Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	Think Pacific Foundation strives to support communities in need in Fiji. Our purpose is the prevention or relief of poverty by providing resource distribution and local empowerment and development, including educational development, training opportunities, improved infrastructure, improved access to health care and all necessary support to enable individuals to lead healthy lives
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Summary of Main Activities and Public Benefit</p> <p>During the reporting year, the Foundation continued to advance its charitable purpose of improving access to essential healthcare and supporting community wellbeing in remote areas of Fiji. The main activities undertaken in pursuit of this purpose, and for the direct public benefit, are summarised below.</p> <p>Fundraising and Income Generation</p> <p>The Foundation raised a total of £11,284.97, primarily through JustGiving donations from members of the community. Although the charity operated with limited capacity for organised fundraising events, the donations received provided vital resources to progress our healthcare-focused mission. These activities directly support our purpose by enabling the delivery of essential services and infrastructure in underserved regions.</p> <p>Health Clinic Development on Beqa, Fiji</p> <p>Income generated during the year was allocated toward one of the Foundation's key projects: the construction of a new health clinic on the remote islands of Beqa. This project aligns directly with our charitable objective of improving healthcare access for isolated communities.</p>

	Para 1.18	<p>Activities undertaken during the year included:</p> <ul style="list-style-type: none"> • Preparatory planning, coordination, and engagement with local community leaders and partners. • Budgeting for materials, logistics and initial construction work. • Oversight of the early implementation phase of the clinic build. <p>Although the clinic reached full completion in November 2025 and outside the accounting period covered by this report, the groundwork and investment undertaken this year were essential to the successful delivery of the project. Once fully operational, the clinic will provide direct public benefit by offering accessible primary healthcare services to the residents of Beqa. A fuller account of the clinic's completion and community impact will be documented in next year's report.</p> <p>The Trustees confirm that all activities carried out during the year were undertaken wholly in line with the Foundation's charitable purposes and with due regard to the Charity Commission's guidance on public benefit. The health clinic project represents a significant advancement of these purposes by addressing health inequalities, supporting community resilience, and improving quality of life for beneficiaries in Fiji.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Summary of the Main Achievements and the Difference Made to Beneficiaries.</p> <p>During the year, the Foundation made meaningful progress towards its mission of improving healthcare access and community wellbeing in remote regions of Fiji. Although operating with modest financial resources and limited organisational capacity, the charity achieved several significant milestones that have delivered tangible benefits to its intended beneficiaries and contributed to broader societal good.</p> <p>1. Strengthening Access to Healthcare for Remote Communities - A central achievement of the year was the advancement of the Beqa Health Clinic Project, an initiative designed to address the longstanding lack of accessible healthcare on the remote islands of Beqa.</p>

		<p>Funds raised throughout the year enabled the Foundation to move the project from planning into active development, laying the essential groundwork for the facility's construction.</p> <p>Key achievements included:</p> <p>Securing sufficient income to initiate the build.</p> <p>Coordinating early-stage construction activities with local partners.</p> <p>Ensuring the project met the cultural, environmental, and practical needs of the community it is intended to serve.</p> <p>Although the clinic's final completion occurred shortly after the end of this reporting period, the progress made this year was instrumental in delivering a facility that will have a profound and lasting impact.</p> <p>Impact on Beneficiaries: Once operational, the clinic will provide residents with safe and reliable access to primary healthcare, reducing the need for long and often hazardous journeys to mainland medical services. The project directly addresses health inequalities by giving communities in remote island settings the same basic rights to healthcare enjoyed elsewhere.</p>

<p>Achievements against objectives set</p>	<p>Para 1.41</p>	<p>The Trustees are satisfied that achievements made met our objectives to relieve poverty and hardship in Fiji.</p>
--	------------------	--

<p>Performance of fundraising activities against objectives set</p>	<p>Para 1.41</p>	<p>The objective of the period was to achieve over £10,000 in income towards the building aim, which we achieved.</p> <p>Despite limited capacity for formal fundraising, the Foundation successfully inspired strong community engagement, raising £11,284.97 predominantly through grassroots contributions. This achievement demonstrates not only financial support but also increased awareness of the challenges faced by Fijian communities and the importance of equitable healthcare provision.</p> <p>This collective support has ensured that vulnerable populations in Beqa receive sustained attention and practical assistance. We continue to build a long-term foundation for future projects that will further benefit.</p>
<p>Investment performance against objectives</p>	<p>Para 1.41</p>	<p>The trustees are satisfied with the investment against objectives, and approach taken in the best interest of the communities we serve.</p>

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	Think Pacific Foundation strives to support communities in need in Fiji. Our purpose is the prevention or relief of poverty by providing resource distribution and local empowerment and development, including educational development, training opportunities, improved infrastructure, improved access to health care and all necessary support to enable individuals to lead healthy lives.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>It was heartening to see that donations more than doubled from the previous year, however, these are still at low levels compared to pre-covid and the Foundation is still within a period of recovery following the Pandemic.</p> <p>In a purposeful strategy to maintain the reserves policy and increase income for the future growth and impact of the charity, the Trustees decided not to grant income in this period and instead focus upon building funds and reserves to enable greater long term support to the communities we serve.</p> <p>The Trustees have large goals ahead to allocated funding towards the achievement of infrastructure projects due to take place in 2024 with a partner charity, Think Pacific Foundation (FIJI), a registered charitable trust in the Fiji Islands. This project will improve access to health and medical facilities for rural communities in Fiji. The trustees believe that by growing funds towards this project, this will create the greatest impact for donors funds.</p> <p>Trustees look forward to seeing an increase in the donations and capacity of our charity and the impact that shall be made ahead in Fiji. The Trustees are very confident in the future of Think Pacific Foundation.</p>

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The charity was pleased to review projects and see the ongoing positive impact that is being maintained through previous initiatives and donations. These included:</p> <p>Improving local infrastructure</p> <p>These aims are guided under our Memorandum of Understanding with the Ministry of Health and Medical Services in Fiji and the Ministry of iTaukei Affairs.</p> <p>Think Pacific building projects aim to provide vital infrastructure and development for rural communities in the Fiji islands.</p> <p>We received feedback from local site visits that previous buildings are being used by the local population, utilized for health promotion initiatives and reducing travel time to hospitals. We additionally received feedback from the Ministry of Health they they have continued to supply medical resources to these facilities.</p>

		<p>Youth & Personal Development</p> <p>Youth Empowerment Projects aim to stimulate discussions on important topics at a grassroots level and ignite action towards positive activities. The initiative comes with the overriding purpose of encouraging attributes and awareness amongst young people in rural areas, the leaders of tomorrow, where future change is made real in the next generation. Across the year these projects were reviewed and overall impact assessed.</p> <p>These initiatives funded by the charity have achieved the following:</p> <ol style="list-style-type: none"> 1) 167 Sessions Delivered in Rural Communities in total 2) 97% of participants said their confidence grew through the initiatives 3) 19% Average Increase In Self-Assessed Communication Skills 4) 32% Average Increase in mental health awareness 5) 177 local people trained in first aid 6) 94 youth trained in mental first aid. 7) 29% average increase in youth playing structured sports <p>Education & Youth Programme</p> <p>We have received positive feedback from communities and the Ministry of Education that our previous initiatives continue to provide long term benefit within communities, including sports and extra-curricular clubs that were created continuing to operate locally, early years education centres that we created also operating sustainably and numerous accounts of children we have supported now moving into further education, university or professional careers.</p>

Para 1.20	<p>No grants were provided by Think Pacific Foundation during the year. However, the charity was pleased to review projects and see the ongoing positive impact that is being maintained through previous initiatives and donations. These included.</p> <p>Improving local infrastructure</p> <p>Think Pacific building projects aim to provide vital infrastructure and development for rural communities in the Fiji islands. These aims are guided under our Memorandum of Understanding with the Ministry of Health and Medical Services in Fiji and the Ministry of iTaukei Affairs.</p> <p>Think Pacific has assisted in the development for 191 village communities across 9 Provinces in Fiji. This has included the establishment of health clinics, which are now sustainably serving over 5000 people in rural communities.</p>

		<p>Youth & Personal Development</p> <p>Youth Empowerment Projects aim to stimulate discussions on important topics at a grassroots level and ignite action towards positive activities. The initiative comes with the overriding purpose of encouraging attributes and awareness amongst young people in rural areas, the leaders of tomorrow, where future change is made real in the next generation. Across the year these projects were reviewed and overall impact assessed.</p> <p>These initiatives funded by the charity have achieved the following:</p> <ol style="list-style-type: none"> 1) 167 Sessions Delivered in Rural Communities in total 2) 97% of participants said their confidence grew through the initiatives 3) 19% Average Increase In Self-Assessed Communication Skills 4) 32% Average Increase in mental health awareness 5) 177 local people trained in first aid 6) 94 youth trained in mental first aid. 7) 29% average increase in youth playing structured sports <p>Educational Programme</p> <p>Think Pacific has collaborated with Fijian NGO 'Child Benefit Fiji' and 'Mobile Kindy' in the design and delivery of a project to support education of early years and primary school aged children suffering hardship. This programmes is continuing to provide early education and parental support to over 200+ children annually.</p>

Trustees' Annual Report for the period

From 1.2.21 to 31.1.22

Charity name: Think Pacific Foundation

Charity registration number: 1162190

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	Think Pacific Foundation strives to support communities and children in need in Fiji. Our purpose is the prevention or relief of poverty in the Fiji Islands by providing or assisting in the provision of educational support and development, extra-curricular advancement, sports development, training opportunities, improved infrastructure, improved access to health care and all necessary support to enable individuals to lead healthy lives.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>This period largely saw Fiji still under national lockdowns due to the global COVID pandemic. However, by December, and with a very strong vaccination campaign, restrictions began to ease and Think Pacific could again focus upon our in-country impact.</p> <p>During the year, Think Pacific Foundation donated funds to support local community health campaigns and also an educational project alongside Fijian NGO 'Child Benefit' to support children's 'Catch up after Covid' learning.</p> <p>The charity also provided donations to support physical infrastructure and towards the building of a health dispensary, which was completed fully by June 2022.</p> <p>Think Pacific Foundation provided all grants to Think Pacific Foundation (Fiji) which is a separate local registered charitable trust in the Fiji Islands (FJ 989) in order to achieve the projects aims.</p> <p>Images on the next page show the opening ceremony of the village 'health dispensary' in Nativi, Ra Provicne which was created using funding by Think Pacific Foundation during the year.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Through the grants provided by Think Pacific Foundation during the year, the charity was able to facilitate several core objects to improve the lives of people living in hardship. These included:</p> <p>Improving local infrastructure</p> <p>Donations were used to purchase building materials to complete a health dispensary in Nativi village, Ra Province. The achievement of these projects enables the village nurse to have a facility to provide consultations and also act as a secure dispensary for medicines. The project is supported by the Fijian Ministry of Health, who Think Pacific Foundation (Fiji) sought advise and endorsement before completing to ensure the facilities meet national standards and directives for health.</p>

		<p>Health Training & Advocacy:</p> <p>Alongside the building of the facilities, grant funding was provided to support the training of local people in first aid training. The aim was to advance local knowledge and skills as well as promote awareness of health in remote and poor areas. Fiji is a country with one of the highest rates of non-communicable disease and awareness campaigns are vital to reduce this national issue, which particularly impacts poorer communities.</p> <p>Educational Programme</p> <p>Think Pacific collaborated with Fijian NGO 'Child Benefit Fiji' and 'Mobile Kindy' in the design and delivery of a project to support education of early years and primary school aged children who had been impacted by Covid.</p> <p>Cyclone Relief & Resilience</p> <p>Think Pacific Foundation continued to make small grants to local Fijian organisations to support initiatives to help communities impacted by cyclones last year. This included projects to provide shelter, agriculture support and healthcare resources.</p>

<p>Achievements against objectives set</p>	<p>Para 1.41</p>	<p>The Trustees are satisfied that achievements made met our objectives to relieve poverty and hardship in Fiji.</p> <p>This was a year where the whole world faced huge challenges due to COVID-19 and we were proud to be able to continue our impact in this climate.</p>
--	------------------	--

<p>Performance of fundraising activities against objectives set</p>	<p>Para 1.41</p>	<p>The Trustees are very satisfied with the impact made during the period and furthering the objects of the charity to support Fijian communities in need.</p> <p>Trustees are, however, disappointed that income from fundraising was lower than expected. Considering the huge challenges faced due to the global pandemic and the negative impact this had upon normal fundraising plans and reduction in charity donations globally, this is understandable.</p> <p>The charity implemented innovative new sources of fundraising, including using social media campaigns. Trustees acknowledge that much of this fundraising effort, whilst not providing great benefit in this period, will be fruitful to income and donations in the future as early signs already show.</p>
<p>Investment performance against objectives</p>	<p>Para 1.41</p>	<p>The trustees are satisfied with the investment against objectives, considering such a difficult obstacles due to COVID. Trustees are confident of achieving greater financial performance ahead.</p>

Charity registration number: 1162190

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	Think Pacific Foundation strives to support communities and children in need in Fiji. Our purpose is the prevention or relief of poverty in the Fiji Islands by providing or assisting in the provision of educational support and development, extra-curricular advancement, sports development, training opportunities, improved infrastructure, improved access to health care and all necessary support to enable individuals to lead healthy lives.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>The activities of the Think Pacific Foundation during this period focused upon advancing health for rural communities in hardship. The charity chose to focus on this area, due to being such a highly relevant issue as the world faced the impacts of global pandemic, COVID-19.</p> <p>During the year, Think Pacific Foundation worked with remote communities to achieve the building and completion of three health centres, in poor and rural communities in Fiji. All materials and local planning and labour costs were funded by the foundation. These projects advance health and wellbeing in rural areas, including helping to facilitate the vaccination roll out in the Fiji Islands.</p> <p>The following video link shows the construction of one of the health centres, completed in June 2021 in Narikoso village. This video was shared to donors to update on the progress: https://vimeo.com/443372262</p> <p>Additional support was provided to facilitate local training and youth empowerment initiatives for unemployed and disadvantaged youth in Fiji. The charity also provided donations to support communities suffering damage due to cyclones and assist local relief projects.</p> <p>Think Pacific Foundation provided all grants to Think Pacific Foundation (Fiji) which is a separate local registered charitable trust in the Fiji Islands (FJ 989) in order to achieve the projects aims.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Through the grants provided by Think Pacific Foundation during the year, the charity was able to facilitate several core objects to improve the lives of people living in hardship. These included:</p> <p>Improving local infrastructure</p> <p>Donations were used to provide the entire construction of three health centre buildings. The achievement of these projects enables the village nurse to have a facility to provide consultations and also act as a secure dispensary for medicines. The project is supported by the Fijian Ministry of Health, who Think Pacific Foundation (Fiji) sought advise and endorsement before completing to ensure the facilities meet national standards and directives for health. Health Clinics were completed in Naelecibi Village and Narikoso village and Namoli Village, all in the remote Ra province, which was heavily impacted by cyclone damage in recent years.</p>

		<p>Health Training & Advocacy:</p> <p>Alongside the building of the facilities, grant funding was provided to support the training of local people in first aid training and promote advocacy of health in conjunction with Fiji Red Cross. The aim was to advance local knowledge and skills as well as promote awareness of health in remote and poor areas. Fiji is a country with one of the highest rates of non-communicable disease and awareness campaigns are vital to reduce this national issue, which particularly impacts poorer communities.</p> <p>Youth Empowerment</p> <p>Think Pacific donated education and sports resources to enable 57 youths to engage in a youth leadership and empowerment project focused on developing life skills and employment prospects to young men and women living in hardship. The programmes were delivered for youth groups of Nabudrau Village, Namoli Village and Naelecibi Village</p> <p>Cyclone Relief & Resilience</p> <p>Think Pacific Foundation made grants to local Fijian organisations to support initiatives to help communities impacted by cyclones. This included projects to provide shelter, agriculture support and healthcare resources.</p> <p>.</p>
