## Financial Statements

Year ended 30 June 2025

---

### Trustees' Annual Report

The trustees present their report and the financial statements of Vision Togo Charity for the year ended 30 June 2025.

---

### 1. Charity Information

**Charity Name:** Vision Togo Charity

**Charity Registration Number:** 1159287

**Principal Office:** 152 Grosvenor Rd, Pimlico, London, SW1V 3JL

---

### 2. Trustees

James Goode (Chairman)

Gnayame Boassiba (Trustee)

---

### 3. Structure, Governance, and Management

#### Governing Document

Vision Togo Charity is governed by its Memorandum and Articles of Association. It was registered as a charity with the Charity Commission on 19 November 2014.

#### Appointment of Trustees

Trustees are appointed by ordinary resolution in line with the Articles of Association.

#### Organisation

The charity is administered by the board of trustees. The trustees oversee strategic direction and partnerships while programme activities are delivered through collaboration with local organisations and volunteers.

---

#### **4. Objectives and Activities**

The objectives of the charity are to provide relief to persons in need due to youth, age, ill health, disability, financial hardship, or other disadvantages, with a particular focus on West Africa and other emerging markets where the organisation has active partnerships.

The charity focuses on:

- (A) Increasing the provision of and access to health and education facilities.
- (B) Providing better agricultural inputs such as seeds and fertilisers and improving outputs such as storage facilities.
- (C) Encouraging training for entrepreneurial and other business activities.
- (D) Supporting online career development and professional training initiatives.
- (E) Developing software and technical skills training initiatives.
- (F) Partnership development and investigating inequalities in health and development outcomes in low and middle income countries.
- (G) Supporting community health initiatives and research and development.
- (H) Provision of sports equipment, sports training and sporting facilities.

---

#### **5. Achievements and Performance**

During the financial year Vision Togo Charity continued to expand its work using sport as a practical platform for community engagement and youth development.

The charity supported grassroots sports initiatives across several countries, with a particular emphasis on providing sports equipment and kit to community teams and youth programmes.

In Guyana Vision Togo worked with local partners to support youth rugby development through the provision of sports equipment and kit to community clubs and school programmes. These activities helped strengthen structured sporting activity and provided opportunities for young people to participate in organised sport.

Vision Togo also supported grassroots sporting initiatives in Nigeria. These initiatives focused on enabling community teams and youth groups to access equipment and

organise local sporting activity. Sport was used as a practical tool to encourage teamwork, discipline and participation within communities.

Alongside sport related initiatives the charity assisted with early development work with Koyo Health in Nigeria. This involved supporting the development of a community health initiative aimed at improving local access to basic health services and increasing awareness around preventative healthcare.

Across these initiatives Vision Togo continued to work through partnerships with local organisations to ensure programmes are grounded in local knowledge and respond to community needs.

---

## **6. Plans for Future Periods**

Looking ahead the charity intends to continue expanding its work at the intersection of sport, health and community development.

Future priorities include increasing the distribution of sports equipment and support for grassroots sporting initiatives in emerging markets, particularly in West Africa and the Caribbean.

Vision Togo also plans to support the development of community sports hubs where sporting activity can be linked to education, health awareness and youth mentorship.

The charity will continue to strengthen partnerships with local organisations including community health partners such as Koyo Health.

Vision Togo will also expand activity in regions where the organisation has existing relationships including West Africa, East Africa and the Amazon Shield region including Guyana and northern Brazil.

Sport will remain an important platform through which the organisation promotes health, participation, leadership and opportunity for young people in underserved communities.

## Trustees' Annual Report

The trustees present their report and the financial statements of Vision Togo Charity for the year ended 30 June 2024.

---

### 1. Charity Information:

- **Charity Name:** Vision Togo Charity
  - **Charity Registration Number:** 1159287
  - **Principal Office:** 152 Grosvenor Rd, Pimlico, London, SW1V 3JL
  - **Phone:** 020 7932 9470
  - **Chairman of the Board of Trustees:** James Goode
- 

### 2. Trustees:

- **James Goode** (Chairman)
- 

### 3. Structure, Governance, and Management

#### Governing Document:

Vision Togo Charity is governed by its Memorandum and Articles of Association. It was registered as a charity with the Charity Commission on 19 November 2014.

#### Appointment of Trustees:

Trustees are appointed by ordinary resolution in line with the Articles of Association.

#### Organisation:

The charity is administered by the board of trustees, meeting quarterly, with day-to-day operations overseen by a small team.

---

### 4. Objectives and Activities

The objectives of the charity are to provide relief to persons in need due to youth, age, ill health, disability, financial hardship, or other disadvantages, with a particular focus on Togo, West Africa.

The charity focuses on:

- (A) Increasing the provision of and access to health and education facilities.
  - (B) Providing better agricultural inputs, such as seeds and fertilisers, and outputs like storage facilities.
  - (C) Encouraging training for entrepreneurial and other business activities.
  - (D) Supporting online career development (CPD) for Togolese senior nurses and midwives.
  - (E) Developing software and technical skills training.
  - (F) Partnership development and investigating inequalities in reproductive and maternal health in low- and middle-income countries.
  - (G) Focusing on the health of agricultural workers and conducting research and development.
  
  - (H) Provision of sports equipment, sports training and sporting facilities
- 

## 5. Achievements and Performance

During the financial year, Vision Togo Charity raised a total income of **£36,524.39** through donations and grants. The funds were allocated to support our focus on healthcare with a particular focus on education in healthcare and physical education

We conducted extensive field research and data collection, which culminated in sporting events in Guyana and East Africa

---

## 6. Plans for Future Periods

Looking ahead, the charity will continue to prioritise healthcare and there will be an increased focus on entrepreneurial solutions in healthcare and agriculture through the establishment of hubs. Future initiatives will include expanding our research efforts, increasing engagement with communities, and developing new partnerships to promote best practices in agriculture and health. There will be an increased focus on sporting activities and promotion of health and entrepreneurship through sport. We will be adding the region of the Amazon Shield (Guyana and Brazil) to the regions that we focus on.

We are developing partnerships with infrastructure providers to increase available sports facilities in these regions.

  - (G) Focusing on the health of agricultural workers and conducting research and development.
- 

## **5. Achievements and Performance**

During the financial year, Vision Togo Charity raised a total income of **£63,970.90** through donations and grants. The funds were allocated to support our focus on agritech, healthcare for farm workers, physical health, improved living conditions, and research into farmer health and mechanisation.

We conducted extensive field research and data collection, which culminated in speaking engagements at various platforms, including Agritechnica in Germany, as well as events in Luxembourg and Kenya.

---

## **6. Plans for Future Periods**

Looking ahead, the charity will continue to prioritise agritech and the health of agricultural workers while enhancing their living conditions. There will be an increased focus on entrepreneurial solutions in healthcare and agriculture through the establishment of hubs. Future initiatives will include expanding our research efforts, increasing engagement with communities, and developing new partnerships to promote best practices in agriculture and health.

## **5. Achievements and Performance**

During the financial year, *Vision Togo Charity* raised a total income of **£32,074.77** through donations and grants. The funds were used to support research into educational initiatives, healthcare programmes, and support projects.

Notable achievements include research and development into inequities in maternal healthcare, particularly in childbirth and midwifery services.

---

## **6. Plans for Future Periods**

Looking ahead, the charity will continue to focus on expanding access to education and healthcare while providing ongoing support for agricultural projects. New initiatives will include furthering our work in online CPD for healthcare workers, advancing software development and technical training, addressing health disparities in reproductive and maternal health, and focusing on improving the health of agricultural workers through new research and development efforts.

- 

## **5. Achievements and Performance**

During the financial year, Vision Togo Charity raised a total income of **£15,516.53** through donations and grants. The funds were used to support research into educational initiatives, healthcare programmes, and support projects. Notable achievements include research and development into inequities in maternal healthcare, particularly in childbirth and midwifery services.

In light of the COVID-19 pandemic, we consolidated learnings from our fieldwork in healthcare logistics during the lockdown in Togo. We successfully provided personal protective equipment (PPE) in Lome Grand Marché, ensuring the safety of frontline workers and the community.

---

## **6. Plans for Future Periods**

Looking ahead, the charity will continue to focus on expanding access to education and healthcare while providing ongoing support for agricultural projects. New initiatives will include furthering our work in online CPD for healthcare workers, advancing software development and technical training, addressing health disparities in reproductive and maternal health, and focusing on improving the health of agricultural workers through new research and development efforts.
