The charity is run by Trustees and volunteers (no paid employees). Over the last years we have grown close ties with around 100 children's charities in Latvia and also cooperate with a handful of charities in UK, including those run by the Latvian diaspora.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

The purpose of the charity is to provide aid to children and parents in Latvia, who have suffered from emotional and physical abuse, and to those disadvantaged by age, disability, financial problems or other hardships.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

When planning the activities for the year, the trustees have considered the Charity Commission's guidance on public benefit, and in particular, the specific guidance on charities in relief of those in need, by reason of youth, age, ill-health, disability, financial or other disadvantage.

The objective of our charity is achieved through supporting charities throughout Latvia that work with children and parents:

- purchasing equipment / furniture / educational materials / household goods
 - to the crisis centres, that are the key institutions in Latvia, that provide temporary shelter to children and parents who have suffered from emotional and physical abuse,
 - to small charities in Latvia that work with parents and children,
 - to charities in Latvia that work with special needs children,
- supporting projects that educate / inform / create dialogue in Latvia in particular around the themes of modern parenting, inclusion of special needs people and other marginalised groups of people, recognition of LGBT rights
- distributing donations in kind, such as winter coats, toys among crisis centres and children's charities,
- assisting children's charities with translations from Latvian into English,
- assisting / cooperating with other Latvia based children's and parent's charities that have aligned objectives, including contributing to their libraries, sharing information that may be of use to them.

To enable the above, the trustees have retained focus on 3 key groups of activities throughout the year:

- raising funds and coordinating grants,
- collecting donations in kind, arranging transportation to Latvia and distribution,
- coordinating other skilled volunteer support.

Calendar of activities remained limited due to Covid restrictions:

- Oct 2021 Charity networking, hosted by one of the volunteers

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Giving for Latvia does not employ any staff or rent any premises or equipment. All work is done by trustees and volunteers to minimise any administrative costs.

Where possible, our events are hosted by our volunteers reducing overall costs.

Giving for Latvia does not have resources to give financial support directly to the individuals in need. Instead, trustees work with crisis centres and children's charities with aligned aims, to purchase goods that have been nominated by such charities and reviewed and approved by our grant committee.

Similarly, we initiate collection of donations in kind only once we have confirmed that the transportation costs for shipping of the donated goods to Latvia will be zero.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Grants to 17 children's charities in Latvia were issued during the period.

Giving for Latvia has expanded its activities towards informing / facilitating dialogue in the Latvian society and therefore prevention, to the extent possible, of any type of abuse. In parallel we are also contributing towards strengthening the role of charitable sector in Latvia:

- Free copies of a book by Norwegian psychologist Hedvig Montgomery (third and fourth book in the series of 5) and How to talk so kids will listen and how to listen so kids will talk by Adele Faber (first in the series) were distributed for free in 2021/22 to 75 charities that work with parents and children. These charities have committed to lend the books to their members and subsequently arrange discussions to engage parents on the topic of modern parenting approaches. Work on the next books in the series continues.
- We supported Latvian Autism Association with publishing of a 350 page book on autism as written by a team of 40 Finnish specialists. Thanks to us and other supporters the LAA could supply a free copy to every single one of around 800 libraries in Latvia.
- We continue to support pre/post-natal depression charity Debesmanna.com that organizes Children's Mental Health Week in Latvia through series of free of charge webinars for parents with the leading specialists in Latvia. The videos from their 2022 event had around 50thousand individual views.
- We also bought English language educational books to assist training of specialists at Children's Clinical University Hospital, Teenage Resource Centre, and other leading charities in Latvia.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The principal sources of Giving for Latvia funds are:

- fundraising from charity networking events,
- donations through social media like Facebook, fundraising platforms (People's Fundraising and Charities Aid Foundation), and sports fundraising, if any,
- matched donations, if any.

By supporting broader network of charities working with parents and children, we reduce the risk of children from disadvantaged families ever needing to seek help from crisis centres and other charities.

By supporting special needs children we ease their everyday life, and support their parents, as well as facilitate a dialogue in the society about inclusion and support for special needs people.
