Structure: Generation Builders is a Charitable Incorporated Organisation whose only voting members are its charity trustees. Generation Builders took part in events in the USA in March and September, Albania in May and Mexico in October.

The Generation Builders Sunday gatherings had led to the planting of a new church and the setting up of a separate charity. As such James Seager has stepped down as a Generation Builders trustee in order to devote his time to the new charity (His Kingdom Church). Generation Builders was able to give a donation to this new work which aligns with our vision and values.

Generation Builders continued to make resources available online including books which are for sale.

The charities finances were in good shape and these are provided in a separate report. Andrew Murray (Chairman of Generation Builders trustees)

## **2024 Annual Report**

The income for the year was £10566.95

The expenses for the year were £39486.81

The balance as of December 31 2024 was £8208.05

The expenses for the year were more than normal due to the charity sending monies over the His Kingdom Church which the charity had taken as income during 2023/2024 until they had their own bank account. Other expenses were just the usual expenses needed to run the charity, admin, design & media along with flights/hotels for when we have been abroad for missions trips.

Income into the charity has been from regular giving, CAF, product sales and ministry gifts from when Generation Builders has been speaking at various churches. The balance moving into 2025 is sufficient for us to continue with the aims of the charity, we see no major expenses in the coming year.
