REPORT OF THE TRUSTEES **for the Year Ended 24 March 2025**

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 24 March 2025. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims for the public benefit

The objective of the charity is the advancement of the Islamic faith. In setting our objective and planning our activities the trustees have given careful consideration to the Charity Commission's general guidance on public benefit and in particular to its supplementary public benefit guidance for the advancement of religion. The benefit provided to the public by this charity cannot be measured in terms of monetary measurement or statistics but in terms of the wider well-being of society. To those on the receiving end of this benefit it is priceless.

Volunteers

The charity is dependent upon its volunteers, who are its trustees and they perform the charity's work, including all administrative functions.

FINANCIAL REVIEW

Financial position

The charity had total incoming resources of £77,509 (2024: £5,000). The trustees are confident that the level of donations the charity will continue to receive, will enable it to meet its objectives over the foreseeable future. During the year, the charity received donations totalling £77,509 (2024: £5,000) and made payments of £86,000 (2024: £5,000) in support of its charitable activities. During the year the charity paid support costs of £14 (2024: £728).

Principal funding sources

The principal funding source for the charity is by voluntary donation.

Investment policy and objectives

It is the policy of the board to be risk averse in the stewardship of its resources.

Reserves policy

The board considers that its free reserves should always be sufficient to cover the services required for at least the following twelve months. As the overheads of the charity are modest, a significant part of its income can be used for beneficiaries and only a small balance retained in reserves, subject to the above constraint.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Financial instruments

Financial instruments are recognised when the charity becomes party to the contractual provisions of the instrument. Basic financial assets which include bank balances, are initially measured at transaction price, and are subsequently carried at cost. Basic financial liabilities which include creditors, are initially recognised at transaction price and are subsequently carried at cost.

The charitable company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland':

- the requirements of Section 7 Statement of Cash Flows.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Financial instruments

Financial instruments are recognised when the charity becomes party to the contractual provisions of the instrument. Basic financial assets which include bank balances, are initially measured at transaction price, and are subsequently carried at cost. Basic financial liabilities which include creditors, are initially recognised at transaction price and are subsequently carried at cost.
