and conserve geological sites and our landscape:

Working with landowners we protect locally important sites through surveying and then designating them as Local Geology Sites (formerly known as RIGS - Regionally Important Geological and Geomorphological Sites), which can then be protected through the planning process. OGT has designated over 60 sites within the county.

2. To raise awareness of the county's rich and varied Earth Heritage and geology:

The only way that sites can be protected is if people believe that they are worth protecting. OGT oversees a series of projects and undertakes events at raising awareness both within local communities and in partnership with other organisations, of the geo- importance of these sites.

The Geology Trusts is a national umbrella organization for Geo-conservation and Earth Heritage, and provides a forum in which its members share ideas, develop best practice and organize inter-county projects and collaborative work with other conservation organisations.

During the Covid-related restrictions and lockdowns of 2020-21, OGT suspended its public activities but

continued to maintain its links with organisations, including other GT's, Geo-conservation UK, Natural England and the Geologists' Association, and in county with OCC (Library Service and Primary Schools), TVERC, BBOWT, Friends of the Lye Valley (FoLV), and the Lower Windrush Valley Project (LWVP), plus working with the local district councils on geo-conservation enquiries related to planning applications.

The OGT committee remains committed to organising future events in accordance with government guidelines and is planning to resume activities in the latter part of 2021. The Chair offers his sincere thanks to the OGT Executive for their support, and along with the Executive offers our best wishes to all OGT members and supporters.

OXFORDSHIRE GEOLOGY TRUST

AGM July 2021

TREASURER'S REPORT for the financial year 2020-21

Balance sheet

The end-year balance totals £15,908, of which £13,331 is held in a current account, and £2,577 in a reserve (P1) account.

Income and expenditure account

Our financial ledger, invoices and statements for the year have been independently checked by Mr Brian Smith, whose help is gratefully acknowledged.

We received no project grants during the year and the only income was £90 from the sale of trail guides. Expenditure was £1,264, including £792 for rent of a store room and £285 for insurance costs. Expenditure exceeded income by £1,174.

Projected cash flow 2021-2022

With reduced activities due to Covid 19, OGT income may be less than £250, whilst expenditure is likely to remain around £1,250. If the anticipated budget shortfall comes from our accumulated existing funds, it could leave an end-year total bank balance of around £15,000.
