## **Covid 19 Impact**

As with many organisations, we have been following Government Guidance since March 16<sup>th</sup> 2020 to minimise the risk to the public, our staff, volunteers and members. The impact on revenue will be significant due to the risks and social distancing rules. As the rules are gradually relaxed Trustees are optimistic that the normal activities will be resumed going forward.

## **Risk management**

The trustees have assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the project , and are satisfied that systems are in place to mitigate our exposure to major risks.

## **Reserves policy**

The Reserve Fund represents unrestricted funds. The Trustees aim to maintain sufficient reserves so as to give flexibility to cover temporary timing differences for donations received, adequate working capital for core costs and which allow them to respond quickly to the needs of the Charity.
