## Structure, Governance and Management

The charity governing document is constituted as a Charitable Incorporated Organisation (CIO) – Foundation, registered 11<sup>th</sup> May 2015. The charity is governed by a board on which the trustees are represented. It meets regularly to review, plan activities and monitor the financial position. For the recruitment and appointment of new trustees, guidelines are followed according to the recommendations of the charity commission.

## Objectives and Activities

The purpose of the charity (objects) are to advance the Christian religion by;

- Promoting the knowledge of God and Yeshua (Jesus) the Messiah as set forth in the Bible (both Old and New Testament)
- Providing a place of fellowship for worship, study and teaching of biblical knowledge and celebrating biblical festivals
- Supporting the religious and charitable work of Bible believing fellowships, organisations and individuals in the United Kingdom and overseas
- Promoting the knowledge among Christians of the teaching of the Bible concerning Israel's place in the purposes of God
- To pursue such other charitable purposes as the trustees shall from time to time think fit

### PUBLIC BENEFIT STATEMENT

The trustees confirm that they have had due regard to the guidance issued by the commission on public benefit before deciding what activities the charity should undertake.

## Achievements and Performance

Summary of the charity achievements for this period as related to its Objects.

### TRAINING & EQUIPPING

No official requirements for training this period.

### REGULAR TEACHINGS

This consisted of worship, teachings and fellowship focused on the key biblical periods observed throughout the year.

As we provide a further update one year later, we are pleased to confirm the continued operation of our core services. Throughout the past twelve months, we have maintained the full scope of our prayer ministries and fellowship. This continuity has been secured through the steadfast commitment of our community and the crucial, generous support from our most dedicated donors.

### OTHER EVENTS AND MENTIONS

Continued testimonies of faith and support from prayer and fellowship throughout the period.

No additional events were planned.

## KEY CHALLENGES

- In our latest review, the primary operational challenge with persistent downturn in financial contributions continues. This trend reflects the broader economic difficulties faced by our supporter base. Although every donation received was, and continues to be, vital, the overall decrease in funding necessitated a strategic adjustment to our operational capacity, specifically limiting our ability to expand services as originally envisioned
- Despite the economic climate and direct impact on expanding our activities, the charity was still able to maintain costs at a minimum and provide charitable donations as a majority of our financial spending
- Additional volunteers required for planned activities continues to have a shortfall but, now has a positive outlook with commitment secured for next period

## ENVIRONMENTAL IMPACT: CORONAVIRUS (COVID-19)

At One New Man, we have Covid-19 risk assessment processes in place for all areas of our charity activities. Examining each part of the charity and fellowship in accordance with Government guidelines on managing the risk of coronavirus.

Through the risk assessment process and (future) application when required:

- We will take all reasonable steps to help and support people by holding fellowship meetings online where physical meetings are not possible
- We will apply enhanced cleaning regimes
- We will encourage handwashing and hygiene procedures in line with Government guidance, supply essential products and promote this via communications
- We will take all reasonable steps to maintain recommended distances between people at meetings
  - Where people are unable to observe this, we ensure we have done everything we can to manage the risk of transmission (provision of masks, sanitisation lotion)

We will continue to monitor and reassess the risks associated with our operations and will make changes and improvements where we can.

The health, safety, and wellbeing of all associated with our charity and fellowship is at the forefront of our decision making.

## Financial Review

The income of the charity is below £10,000; derived from donations and offerings from regular attendees and visitors. Year on year costs were effectively managed over this period and are in line with the final surplus and reserves policy.

Costs for period remain within targets in terms of ensuring the majority of funds are allocated to support activities and charitable giving.

No fund is in deficit and it is the agreement that any operations are run in such a way that a deficit should not occur.

At this time and immediate future, we do not foresee any significant impact on financial operations. However, impact has been seen via a reduction in donations, where regular contributors might encounter financial difficulties, loss/reduction of income and general cost of living increases.

### RESERVES POLICY

It is the agreement of the charity trustees to maintain unrestricted funds, which are the reserves of the charity at about 3 months of unrestricted expenditure. This provides sufficient funds to cover any emergency expenditure that may arise from time to time. The charity will seek to maintain this level throughout the year. This agreement will be formalised in to policy as the work of the charity progresses and financial practices require.

As reviewed, this already accounts for situations such as COVID-19.

### RISK MANAGEMENT

The charity has assessed all the major risks to which the charity is exposed, in particular those related to operations and finances of the charity, and are satisfied that systems are in place to mitigate exposure to major risks.

As outlined in previous section, this includes management of activities and considerations for UK Government and HSE guidelines as previously related to COVID-19.

## FINANCIAL OUTGOINGS OVERVIEW

As detailed in the accounts for receipts and payments, the outgoings have been grouped by activity in order to provide a high-level view of expenditure for the charity.

## Plan for Future Periods

- ✚ Supporter commitment secured to ensure dedicated children's ministry to run alongside regular fellowship meetings
- ✚ Further in-house support secured for shared teaching and engagement including, further activities for encouraging visitors
- ✚ Provision of additional space in order to accommodate larger number of attendees
  - In support of encouraging visitors from other localities we will also aim to host monthly fellowship meetings at other 'guest' venues

## Trustee Responsibilities

Under the Charities Act 2011, the trustees are required to prepare a statement of accounts for each accounting year which gives a true and fair view of the state of the charity. They are required to:

1. Select suitable accounting policies and apply them consistently
2. Make judgements and estimates that are reasonable and prudent
3. State whether the applicable accounting standards have been followed
4. Prepare financial statements on an ongoing basis

They are responsible for keeping proper records which disclose with reasonable accuracy the finances of the charity at any time and to ensure that such accounts comply with the Charities Act 2011. They also have a responsibility to safeguard the assets of the charity and to take reasonable steps to detect fraud or other irregularities.

Approved by the trustees on 30<sup>th</sup> January 2025 and signed on their behalf

# Financial Statement - Notes to the Accounts

## REPORTING STANDARDS

The accounts and financial statements have been prepared in accordance with the Charity Commission reporting and accounting guidelines on the receipts and payments basis with all revenue and expenses shown on a cash basis. Non-monetary assets are shown as estimates of the value at end of the financial reporting year.

## FUNDS

The charity has a general unrestricted fund that receives voluntary donations from events and fellowship meetings.

## FUTURE COMMITMENTS

The charity and trustees have no liabilities or material future commitments as at 31st March 2025.

Banking facilities have been arranged to ensure the charity account cannot operate in deficit, with no provision for overdraft or loan services.

## PUBLIC BENEFIT

The charity acknowledges its requirement to demonstrate clearly that it must have charitable purposes or aims that are for public benefit. Details of how this is achieved are provided in the Trustees Report. The trustees confirm that they have paid due regard to the Charity Commission guidance on public benefit before deciding what activities the charity should undertake.

## Achievements and Performance

Summary of the charity achievements for this period as related to its Objects.

### TRAINING & EQUIPPING

No official requirements for training this period.

### REGULAR TEACHINGS

This consisted of worship, teachings and fellowship focused on the key biblical periods observed throughout the year.

Sustaining services even in the face of financial strain, we were able to maintain our core services, including prayer ministries, and support sessions. This was made possible by our committed volunteers who could still participate, and the small but generous contributions from some of our most dedicated supporters.

### OTHER EVENTS AND MENTIONS

Stories of transformation even in hardship, God's hand was at work in the lives of those we served. We saw families strengthened, individuals renewed in their faith, and new believers confirming their faith.

## KEY CHALLENGES

- Our biggest challenge this year was the severe reduction in financial contributions. Many of our regular donors faced personal financial struggles and were unable to give at the levels they had in the past. We are grateful for every donation, big and small, but the overall drop in funding has been significant, impacting our ability to deliver services at the capacity we'd hoped.
- Many of our faithful volunteers were unable to continue serving due to health concerns, family commitments, or other personal difficulties. The loss of this support meant some of our regular activities had to be scaled back or paused entirely.

## ENVIRONMENTAL IMPACT: CORONAVIRUS (COVID-19)

At One New Man, we have Covid-19 risk assessment processes in place for all areas of our charity activities. Examining each part of the charity and fellowship in accordance with Government guidelines on managing the risk of coronavirus.

## FINANCIAL OUTGOINGS OVERVIEW

As detailed in the accounts for receipts and payments, the outgoings have been grouped by activity in order to provide a high-level view of expenditure for the charity.

## Plan for Future Periods

- ✚ Continued focus on core objective for Biblical teachings
- ✚ Maintain ability to operate with minimal overheads during times of reduced donations
- ✚ As the world continues to recover from the pandemic, we hope to rebuild our volunteer base by offering more flexible opportunities for people to get involved, both in-person and remotely.
- ✚ We are planning to refocus our core offering to better meet the changing needs of our faith in the community and improve the effectiveness of the charitable activities.

It is the agreement of the charity trustees to maintain unrestricted funds, which are the reserves of the charity at about 3 months of unrestricted expenditure. This provides sufficient funds to cover any emergency expenditure that may arise from time to time. The charity will seek to maintain this level throughout the year. This agreement will be formalised in to policy as the work of the charity progresses and financial practices require.

As reviewed, this already accounts for situations such as COVID-19.

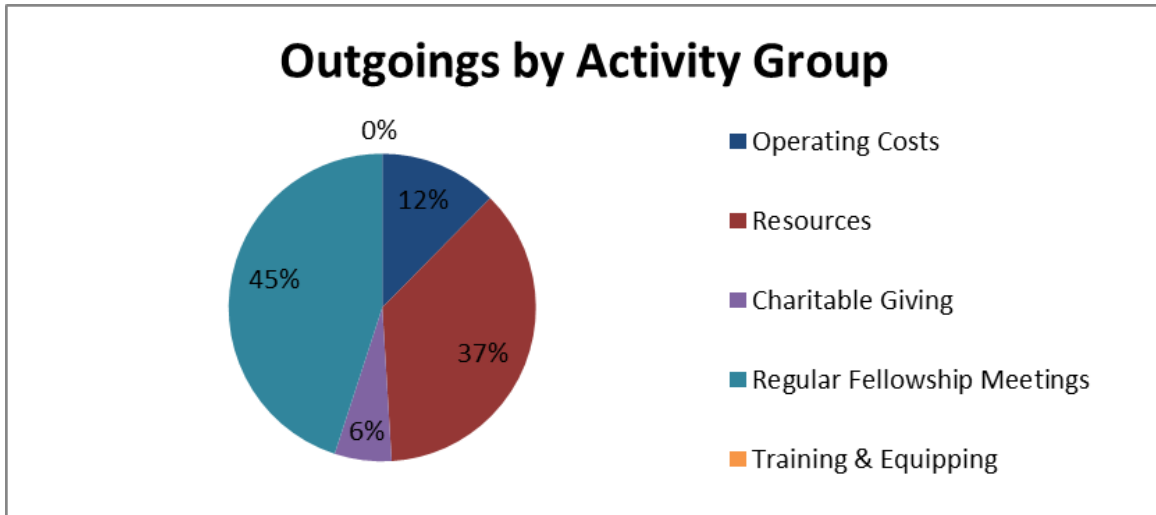

### RISK MANAGEMENT

The charity has assessed all the major risks to which the charity is exposed, in particular those related to operations and finances of the charity, and are satisfied that systems are in place to mitigate exposure to major risks.

As outlined in previous section, this includes management of activities and considerations for UK Government and HSE guidelines as previously related to COVID-19.

## FINANCIAL OUTGOINGS OVERVIEW

As detailed in the accounts for receipts and payments, the outgoings have been grouped by activity in order to provide a high-level view of expenditure for the charity.

## Plan for Future Periods

- ✚ Continued focus on core objective for Biblical teachings
- ✚ Maintain ability to operate with minimal overheads during times of reduced donations
- ✚ Reassess core offering and future focus of both charity and fellowship activities

## Trustee Responsibilities

Under the Charities Act 2011, the trustees are required to prepare a statement of accounts for each accounting year which gives a true and fair view of the state of the charity. They are required to:

1. Select suitable accounting policies and apply them consistently
2. Make judgements and estimates that are reasonable and prudent
3. State whether the applicable accounting standards have been followed
4. Prepare financial statements on an ongoing basis

They are responsible for keeping proper records which disclose with reasonable accuracy the finances of the charity at any time and to ensure that such accounts comply with the Charities Act 2011. They also have a responsibility to safeguard the assets of the charity and to take reasonable steps to detect fraud or other irregularities.

## REPORTING STANDARDS

The accounts and financial statements have been prepared in accordance with the Charity Commission reporting and accounting guidelines on the receipts and payments basis with all revenue and expenses shown on a cash basis. Non-monetary assets are shown as estimates of the value at end of the financial reporting year.

## FUNDS

The charity has a general unrestricted fund that receives voluntary donations from events and fellowship meetings.

## FUTURE COMMITMENTS

The charity and trustees have no liabilities or material future commitments as at 31st March 2023.

Banking facilities have been arranged to ensure the charity account cannot operate in deficit, with no provision for overdraft or loan services.

## PUBLIC BENEFIT

The charity acknowledges its requirement to demonstrate clearly that it must have charitable purposes or aims that are for public benefit. Details of how this is achieved are provided in the Trustees Report. The trustees confirm that they have paid due regard to the Charity Commission guidance on public benefit before deciding what activities the charity should undertake.

## Structure, Governance and Management

The charity governing document is constituted as a Charitable Incorporated Organisation (CIO) – Foundation, registered 11<sup>th</sup> May 2015. The charity is governed by a board on which the trustees are represented. It meets regularly to review, plan activities and monitor the financial position. For the recruitment and appointment of new trustees, guidelines are followed according to the recommendations of the charity commission.

## Objectives and Activities

The purpose of the charity (objects) are to advance the Christian religion by;

- Promoting the knowledge of God and Yeshua (Jesus) the Messiah as set forth in the Bible (both Old and New Testament)
- Providing a place of fellowship for worship, study and teaching of biblical knowledge and celebrating biblical festivals
- Supporting the religious and charitable work of Bible believing fellowships, organisations and individuals in the United Kingdom and overseas
- Promoting the knowledge among Christians of the teaching of the Bible concerning Israel's place in the purposes of God
- To pursue such other charitable purposes as the trustees shall from time to time think fit

### PUBLIC BENEFIT STATEMENT

The trustees confirm that they have had due regard to the guidance issued by the commission on public benefit before deciding what activities the charity should undertake.

## Achievements and Performance

Summary of the charity achievements for this period as related to its Objects.

### TRAINING & EQUIPPING

No official requirements for training this period.

Designed and piloted new bible study series to convey the scriptural basis and understanding of One New Man.

### REGULAR TEACHINGS

This consisted of worship, teachings and fellowship, with an average of 18 people in attendance (adults and children).

- Spiritual growth in faith and knowledge of the Bible
- Leadership continue to provide support in faith and everyday life through ministry visits, smaller group and 1 to 1's - either face to face, via telephone, online, or messaging

## OTHER EVENTS AND MENTIONS

- Donations to humanitarian needs including various other ministries and charities. Based on our approach of sowing into Local, National and International organisations
- Celebration/Observation and teachings of the biblical calendar and feasts
- A number of key activities were held including, dedications and bar mitzvah

## ENVIRONMENTAL IMPACT: CORONAVIRUS (COVID-19)

Conditions that arose within the previous financial reporting year, continue to be reviewed and maintained by the trustees/leadership team to mitigate the impact of COVID-19 and safeguards for operational activities.

At One New Man, we have Covid-19 risk assessment processes in place for all areas of our charity activities. Examining each part of the charity and fellowship in light of the Government's continually updated and changing guidance on managing the risk of coronavirus.

Although our activities are localised within England, we're also taking in to account arrangements as required for each region/borough as and when government advised/directed.

Through the risk assessment process and (future) application when required:

- We will take all reasonable steps to help and support people by holding fellowship meetings online where physical meetings are not possible
- We will apply enhanced cleaning regimes
- We will encourage handwashing and hygiene procedures in line with Government guidance, supply essential products and promote this via communications
- We will take all reasonable steps to maintain recommended distances between people at meetings
  - Where people are unable to observe this, we ensure we have done everything we can to manage the risk of transmission (provision of masks, sanitisation lotion)

We will continue to monitor and reassess the risks associated with our operations and will make changes and improvements where we can.

The health, safety, and wellbeing of all associated with our charity and fellowship is at the forefront of our decision making.

## Financial Review

The income of the charity is below £10,000; derived from donations and offerings from regular attendees and visitors. Year on year costs were effectively managed over this period and are in line with the final surplus and reserves policy.

Although costs have increased to cater for the changes in our recent climate, they still remain well below our own targets in terms of ensuring the majority of funds are allocated to charitable giving and support activities.

No fund is in deficit and it is the agreement that any operations are run in such a way that a deficit should not occur.

At this time and immediate future, we do not foresee any significant impact on financial operations. However, impact has been seen via a reduction in donations, where regular contributors might encounter financial difficulties, loss/reduction of income and general cost of living increases.

### RESERVES POLICY

It is the agreement of the charity trustees to maintain unrestricted funds, which are the reserves of the charity at about 3 months of unrestricted expenditure. This provides sufficient funds to cover any emergency expenditure that may arise from time to time. The charity will seek to maintain this level throughout the year. This agreement will be formalised in to policy as the work of the charity progresses and financial practices require.

As reviewed, this already accounts for situations such as COVID-19.

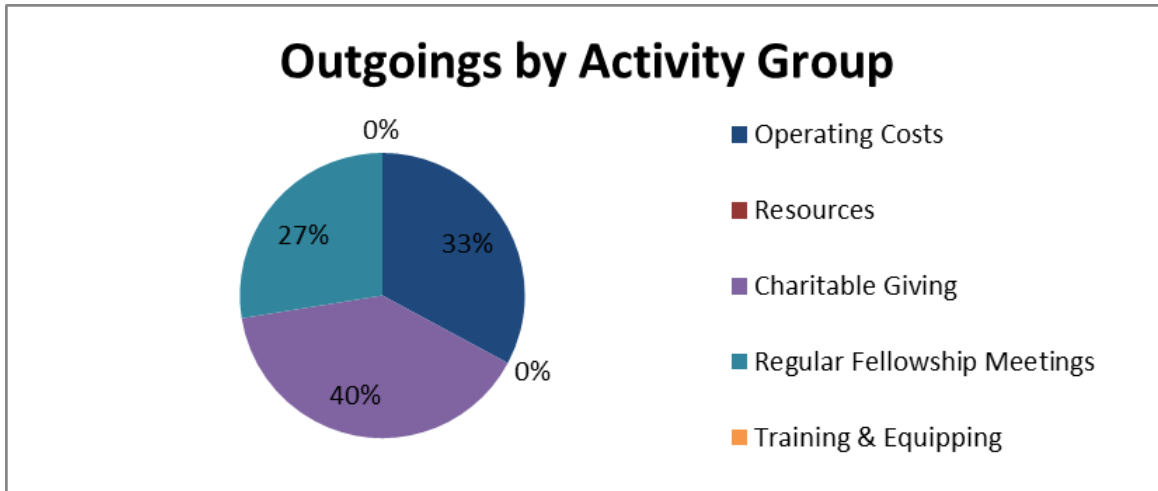

### RISK MANAGEMENT

The charity has assessed all the major risks to which the charity is exposed, in particular those related to operations and finances of the charity, and are satisfied that systems are in place to mitigate exposure to major risks.

As outlined in previous section, this includes management of activities and considerations for UK Government and HSE guidelines as previously related to COVID-19.

## FINANCIAL OUTGOINGS OVERVIEW

As detailed in the accounts for receipts and payments, the outgoings have been grouped by activity in order to provide a high-level view of expenditure for the charity.

## Plan for Future Periods

- ✚ Continue Biblical teachings for discipleship
- ✚ New location with additional space as required
- ✚ Continue donating significant portion of charitable income to other humanitarian/charitable needs
- ✚ Create an online media presence for spreading the core biblical message

## Trustee Responsibilities

Under the Charities Act 2011, the trustees are required to prepare a statement of accounts for each accounting year which gives a true and fair view of the state of the charity. They are required to:

1. Select suitable accounting policies and apply them consistently
2. Make judgements and estimates that are reasonable and prudent
3. State whether the applicable accounting standards have been followed

They are responsible for keeping proper records which disclose with reasonable accuracy the finances of the charity at any time and to ensure that such accounts comply with the Charities Act 2011. They also have a responsibility to safeguard the assets of the charity and to take reasonable steps to detect fraud or other irregularities.

## Achievements and Performance

Summary of the charity achievements for this period as related to its Objects.

### TRAINING & EQUIPPING

No requirements for training this period, however 'equipping' continued in hand with internal mentoring activities, specifically for leadership.

Designed and piloted new bible study series to convey the scriptural basis and understanding of One New Man as well as what replacement theology is.

### REGULAR WEEKLY TEACHINGS

This consisted of worship, teachings and fellowship, with an average of 15 people in attendance (adults and children).

- Spiritual growth in faith and knowledge of the Bible
- Leadership continue to provide support in faith and everyday life through ministry visits, smaller group and 1 to 1's - either face to face, via telephone, email or messaging as appropriate in accordance with changing environmental restrictions

## OTHER EVENTS AND MENTIONS

- Continued donations to humanitarian needs including The Homeless; The elderly and children in Israel, various other ministries and charities. Based on our approach of sowing into Local, National and International organisations
- Continued celebration and teachings around the biblical calendar and feasts
- A number of key activities were held including, leadership ordination and bar mitzvahs

## ENVIRONMENTAL IMPACT: CORONAVIRUS (COVID-19)

Conditions that arose within the previous financial reporting year, continue to be reviewed and maintained by the trustees/leadership team to mitigate the impact of COVID-19 and safeguards for operational activities.

At One New Man, we have Covid-19 risk assessment processes in place for all areas of our charity activities. Examining each part of the charity and fellowship in light of the Government's continually updated and changing guidance on managing the risk of coronavirus.

Through the risk assessment process:

- We're taking all reasonable steps to help and support people by holding fellowship meetings online where physical meetings are not possible
- We've enhanced our cleaning regimes
- We encourage handwashing and hygiene procedures in line with Government guidance, supply essential products and promote this via communications
- We're taking all reasonable steps to maintain a two-metre distance at meetings
- Where people cannot be two-metres apart, we've done everything we can to manage the risk of transmission (provision of masks, sanitisation lotion)

We will continue to monitor and reassess the risks associated with our operations and will make changes and improvements where we can.

The health, safety, and wellbeing of all associated with our charity and fellowship is at the forefront of our decision making.

## Financial Review

The income of the charity is below £10,000; derived from donations and offerings from regular attendees and visitors. Year on year costs were effectively managed over this period and are in line with the final surplus and reserves policy.

Although costs have increased to cater for the changes in our current climate, they still remain well below our own targets in terms of ensuring the majority of funds are allocated to charitable giving and support activities.

Charitable giving demonstrated a strong increase year on year with the exception of higher than usual previous year, where we were able to utilise additional donations and benefit from lower costs over the period.

No fund is in deficit and it is the agreement that any operations are run in such a way that a deficit should not occur.

At this time and immediate future, we do not foresee any significant impact on financial operations as a result of Coronavirus. Mainly due to the nature of our operations and ability to mitigate physical activities. Any potential impact is likely to be seen via a reduction in donations, where regular contributors might encounter financial difficulties, loss/reduction of income.

### RESERVES POLICY

It is the agreement of the charity trustees to maintain unrestricted funds, which are the reserves of the charity at about 3 months of unrestricted expenditure. This provides sufficient funds to cover any emergency expenditure that may arise from time to time. The charity will seek to maintain this level throughout the year. This agreement will be formalised in to policy as the work of the charity progresses and financial practices require.

As outlined in previous section, this includes management of activities and considerations for UK Government and HSE guidelines as related to COVID-19.

## FINANCIAL OUTGOINGS OVERVIEW

As detailed in the accounts for receipts and payments, the outgoings have been grouped by activity in order to provide a high-level view of expenditure for the charity.

## Plan for Future Periods

- ✚ Continue Biblical teachings that equip a person in their faith and everyday life and to ensure teaching with Hebraic roots and understanding
- ✚ Continue donating significant portion of charitable income to other humanitarian/charitable needs
- ✚ Create wider online media presence for spreading the core biblical message
- ✚ Further increase frequency of fellowship meetings and study groups

## Trustee Responsibilities

Under the Charities Act 2011, the trustees are required to prepare a statement of accounts for each accounting year which gives a true and fair view of the state of the charity. They are required to:
