This year has been marked by meaningful growth, lasting impact, and a deepened commitment to our mission of engaging young people both within and beyond the community through worship, fellowship, and spiritual discipline. We have remained steadfast in nurturing faith on campuses and at home, equipping young people to embody Christian values in their everyday lives.

Throughout the year, we hosted regular worship sessions that created space for spiritual growth through praise and prayer. These gatherings also helped young people build confidence in leading worship and fostered a strong sense of belonging within the community.

The Trustees of Grace & Truth Ministries have continued to uphold their responsibility for safeguarding the charity's assets and formally approved this report on 21 April 2026 and signed by Rosemary Amankwah on their behalf.

In 2024, the church placed a strong emphasis on discipleship, nurturing spiritual growth and encouraging active service among its members. As part of this focus, several church leaders made intentional visits to youth members who had relocated to various university campuses for further education. These visits were an opportunity to encourage them to use their God-given gifts and talents—not only in service to the church, but also in making meaningful, positive contributions within their communities and the wider world.

To stay connected despite physical distances, the church effectively utilized virtual meetings. This not only fostered a continued sense of community and spiritual support, but also significantly reduced operational costs.

The Trustees of Grace & Truth Ministries remained steadfast in their commitment to stewardship, ensuring the safeguarding of all charitable assets throughout the year. This report was reviewed and approved by the Trustees on April 21, 2025, and has been officially signed by Rosemary Amankwah.

Although most of the youths have moved on to tertiary institutions the mission remains the same. Circumstances have changed but the call to make disciples is constant. The ministry is now investing in small group and 1 to 1 ministry in order to sustain connections especially to those who have moved to further their education. We are also looking at maintaining the connections with an ongoing online option both to serve those unable to attend in person and also to retain the new evangelistic opportunities technology allows.

Trustees members during the year were also responsible for safeguarding the charity assets and keeping paper records. Report approved by the trustees on the 23/04/23 and signed on their behalf by Rosemary Amankwah
