Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The objective of forca - strength against cancer is to promote the physical and mental health of people living with or affected by cancer in Hampshire and Dorset through the provision of financial assistance, support, education and practical advice.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	We provide free freshly cooked meals for patients who receive chemotherapy in our community. We work with our local hospice and hospital to be able to offer this service and are supported by a team of volunteers. We also offer women who have had breast cancer-related surgery a free supportive recovery bra. We work with several hospitals in Hampshire and Dorset to provide this service. We also do talk at local events about the effect cancer has on a personal level and the family and friends around the cancer patient. Our ambassador, Carla W., attends many different cancer conferences as a patient advocate, talking about her personal cancer journey and our charity's work. We have also been able to offer individuals financial help by paying specific bills after they have struggled to earn money while undergoing cancer treatment.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees are aware of the charity commission's guidance regarding public benefit and believe that all activities the charity undertakes are for the benefit of the public.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>As a charity we help local people through 3 main avenues – free post surgery bras for breast cancer patients, free meals cooked for people undergoing chemotherapy locally and ad hoc financial help for those living with the burden of cancer.</p> <p>A free post surgery bra can have a profoundly positive impact on the life of the recipient in several ways— physically, emotionally, and financially. Physically women feel more comfortable as the bras reduce irritation and longer term can reduce scarring and prevent back and shoulder strain. Additionally, the bras can help to boost self-esteem, leading to improved mental health which aids recovery and reduce the financial burden during a vulnerable time.</p> <p>The wider benefits to the community are harder to measure however being able to gain a free bra helps to promote equitable access to this product.</p> <p>Alongside this, women feel supported and when they regain confidence are more likely to return to work and engage in community activities contribute economically and socially. We have also noted many women wanting to involve themselves with our charity to give back</p>

		<p>to others in the community, fostering a spirit of compassion and mutual support.</p> <p>Our meals initiative, which was our primary venture, is so much more than just food.</p> <p>It provides nutritional support during recovery ensuring patients and their families are properly nourished without the burden of cooking, with the added benefit of reducing their stress and allowing them to focus on healing and caregiving instead of meal planning and preparation.</p> <p>It is widely known that improved nutrition leads to better treatment tolerance and recovery outcomes, potentially reducing hospital readmissions and public healthcare costs.</p> <p>Furthermore, our meals programme involves volunteers within the local community, creating opportunities to reinforce social responsibility for a wider group of individuals and an opportunity to reduce social isolation amongst patients.</p> <p>Lastly our ability to provide financial support at a time when they may be unable to work helps to prevent reliance on social services and public funds. Having direct support also sends the message that they do not have to face their illness alone, they are supported within the community which fosters social cohesion.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The charity had its most successful year of fundraising since it was formed in 2011. This was mainly due to two very large fundraising events falling within the same financial year, which between them raised over £60,000. In addition the Charity received significant donations during the year which helped to boost unrestricted funds. During the year income was £91,447 while expenditure was £27,660. This unusual imbalance between funds raised and sums spent is unlikely to continue in the FY 24/25 . However the additional funds have enabled us to expand our Support and Nourish programmes during the 24/25 financial year. At the end of the year our unrestricted funds stood at £84,657 but we hold £10,000 as reserves.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Agreed by all trustees when the charity was registered related to funds raised in the year beforehand "All trustees of Força 14 agree that Forca 14 will hold the amount of £10,000 in the bank for Carla Whitbread. This money was originally raised for her and will remain for her for when she needs it in her journey to fight cancer."
Amount of reserves held	Para 1.22	£10,000
Reasons for holding zero reserves	Para 1.22	N/A
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	None
