Activities

Objects: TO PREVENT AND RELIEVE POVERTY IN SOUTH-WESTERN UGANDA BY ASSISTING IN THE SUSTAINABLE PROVISION OF EDUCATION, TRAINING AND HEALTHCARE PROJECTS FOR THE PUBLIC BENEFIT, IN PARTICULAR, BUT NOT EXCLUSIVELY, BY THE PROVISION OF GRANTS AND FINANCIAL ASSISTANCE TO ORGANISATIONS AND INDIVIDUALS.

Activities: We empower communities in south-western Uganda to improve the standard of living of all members of the community by providing funding, training and support for appropriate sustainable community projects involving education, training and healthcare.

Project Embabazi Newsletter 2023-24

2023 news and Project Embabazi achievements

We are excited to introduce our new Ugandan leadership team! After 19 years as our Ugandan Coordinator, Byamukama Dicky has retired from this post and established a fantastic Ugandan leadership team (details on pages 2-3). We would like to sincerely thank Byamukama Dicky for all his hard work for Project Embabazi and we are very pleased that he will continue to work with us in the future. We are also delighted that our team of UK trustees is growing with the appointment of Ella Carr in 2023.

Project Embabazi has organised several fundraising campaigns in 2023 to support our Ugandan communities and to bring hope in the face of many challenges. We were delighted that students at Peter Symonds College made a significant contribution to our fundraising and were able to visit the Uganda communities in July 2023. Thanks to our generous supporters, we have raised £27,554 and we have many successes to share...

- Our teacher and child sponsorship schemes continues to grow with new donors and beneficiaries. Sponsorship ensures that each child consistently attends a good school with all necessary resources for 'Education is the most powerful weapon which you can use to change the world' (Nelson Mandela). Please see our Facebook and Instagram pages for more details.
- We have continued to grow our animal sponsorship schemes in Kanjobe, Kamuronko, Kyeibale, Rwiraguru and Kigata communities. All beneficiaries are required to give the first offspring to another member of the community, creating a self-sustaining project.
- We are trialling new schemes to provide reusable female sanitary projects to tackle the enormous challenge of period poverty.
- We have continued to provide educational resources for schools including school uniforms, sports and art equipment, games, and books.
- We continue to support Kanjobe Craft Cooperative who are growing in number and expanding their product range.
- We continue to fundraise for our ongoing community electrification project. The National Grid has been extended into the villages, but households lack the funds needed to install an electricity meter (c. £167). We have launched a cost-sharing initiative to connect 1,144 households and public buildings to the National Grid; Project Embabazi contributes 80% of the cost and the household contributes 20%. This project addresses the basic need for electricity for sustainable development; it will radically improve living standards and educational resources and it will unleash huge potential for further development in the area. In 2021, 97% of Ugandan electricity came from renewable sources so it is affordable and green once the meters are installed.
- Building projects were completed at 3 primary schools and 2 secondary schools including classrooms, staff houses and a latrine.

What next for 2024?

We are excited to launch 2 new initiatives: a period poverty campaign and our 'Seeds for life' project!

- Period poverty is a serious issue in Uganda. It's not uncommon for girls to miss school when they're menstruating, and the Ugandan government says about 23% of girls drop out of education once they hit puberty and adolescence. By working with the local community, we are investigating different approaches to tackling period poverty to discover the most sustainable solution.
- Our 'Seeds for life' project has been requested by the local community. Community leaders will identify impoverished families who will receive 100,000 ugx (approx. £25) to purchase seeds and pesticides to increase their incomes, improve nutrition and to help tackle poverty.

All communities have requested ongoing investment in animal sponsorship, the community electrification project, school construction projects and teaching resources for art, sport, music, and libraries. We are excited by the growth in our child sponsorship scheme and hope to find more new donors for next year.

Thank you to all our generous supporters!

You are helping us to make a real difference in impoverished communities

A word from the former Coordinator Project Embabazi

Byamukama Dicky

THE POWER OF GOOD SUCCESSION PLANNING, FORMER CO-ORDINATOR'S EXPERIENCE

"A good leader is the one who chooses a good successor." So goes the old adage. In the African context, the proverb says "when a pot overflows on fire it can subsequently convert into cracked pieces."

Both statements above portray that leadership is a virtue that should be exercised for a period and thereafter the mantle is handed over to someone else for continuity.

Leadership goes with power to influence and make decisions. However, at times power corrupts and too much power corrupts absolutely. In the political scene, it's on record that when one of the East African Presidents assumed power in 1986, he popularly made a strong statement, "African problems are attributed to African Presidents who overstay in power." His philosophy seemed to be a new chapter, however down the road the hunter has been caught by his trap. Succession plans are essential.

It is imperative to note that a good dancer at one time must leave the stage. There is big sense in the retirement analogy. It curbs old people's long-lasting greed for accumulating "skills" which would appropriately be desired by the new and energized folks. After all, leadership is not always a bed of roses. There is a lot of sacrifice for the benefit of the masses. When the frog in saucepan water starts feeling the abnormal heat, it should know the right time to jump off. Keeping glued to the entity forever curtails other young leaders' potential.

In my experience as a Country Co-ordinator for Project Embabazi (Uganda) for the last 20 years up to July 2023 when I retired, my leadership skills have been enhanced. Bravo Ms. Lauren Lewis Hill, and entire UK leadership for entrusting me with the big roles. I am a proud retiree upon recognizing the tremendous socio-economic transformation among the local *Bakiga* Communities. Just to mention a few, some Schools including Kamuronko Secondary School, Kigata High School, Kyeibale Primary School, Kanjobe Primary School and Rwiraguju Primary School have registered a big uplift in terms of infrastructure, textbooks, extra remedial classes, thus not only boosting students' enrollment but also impacting on better performance grades.

The more coveted Animal Project I co-ordinated, being locally assisted by Mr. Moses Tum-owoyesigire has registered a big impact. The beneficiaries have had either a calf, a goat, a sheep, a piglet, or a hen. The multiplier effect attributed to animal beneficiaries bringing back the first off-spring has made wonders. Not only has this boosted the family incomes but also reduced the cases of children malnourishment as they now taste on meat.

Project Embabazi sponsored electricity wiring for over 120 homes around Kanjobe and Kyeibale villages. It was done on a cost sharing basis of 80% and 20% for Project Embabazi and individual family beneficiary respectively. The wiring done so far accounts for a biggest cost component in the procedure for connecting power. We await the government, through the relevant power distribution Agency, Umeme to connect the homes to the power grid and the villages will realise a lifetime experience!

Project Embabazi, pays school fees for over 30 needy children who had lost hope. During Covid-19 saga, they distributed maize flour (posho), beans and cooking salt to the impoverished families that had faced the wrath of near-to-death hunger. They did reconstruction of the houses that had been swept away by torrential floods. What has Project Embabazi not done fit for preaching good news to Africa? Who is blind not to see the sustainable development where PE has had a footprint?

No wonder, realizing the indelible impact on the ground by Project Embabazi, they won a community development grant from *Movement for Good*. If Project Embabazi is not nominated the NGO of the year in the UK, for us in Uganda we already cast the vote for PE as most outstanding NGO that works on sustainable projects in South-western Uganda.

Lastly, but not least, I salute the Project Embabazi Trustees for their relentless efforts and supporting me while executing my coordination roles. Their current Chair Lauren Hill is amazing. To my successor, Ms. Sayuuni Proce and entire local leadership team including Laban, Andrew and Moses, well done. All your efforts will never be in vain. I pledge my total support to current leadership in both Uganda and the United Kingdom. May we all stay blessed while serving fellow mankind beyond self. Amen.

Our Ugandan leadership team

My name is Sayuuni Proce (left), I am married with four children, that is Edgar, Leah, Doris and Treasure. My husband is Edson. I am a teacher by profession. I am currently studying for a degree in primary education. I'm happy to work with Project Embabazi as a volunteer and Child Sponsorship Co-ordinator. I promise to work together with you for the progress of the project. Thank you.

My name is Laban Zaribugire (centre). I have been appointed treasurer for Project Embabazi. I have previously worked as a loans officer, school governor, council speaker and I remain chair of a water and environment cooperative. I have retired and I now work as a farmer. I sincerely appreciate you and your team for granting me an opportunity to serve my community more as a treasurer of Project Embabazi. I pledge total commitment towards this task.

I am Byamugisha Andrew (right). I am a graduate teacher working at Kabale Secondary School. I am happy to work with Project Embabazi.

Independent Examiner's Report

Report to the trustees/
members of

Project Embabazi

On accounts for the year
ended

31 December 2023

Charity no
(if any)

1161140

Set out on pages

1 and 2 of CC16a attached

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2023.

Responsibilities and
basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Signed:

K. J. Stratton

Project Embabazi Newsletter 2022-23

2022 news and Project Embabazi achievements

On Monday 10th January 2022, Ugandan schools reopened after nearly two years of closure due to the COVID-19 pandemic – the longest school shutdown in the world. This was some good news in a year of growing challenges for rural Uganda communities; the Bank of Uganda reported soaring inflation due to a combination of factors including global economic decline, the Russia-Ukraine conflict disrupting global production and supply chains, extended drought in some regions of the country and increased global commodity prices. The Bank of Uganda Deputy Governor said the soaring food inflation is hitting the poorest Ugandans hard; *“Food inflation has soared over the past year, from 0.7% in February 2022 to 16.4% in July 2022. This adversely affects poorest who are mainly engaged in informal activities and spend a large proportion of their incomes on food.”*

Project Embabazi has organised several fundraising campaigns in 2022 to support our Ugandan communities and to bring hope in the face of so many challenges. Thanks to our generous supporters, we have raised £30,722 and we have many successes to share...

- Our teacher and child sponsorship schemes continues to grow with new donors and beneficiaries. Sponsorship ensures that each child consistently attends a good school with all necessary resources for ‘Education is the most powerful weapon which you can use to change the world’ (Nelson Mandela). Please see our Facebook and Instagram pages for more details.
- We have continued to grow our animal sponsorship schemes in Kanjobe, Kamuronko, Kyeibale, Rwiragaju and Kigata communities. All beneficiaries are required to give the first offspring to another member of the community, creating a self-sustaining project.
- We are trialing a new scheme to provide reusable female sanitary projects to tackle the enormous challenge of period poverty.
- We have continued to provide educational resources for schools including textbooks for Kanjobe Primary School.
- We continue to support 2 community enterprises: Kanjobe Choir and Kanjobe Craft Cooperative.
- We ran 2 successful events to fundraise for our ongoing community electrification project. In May 2022, our ‘Race for Uganda’ raised over £5,000 followed by ‘Novembabazi’ which raised £380. The National Grid has been extended into the villages, but households lack the funds needed to install an electricity meter (c. £167). We have launched a cost-sharing initiative to connect 1,144 households and public buildings to the National Grid; Project Embabazi contributes 80% of the cost and the household contributes 20%. This project addresses the basic need for electricity for sustainable development; it will radically improve living standards and educational resources and it will unleash huge potential for further development in the area.
- We have provided 45 desks for 3 classrooms at Kyeibale Primary School so that students no longer sit on a dusty floor.
- Building projects were completed at 3 primary schools and 2 secondary schools including classrooms, staff houses and a latrine.

What next for 2023?

- Our ongoing community electrification project across the 5 village communities, including electricity connections at 3 schools. In 2021, 97% of Ugandan electricity came from renewable sources so it is affordable and green once the meters are installed.
- School building projects at 3 primary schools (Kanjobe, Kyeibale and Rwiragaju) and 2 secondary schools (Kamuronko and Kigata)
- A new latrine for Kyeibale Primary School – currently there is 1 latrine for all students, staff, and church members. The queue is long!
- School desks for Rwiragaju Primary School – Project Embabazi helped to build new classrooms and now they need desks
- New latrines for Kamuronko Secondary School – the girls’ latrine is almost full and the boys’ collapsed during heavy rains
- 4 school cows for Kamuronko Secondary School for teaching lessons in agriculture, for milk production and as a source of manure to grow food for the school

All communities have requested ongoing investment in animal sponsorship, school construction projects and teaching resources for art, sport, music and libraries. We are excited by the growth in our child sponsorship scheme and hope to find more new donors for next year.

Thank you to all our generous supporters!

You are helping us to make a real difference in impoverished communities

Who are we?

www.projectembabazi.org.uk

Project Embabazi is a registered UK charity (no. 1161140) established to work with Bakiga communities in rural south-western Uganda to prevent and relieve poverty by providing funding, training and support for sustainable community projects.

Please have a look at our website, Facebook or Instagram page to find out more about our projects, including child, electricity and animal sponsorship schemes, school building and equipment projects and our gift cards. If you are interested in supporting us, please get in touch via projectembabazi@outlook.com

A message from Byamukama Dicky, Ugandan Co-ordinator:

It's human nature to seek happiness but this is difficult to realise in places suffering from abject poverty, hunger, poor education, and diseases.

In southwestern Uganda, among the ethnic Bakiga community, Project Embabazi has continued to support the local people. The charity has been a champion of reversing household misery by funding community projects since 2022. Project Embabazi works with the local community leaders and in-country volunteering staff to provide solutions to local problems.

In the last year, this has included the following projects:

Ecosan toilet: a new composting toilet was completed at Kanjobe Primary school

School Kitchen: constructed at Kanjobe Primary School to feed the teachers and boarding students

Animal Sponsorship: The data below shows the success of this scheme which has improved diets and income:

	Cows	Goats	Piglets	Chicken
Kanjobe area Communities	10	31	67	108
Kyeibale area Communities	6	36	70	98
Kamuronko area Communities	16	53	94	132
Rwiraguju area Communities	4	20	41	90
Kigata area Communities	3	9	32	52
Kategure area Communities (New)	n/a	n/a	7	6

School fees sponsorships: this success is increasing educational opportunities in the community and the opportunity for self-reliance.

Community electrification: Once beneficiary households, churches, schools, the health clinic finally get connected to power, life will never be the same. Imagine a community that has never tasted electricity since the creation of the universe! Electricity will trigger the masses to start up cottage industries thus creation of employment and ultimately lead to financial break through.

School construction projects: there is ongoing work to construct classrooms, latrines and staff houses at 3 primary schools and 2 secondary schools.

Appreciation:

On behalf the local community beneficiaries and my own behalf, we extend our appreciation to the Project Chair, Trustees and all stakeholders that have supported Project Embabazi to carry out its mandate. There is enormous evidence of community transformation in the supported region. There is a genuine appeal from the neighbouring communities that have always yearned to be supported as well. If this request can fit within the strategic plan and budget of the charity, so it be.

Together, we can reverse the poverty levels that cause human suffering in our communities. After all, a candle loses nothing for lighting another.

Wishing you all a happy 2023.

Byamukama Dicky
Project Co-ordinator (U)

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2022.

Responsibilities and
basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To prevent and relieve poverty in south-western Uganda by assisting in the sustainable provision of education, training and healthcare projects for the public benefit, in particular but not exclusively, by the provision of grants and financial assistance to organisations and individuals.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The organisation empowers communities in south-western Uganda to improve the standard of living of all members of the community by providing funding, training and support for appropriate sustainable community projects in infrastructure, education and healthcare.

The organisation requires local community associations to be established in south-western Uganda and they submit proposals to the organisation for grant funding. The local Ugandan people are responsible for implementing the projects including resourcing materials and labour. The organisation oversees the decisions, advises and guides when appropriate, fundraises, provides resources and ensures transparent transfer of funds by keeping full accounts in the UK and Uganda.

Recent and current projects include grants for primary and secondary school fees and university fees for the education and training of individuals in the communities, community grants for school buildings, grants for local infrastructure including water and electricity supplies, grants for educational resources for schools and community grants for sustainable animal sponsorship schemes.

The Trustees have run the Charity's activities in 2021, fully consistent with the guidance issued by the Charity Commission on public benefit.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

GRANT MAKING POLICY

1. Purpose

To outline our grant-making processes and to establish criteria for applicants. A grant is defined as a financial award made by Project Embabazi from its funds to support the Charity's stated objectives.

The Charity's stated objectives are 'To prevent and relieve poverty in south-western Uganda by assisting in the sustainable provision of education, training and healthcare projects for the public benefit, in particular, but not exclusively, by the provision of grants and financial assistance to organisations and individuals.'

2. Governance process

The governance principals are as follows:

- The Board of Trustees has ultimate responsibility for all grant-making decisions in line with the charitable objectives set out above.
- In grant-making decisions the Board of Trustees will be guided by the availability of restricted and non-restricted funds.
- The trustees reserve the right not to approve any grant that does not meet the Charity's stated objective or if there are insufficient funds to do so.
- Trustees will consider grant applications at scheduled board meetings and decisions made by a majority vote of trustees in attendance.
- Grant applications will be considered from individuals and community organisations.

3. Application process

Applicants can apply for grants by submitting written requests to the charity postal address or e-mail address (projectembabazi@outlook.com)

Applications should include applicant details, grant purpose, grant amount and evidence that the proposal meets the Charity's stated objectives.

Summary of the main achievements of the charity during the year

The opening paragraph of our 2020 newsletter read '*Across the world, 2020 has been a challenging year due to the COVID-19 pandemic and sadly, the challenges are often greatest in developing countries like Uganda. Uganda went into a national lockdown at the end of March 2020 and strict restrictions remain in place. This has had a devastating impact on local economies due to sharp inflation and it has had a particularly significant impact on children due to the prolonged closure of schools. Due to the lack of electricity, internet connection and equipment in rural villages, remote learning has not been possible, so children across the country have been engaged in farming work. It is hoped that all students will be able to return to school in January 2021.*' Sadly, the situation in Uganda worsened in 2021. Schools briefly re-opened for exam candidates but closed again in June 2021, as Uganda entered another national lockdown with COVID spreading rapidly. This means that many children have now been without school for 21 months.

Project Embabazi organised a number of fundraising campaigns in 2021 to support our Ugandan communities and to bring hope in the face of so many challenges. Thank you to all our supporters; together we raised over £31,950 this year and we have a number of charity successes to share...

- COVID-19 food relief programme – 581 needy families were identified across 5 villages and each family received 25kgs maize flour (Posho), 10kgs beans, 1 Kg ground nuts and a packet of cooking salt. This project was supported by the Bishop of Edinburgh's Lent Appeal and the Movement for Good.
- COVID-19 home learning programme for children supported by our child sponsorship scheme – we have provided teachers, stationery and educational resources to enable home learning during the school closures.
- Our child sponsorship scheme continues to grow with new donors and beneficiaries. Sponsorship ensures that each child consistently attends a good school with all necessary resources for 'Education is the most powerful weapon which you can use to change the world' (Nelson Mandela). Please see our Facebook and Instagram pages for more details.

In May 2021, our 'Race for Uganda' raised over 73 million Ugandan shillings (over £15,000) to complete a number of building projects:

- Kigata High School – 2 staff houses
- Kanjobe Primary School – school kitchen and latrine
- Kanjobe Primary School - electricity installation
- Kamuronko Secondary School – boy's dormitory renovation to create a sanitary living environment
- Kyeibale Primary School - 7 classrooms and one office
- Rwiragaju Primary School - 2 classrooms

Section E Financial review

Brief statement of the charity's policy on reserves

Where funds are not allocated within the year, the remaining funds are held within the Charity account at Lloyds Bank to form part of the budget for the following year's allocation.

Details of any funds materially in deficit

None

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The Trustees receive no remuneration and no expenses reimbursement from the Charity.

Section F Other optional information

Set out on pages

1 and 2 of CC16a attached

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2021. DD / MM / YYYY.

Responsibilities and
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To prevent and relieve poverty in south-western Uganda by assisting in the sustainable provision of education, training and healthcare projects for the public benefit, in particular but not exclusively, by the provision of grants and financial assistance to organisations and individuals.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The organisation empowers communities in south-western Uganda to improve the standard of living of all members of the community by providing funding, training and support for appropriate sustainable community projects in infrastructure, education and healthcare.

The organisation requires local community associations to be established in south-western Uganda and they submit proposals to the organisation for grant funding. The local Ugandan people are responsible for implementing the projects including resourcing materials and labour. The organisation oversees the decisions, advises and guides when appropriate, fundraises, provides resources and ensures transparent transfer of funds by keeping full accounts in the UK and Uganda.

Recent and current projects include grants for primary and secondary school fees and university fees for the education and training of individuals in the communities, community grants for school buildings, grants for local infrastructure including water and electricity supplies, grants for educational resources for schools and community grants for sustainable animal sponsorship schemes.

The Trustees have run the Charity's activities in 2020, fully consistent with the guidance issued by the Charity Commission on public benefit.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

GRANT MAKING POLICY

1. Purpose

To outline our grant-making processes and to establish criteria for applicants. A grant is defined as a financial award made by Project Embabazi from its funds to support the Charity's stated objectives.

The Charity's stated objectives are 'To prevent and relieve poverty in south-western Uganda by assisting in the sustainable provision of education, training and healthcare projects for the public benefit, in particular, but not exclusively, by the provision of grants and financial assistance to organisations and individuals.'

2. Governance process

The governance principals are as follows:

- The Board of Trustees has ultimate responsibility for all grant-making decisions in line with the charitable objectives set out above.
- In grant-making decisions the Board of Trustees will be guided by the availability of restricted and non-restricted funds.
- The trustees reserve the right not to approve any grant that does not meet the Charity's stated objective or if there are insufficient funds to do so.
- Trustees will consider grant applications at scheduled board meetings and decisions made by a majority vote of trustees in attendance.
- Grant applications will be considered from individuals and community organisations.

3. Application process

Applicants can apply for grants by submitting written requests to the charity postal address or e-mail address (projectembabazi@outlook.com)

Applications should include applicant details, grant purpose, grant amount and evidence that the proposal meets the Charity's stated objectives.

Summary of the main achievements of the charity during the year

Across the world, 2020 has been a challenging year due to the COVID-19 pandemic and sadly, the challenges are often greatest in developing countries like Uganda. Uganda went into a national lockdown at the end of March 2020 and strict restrictions remained in place beyond the end of the year. This has had a devastating impact on local economies due to sharp inflation and it has had a particularly significant impact on children due to the prolonged closure of schools. Due to the lack of electricity, internet connection and equipment in rural villages, remote learning has not been possible, so children across the country have been engaged in farming work. Schools in Uganda reopened from 15 October 2020 for the exam classes of Primary 7, Senior 4 and Senior 6 only, so that they can sit their final exams. On top of lockdown, south-western Uganda also experienced very intense wet seasons in both December 2019 and May 2020. This caused landslides and floods resulting in road and property destruction and the loss of animals and crops.

Unfortunately, the pandemic also stopped the Peter Symonds College expedition to Uganda, which was one of our major sources of funding. Therefore, we have had limited funds to invest in a number of projects, particularly the school building and resources projects and animal sponsorship schemes.

However, it isn't all bad news and we do have a number of charity successes to share...

Electricity has arrived in Kanjobe! This year, Project Embabazi has raised enough funds to connect 122 buildings to the electricity supply, including the primary school, health clinic and over 100 households. This will radically improve living standards and educational resources and it will unleash huge potential for further development in the area. It is a cost-sharing initiative; the Ugandan communities have worked hard to contribute 20% of the funds needed. We were very fortunate to be selected for the Bishop of Edinburgh's Lent Appeal and donations from the Diocese of Edinburgh made a significant contribution to this scheme.

Our child sponsorship scheme continues to grow with a significant increase in the number of new donors and beneficiaries. Sponsorship ensures that each child consistently attends a good school with all necessary resources for 'Education is the most powerful weapon which you can use to change the world' (Nelson Mandela). Please see our Facebook and Instagram pages for more details.

In December 2019, we ran a very successful mudslide appeal to help re-build homes lost in the landslides. Our generous donors raised 15 million Ugandan shillings (£3179.31). There are photos and videos of the new homes on our Facebook page.

In early 2020, we received reports that the Kabanyonyi- Kanjobe gravity water scheme was no longer working and therefore villagers had to walk for miles in search of clean water. 4 million Ugandan shillings (£850) was needed for renovations and repair, so we quickly raised the funds to restore a secure clean water supply.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2020.

Responsibilities and
basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.
