

DIVINE LOVE & RECONCILIATION ANNUAL REPORT FOR 2023

At the beginning of the year HDL&R set out to promote the Christian faith alongside showing the essence of the faith in the daily lives of the people that attended the church services.

Activities:

Sunday Service – The group held its main services every Sunday in person, ensuring that the truth of the Holy Bible was faithfully taught. These services were followed by songs of praise and worship, and concluded with inspiring sermons delivered by various speakers throughout the year. We also held mid-week services on Tuesdays and Thursdays, where members were encouraged to live Christ-like lives. These sessions included biblical discussions that focused on reconciling the wounded in our community back to God by demonstrating love. Prayers were consistently offered for the sick, the homeless, the unemployed, children and youths, individual challenges, and the nation as a whole.

Following adjustments made due to COVID-19, we have continued to hold midnight Friday prayers for the entire nation. In response to the ongoing global challenges, we also introduced a daily 30-minute prayer session for both members and the nation. The year concluded with the addition of a 30-minute morning prayer session, dedicated to addressing the various personal challenges individuals were facing.

Fellowship – Sunday face-to-face group services are now held consistently, with members gathering together every week. Our online sessions were also extensively used for weekly meetings, allowing everyone to participate from the comfort of their homes.

Outreach – Since recovering from the COVID-19 lockdowns, we have not been very consistent in holding outreach sessions as originally planned at the start of the year. However, we devoted our outreach time to supporting brethren who faced personal challenges, helping them get back on their feet after facing difficulty.

Devotions – Our Tuesday mid-week prayer services focused on praying for the sick, the homeless, the unemployed, children and youths, individual families, and the nation at large. These sessions also included gaining insights from the Holy Bible on how to live a Christ-like life.

Counselling – Although, due to confidentiality, no records are kept of the organisation's involvement in Christian counselling for families and individuals, many have benefitted from the simple, free counselling services provided by the organisation's ministers. These counselling sessions continued online, allowing many to access the support digitally from the comfort of their homes. We have remained consistent in engaging with everyone and supporting members in living a comfortable and fulfilling life in Christ.

Teaching – Regular teaching of the Holy Bible has consistently strengthened those attending our face-to-face Sunday services and Thursday online church services. It has also positively impacted the youths, who are now actively engaged in their weekly Wednesday youth sessions. Our Thursday mid-week online services remain dedicated to Bible teaching, open discussions, and question-and-answer sessions, where everyone is free to ask questions and grow in their understanding of the Scriptures.

In addition, our one-hour discipleship teaching session on Sundays focused on in-depth Bible study has been especially rewarding for all participants. We have also continued our standard 30-minute Sunday Bible teaching sessions, where various biblical topics are addressed in a similar format.

Accounts – At the end of 2023 the organisation was holding a balance of £3,247 which was received through purely freewill donation and gift from people that attended the church services. During the year 2024, it received £2,365 which added to the balance at the start of the year that was £3,247. Also, the expenses incurred during the year which were all paid, amounted to £1,055. The charity had a total balance of £4,557 at the end of 2024. Details of income and expenses are attached.

Music and Choir – During the year the music team and the choir engaged the youths with coordinating the praise and worship sessions during our Sunday services. Most of the young people who are part of the choir and the music team are mostly the main praise and worship leaders during most services.

Board of Trustees – Board of trustees held various digital meetings during the year to make sure that the charity was functioning properly.

Project team – The project team was very active this year, successfully planning and transitioning various standard face-to-face activities to digital formats. This process came with challenges, as many families had become accustomed to digital meetings and platforms. However, the migration from digital back to physical gatherings particularly for Sunday services has been highly effective. The team has also successfully integrated both face-to-face and digital participation, enabling those who are unable to attend in person to join sessions virtually and contribute meaningfully. This hybrid approach has been especially rewarding, as it has allowed everyone to participate in all standard meeting sessions.

General Assembly – The general assembly, which includes all members, stands at the pinnacle of the charity's structure, with the leaders serving the members. Although an Annual General Meeting (AGM) did not take place during the year, the option for members to attend meetings either physically or digitally ensured broad participation. As a result, members were able to express any concerns, which were taken on board by the leadership team and incorporated into the running of the organisation. The group plans to resume its biannual AGM meetings in 2025.

§ if no changes have been made to accounting policies then delete these words.

1.3 Changes to previous accounts

No changes have been made to accounts for previous years (§§ except for the following).

Give details in this box of any material changes that have been made.

§§ if no changes have been made to accounts for previous periods then delete these words.

Note 2 Accounting policies

This standard list of accounting policies has been applied by the charity except for those deleted. Where a different or additional policy has been adopted then this is detailed in the box below.

INCOMING RESOURCES

Recognition of incoming resources	These are included in the Statement of Financial Activities (SoFA) when: - the charity becomes entitled to the resources; - the trustees are virtually certain they will receive the resources; and - the monetary value can be measured with sufficient reliability.
Incoming resources with related expenditure	Where incoming resources have related expenditure (as with fundraising or contract income) the incoming resources and related expenditure are reported gross in the SoFA.
Grants and donations	Grants and donations are only included in the SoFA when the charity has unconditional entitlement to the resources.
Tax reclaims on donations and gifts	Incoming resources from tax reclaims are included in the SoFA at the same time as the gift to which they relate.
Contractual income and performance related grants	This is only included in the SoFA once the related goods or services have been delivered.
Gifts in kind	Gifts in kind are accounted for at a reasonable estimate of their value to the charity or the amount actually realised. Gifts in kind for sale or distribution are included in the accounts as gifts only when sold or distributed by the charity. Gifts in kind for use by the charity are included in the SoFA as incoming resources when receivable.
Donated services and facilities	These are only included in incoming resources (with an equivalent amount in resources expended) where the benefit to the charity is reasonably quantifiable, measurable and material. The value placed on these resources is the estimated value to the charity of the service or facility received.
Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.
Investment income	This is included in the accounts when receivable.
Investment gains and losses	This includes any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources.
Governance costs	Include costs of the preparation and examination of statutory accounts, the costs of trustee meetings and cost of any legal advice to trustees on governance or constitutional matters.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the charity.
Support Costs	Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least £500. They are valued at cost or a reasonable value on receipt.
Investments	Investments quoted on a recognised stock exchange are valued at market value at the year end. Other investment assets are included at trustees' best estimate of market value.
Stocks and work in progress	These are valued at the lower of cost or market value.

Section C	Notes to the accounts (cont)	2
Note	Additional Disclosures The following are significant matters which are not covered in other notes and need to be included to provide a proper understanding of the accounts. If there is insufficient room here please add a separate sheet. Following the impact of coronavirus general level of economic hardship 2022 activities have generally been online and therefore has affected income and expenditure dramatically. As a result of reduction in activities, the account showed a net increase of income from £200.10 in 2021 to £ during 2022, but expenses remained low attributed to Googlemeet subscription and other costs. In 2022, net expenses was less than income by £50 and leadership is critically looking at ways to ensure that income picks up during the next few years. In 2022 whilst we remained meeting online we provided a member with support through advancing an amount of £7500. In 2022 repayment of the advance commenced at £500 per month with the aim to repay the advance over 15 months. We also gradually started meeting in person towards the last quarter of the year leading to an average rental expenses of about £00 a month. We are gradually rebuilding our income.	end of year
