Keeping Anthonia's dreams alive by helping others

Trustees' Annual Report 2024/2025

Anthonia Oyindamola Folakemi Afelumo Coshare (AOFAC) Foundation
Annual Return 01/9/23-31/8/24
Charity Registration Number:1162155

Anthonia Oyindamola Folakemi Afelumo Coshare (AOFAC) Foundation was set up in the name of young lady who died of a rare blood disease called Thrombotic Thrombocytopenic Purpura(TTP)

Our Mission:

We are a patient advocacy group with the following goals:

- Supporting patients, families and friends that are affected by TTP.
- Aiming to raise funds to support vital research into TTP with interest in Sickle Cell Disease and Lupus SLE.
- Promoting greater awareness of the disease in both the medical world and in the public arena
- Supporting and working with medical professionals and National organisations in the UK.
- Preserving the memory of Anthonia through education.

Our Vision:

A world where every person affected by TTP receives timely and accurate diagnoses, compassionate care, and improved quality of life.

We envision a society where TTP is widely understood by both medical practitioners and the public, leading to better treatment options and enhanced support for patients, families/caregivers and friends.

Through our efforts, we aim to honour the memory of Anthonia by making a lasting impact on TTP awareness, research, and patient well-being with an Interest in Sickle Cell Disease and Lupus SLE

Street Leafleting: From onset of the charity and in the year ended 2024/2025, we had varieties of TTP awareness events across the country most especially in Essex and in London. We also TTP education seminar virtually and in person

Annual TTP Awareness and Fund Raising Walk:

Aofac Foundation

Keeping Anthonia's dreams alive by helping others

Our Yearly TTP awareness and fund-raising walk is every first Saturday of September, this is open to all; We invite all and community leaders such as the local mayor, councillors and local press to join us for a 5k walk/ Run/Wheel. In 2024/2025 we have two starting points in the UK, one in Grays, Thurrock, Essex and another venue in London. This is to bring awareness to TTP, and to raise funds for the charity

Annual Praise and Prayer Concert

Our Yearly TTP Awareness Concert is a Sunday afternoon event on every first Sunday of September normally done on the High Street with permission from local council and the police, whereby we invite all local residence, Public Health, Faith Leaders, Local MP in the community and community leaders such as the local mayor, councillors and the local press: for music concerts, prayers and inform congregations of TTP by medical professionals including other medical rare blood conditions such as Sickle Cell and other auto-immune conditions such as Lupus SLE - However, we were unable to do this in 2024/2025 due to financial constraint.

Annual Charity Ball and TTP Awareness Evening.

This is one of our biggest annual events that we do on every first Saturday of December.

This is open to everyone across UK and around the world; this is a ticket sales event where we target at least 250 people to attend for a broader awareness of TTP. We supplement for some people that wants to come but cannot afford to pay for tickets

Consultant Haematologists are invited to talk on TTP on up-to-date treatments that are available; TTP patient case stories are also presented; We also invites TTP survivors, their family/carer to tell their own stories and experiences.

Grants and Finance

In 2024/25, Our income came from, grants, standing order and direct donations from the public; Standing order and donations = (£821) Ticket sales and donation during our charity ball and other events = (£12835), grant from Sanofi Genzyme (£2000), Funding from community Lottery Fund - Lottery grant (£0) and direct donations (£546) Totalled £16202
