Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The Youth Project aims to reduce poverty and promote equality in the world through involving young people in social action.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Over the period of time relating to this report, our two active directors from the UK branch were living in South Africa, where we continued our humanitarian efforts to help local township communities. As a result, we did not carry out any projects or fundraisers in the UK. The other international TYP branches continued work as expected.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	We have had regard for this.

	SORP reference	
Policy on grant making	Para 1.38	N/A

Policy on social investment including program related investment	Para 1.38	We only invest in our own projects – we make sure that 100% of all funds are used directly on the project. Our work involves investing both money and time into our projects. Often, time is spent helping various young people achieve their goals and develop skills. In the past, we have invested in projects run by our team in India and in the young participants that we recruited to be part of the EU-funded social entrepreneurship seminar in 2019.
Contribution made by volunteers	Para 1.38	The Youth Project thrives entirely on volunteer participation. We have had around 1,600 volunteers involved from around the world, a few hundred of these having been from the UK. We do not have any paid employees.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>We feel we have made a difference in many key aspects –</p> <ol style="list-style-type: none"> 1) We have increased youth social action significantly. We have promoted the need to make a difference in the world amongst young people and pushed them to do more. We have even brought young people from different countries together to help them learn about each-other's cultures and differences. 2) We have made a direct impact to numerous lives through overseas projects like the sports ground and our schools and also domestic projects like homeless drives, which we have carried out through almost all of our different branches. 3) We have empowered several privileged youth in developed countries to fundraise towards a cause that they believe in and given them the resources to do so.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	We have a small amount of money in our account which we shall use to fund community projects such as homeless drives in various countries. We shall also invest some of this money into fundraisers in the future for some of our existing and new long-term overseas projects.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	No reserves are held.
Amount of reserves held	Para 1.22	£0.00
Reasons for holding zero reserves	Para 1.22	Our donations and funds that we acquire from fundraising must all be going directly to the cause of helping people or contributing towards fundraisers which in turn raise money for our projects which help people as this is the ethos of our charity. We make sure we have sufficient funds in the account at all times and do not attempt pulling off projects or fundraisers that are out of our budget's reach.
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	For the core activity of TYP to continue in the UK, we need to pass responsibilities onto new young people, either at school or university. This will give them a sense of ownership to maintain projects in the UK and work towards fundraisers for existing overseas projects and new initiatives close to their hearts. If this does not take place soon, the directors will no longer be considered young people and the purpose of the charity may start to become unclear.
