

DIVINE LOVE & RECONCILIATION ANNUAL REPORT FOR 2023

At the beginning of the year HDL&R set out to promote the Christian faith alongside showing the essence of the faith in the daily lives of the people that attended the church services.

Activities:

Sunday Service – The group held its main services partly online every Sunday and occasionally face-to-face, ensuring that the truth as provided in the Holy Bible was taught. This was followed by songs of praise and worship and capped by captivating sermons from various speakers during the year. We also had mid-week services on Tuesdays and Thursday where members were encouraged to live a Christ-like life. These sessions had biblical discussions which focused more on how to reconcile the wounded in our community back to God by showing them love. Prayers were constantly made for the sick, homeless, the unemployed, other individual challenges and the nation at large. Due to COVID-19, we have continuously had mid night Friday prayers for the entire nation. We have also added a daily 30 minutes prayer for the members and the nation at large as a response the different current challenges in the world.

Fellowship – The group gradually, started getting back to gathering together as the occasion demanded. Our online sessions were used extensively and everyone contributed from the comfort of their own homes.

Outreach – Recovery from COVID-19 lockdowns had prevented us from having any outreach as intended at the start of the year.

Devotions – Our Tuesday mid-week prayer services where focused on praying for the sick (especially COVID-19 related), homeless, unemployed and the nation at large as well as gaining insights from the Holy Bible on living a Christ-Like life.

Counselling – Although due to confidentiality no records are kept of the organisation's involvement in Christian counselling to families, a lot of families appear to have benefitted from the simplistic free service provided by the ministers of the organisations. Counselling sessions continued online and many people were able to access the services digitally from their home especially after haven gone through the trauma of this challenging COVID-19 period. We have been consistently engaging everyone to rebuild their lives from the COVID-19 challenging period.

Teaching – On a regular basis teaching of the Holy Bible helped build up people that attended our online church services and have also helped the Youths who have now become very engaged in their weekly Wednesday youth sessions. Our Thursday mid-week online services have been committed to Bible teaching, discussions and questions and answer sessions where everyone is free to ask questions and learn more about the Holy Bible. Also, a one-hour discipleship teaching session has been allocated on Sunday where we are all taught the Holy Bible. Our standard 30 minutes Bible teaching session allocated on Sundays has continued where other topics from the Holy Bible are treated in similar manner.

Accounts – At the end of 2022 the organisation was holding a balance of £9,811 which was received through purely freewill donation and gift from people that attended the church services. During the year 2023, it received £1,771 which added to the balance at

the start of the year was £9,811. Also, the expenses incurred during the year which were all paid, amounted to £835. The charity supported a member with an interest free loan which amounted to £7,500, leaving a balance of £3,247 at the end of 2023. Details of income and expenses are attached.

Music and Choir – During the year the music team and the choir engaged the youths with coordinating the praise and worship sessions during our Sunday services. Most of the young people who are part of the choir and the music team are mostly the main praise and worship leaders during most services.

Board of Trustees – Board of trustees held various digital meetings during the year to make sure that the charity was functioning properly.

Project team – The project team was very busy this year in planning and ensuring that the different standard activities that normally took place physically which had become digital, could now effectively go on physical as it had normally been. This has been challenging as many families had become accustomed to digital meetings and platforms. Hence, gradual migration from digital to physical activities has commenced and the focus is to get back to meeting face for face.

General Assembly – The general assembly which includes every member are at the pinnacle of the charity structure and the leaders work for them. During the year they were given the opportunity to direct the affairs of the charity in a meeting named the Annual General Meeting (AGM). This meeting is scheduled to hold after every six months but was successfully held once in 2023 due to challenges with meeting physically.

INCOMING RESOURCES

Recognition of incoming resources	These are included in the Statement of Financial Activities (SoFA) when: - the charity becomes entitled to the resources; - the trustees are virtually certain they will receive the resources; and - the monetary value can be measured with sufficient reliability.
Incoming resources with related expenditure	Where incoming resources have related expenditure (as with fundraising or contract income) the incoming resources and related expenditure are reported gross in the SoFA.
Grants and donations	Grants and donations are only included in the SoFA when the charity has unconditional entitlement to the resources.
Tax reclaims on donations and gifts	Incoming resources from tax reclaims are included in the SoFA at the same time as the gift to which they relate.
Contractual income and performance related grants	This is only included in the SoFA once the related goods or services have been delivered.
Gifts in kind	Gifts in kind are accounted for at a reasonable estimate of their value to the charity or the amount actually realised. Gifts in kind for sale or distribution are included in the accounts as gifts only when sold or distributed by the charity. Gifts in kind for use by the charity are included in the SoFA as incoming resources when receivable.
Donated services and facilities	These are only included in incoming resources (with an equivalent amount in resources expended) where the benefit to the charity is reasonably quantifiable, measurable and material. The value placed on these resources is the estimated value to the charity of the service or facility received.
Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.
Investment income	This is included in the accounts when receivable.
Investment gains and losses	This includes any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources.
Governance costs	Include costs of the preparation and examination of statutory accounts, the costs of trustee meetings and cost of any legal advice to trustees on governance or constitutional matters.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the charity.
Support Costs	Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least £500. They are valued at cost or a reasonable value on receipt.
Investments	Investments quoted on a recognised stock exchange are valued at market value at the year end. Other investment assets are included at trustees' best estimate of market value.
Stocks and work in progress	These are valued at the lower of cost or market value.

Note 15	Additional Disclosures
----------------	-------------------------------

The following are significant matters which are not covered in other notes and need to be included to provide a proper understanding of the accounts. If there is insufficient room here, please add a separate sheet.

Following the impact of coronavirus general level of economic hardship 2022 activities have generally been online and therefore has affected income and expenditure dramatically. As a result of reduction in activities, the account showed a net increase of income from £200.10 in 2021 to 686.48 during 2022, but expenses remained low attributed to Googlemeet subscription and other costs.

In 2022, net expenses was less than income by £506.49 and leadership is critically looking at ways to ensure that income picks up during the next few years.
