It sets out the terms and conditions under which we can develop this area for the benefit of the community. We are currently in negotiation with NRW for a new Management Agreement starting in 2026. Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To promote, for the benefit of the inhabitants of Ystrad Fflur and surrounding communities, the provision of facilities for recreation or other leisure time occupation for the public at large in the interests of social welfare and with the object of improving the condition of life of the said inhabitants in particular by developing the woodland known as Coed y Bont as a community woodland.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

1. The provision and improvement of access to the woodland. This involves: installing new paths, including way-marked easy access paths; repairing and improving existing paths; providing picnic tables and benches and ensuring continued maintenance.
2. The provision of publicity and information including: a welcome and information board at the woodland entrance; printing publicity leaflets that explain and interpret what the woodland has to offer; holding public events to show people different aspects of the woodland's wildlife; and publicising our activities and events through social media, posters and the press. Coed y Bont has a very active Facebook page, providing news and detailing events and achievements.
3. The conservation of the woodland's wildlife including undertaking surveys of the fauna and flora and carrying out woodland management to enhance the biodiversity.
4. Involving as many local people as possible by: engaging local volunteers to undertake practical work in support of the provision of access, conservation and information provision objectives; involving the children from the local primary school and the youth club in projects like making bird and dormice boxes.

In undertaking the activities and in making decisions about them the trustees have constantly had due regard to the Charity Commission's guidance on public benefit. The vision was to create an attractive, interesting and quiet place that is free and open at any time for people to visit, where they can enjoy the woodland and its wildlife. We believe that this has been fully achieved and because the people in the local community have been heavily involved in making this happen it gives them an added sense of pride and ownership in their achievement. Local people regard Coed y Bont as an extremely valuable asset to the area and many visit it for walks on a daily basis. It is also a popular place for visitors and it is now on NRW's own website that promotes visitor attractions at their woodlands in Wales.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Volunteers from the local community help the charity in all sorts of different ways: acting as trustees, helping with the management group; organising and running events; designing producing and organising publicity material, being responsible for financial control and records; providing technical expertise on wildlife and woodland management; and carrying out the hard physical work that is required for the management and maintenance of the woodland and all the infrastructure facilities that we are installing. Volunteers work to provide facilities for organisations like the Cylch Meithrin and local primary school for children to experience outdoor education opportunities in a woodland environment.

Without our volunteers there would be no community woodland project.

Any funds that are not required for Coed y Bont activities are deposited in the bank to gain interest

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Achievements during April 2024 to March 2025 were:

- The improvements made to Coed y Bont by the volunteers have encouraged the local Cylch Meithrin and Primary School to run outdoor education activities in the woodland for local children.
- Volunteers continued to meet monthly to undertake general maintenance and improvements.
- Coed y Bont once again received the Keep Wales Tidy Green Flag Award for 2024-25, giving continued recognition to the site as a well-managed public green space.
- Coed y Bont continues to support the work of Llais y Goedwig. A representative attended the Llais y Goedwig stand at the Royal Welsh Show and the National Eisteddfod to promote community woodlands in Wales.

The enthusiasm and keenness of Coed y Bont's volunteers continues unabated. Sometimes the work is quite strenuous and physically demanding but people enjoy seeing the progress and improvements arising from their efforts.

The charity continues to enjoy support from the local community. Many local people say how much they appreciate having the community woodland on their doorstep and are grateful for the work of the volunteers. Feedback from visitors is equally positive.
