TRUSTEES' ANNUAL REPORT 2023-2024

This year has continued to be a difficult year because of the issues that the Covid pandemic has caused. The school has closed for part of the year due to the restrictions in place and the children have had quite a bit of disruption to the continuity of their lessons. We have managed to pay the equivalent of Furlough to the teachers to help support them and to keep the school open.

Fund-raising has proved to be difficult as well but we have managed to meet the agreed costs for the year but we have concerns about sustaining the programme in the next few years. We have reminded the villagers that the school project was meant to become self-sustaining and that we had only committed to supporting this project for five years. We have extended that because of the pandemic but we will need to look at a winding down of the support we give to them but will agree a strategy that will endeavour to keep the school active.

TRUSTEES' ANNUAL REPORT 2020-2021

We have continued to support the students at the Rajtillah School project but have not managed to add another intake which means we still support 5 classes of students.

Some of the money that we have received back from the business loans was used to repair on of their wells and the villagers can see the benefit of working as a community to achieve these things.

We have continues to support the students who are studying in Moulvibazaar. We provide some monies which are helping the students to maintain their studies at secondary and college level.

Fund-raising has been at an all time low this year as we have not managed to hold any fund-raising events. We have still received our usual annual sponsorship and also some regular monthly contributions which have allowed us to meet our commitments and we still have enough to fund the following year's commitments.
