Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Taking into account the objects of the Charity and the Charity Commission guidance on public benefit the charity was unable to host its annual conference in 2021 due to the pandemic but managed to hold the conference again in summer 2022 (after the present return). The Charity has published provisions as accessible as possible to all who could benefit from the training and advice offered.

Summary of the main achievements of the charity during the year

We have continued to support research locally in different regions to therapists and counsellors with a view to developing a growing evidence base for counselling in prisons that is consistent with our charitable objects. We have sought to continue providing leadership in this field as well as in other publications and networks.

The Counselling in Prisons Network is a Partner Organisation in the World Health Organisation Partnership for health in the criminal justice system (<http://www.euro.who.int/prisons>). The platform is used as a tool for sharing publications, good practice guidelines, and other prison health related information.

## Financial review

Brief statement of the charity's policy on reserves

The charity continues to run without fixed outgoings staff or office premises or equipment and no significant reserves are held. Although a modest loss of £326.38 was made over this accounting period the historic surplus is still held in the Charity's current account which had a capital balance of £1,400.55 at 04-04-2021. If for whatever reason the balance appears likely to exceed £2000 for any significant length of time this decision will be reviewed.

You may choose to include additional information, where relevant about:
