Trading to raise funds	0	Charitable Activities	3100
Charitable Activities	0	Investments	0
Voluntary Contribution	4066 + 144 = 4210		

Funds for future use = 1110

This year has been marked by meaningful growth, lasting impact, and a deepened commitment to our mission of engaging young people both within and beyond the community through worship, fellowship, and spiritual discipline. We have remained steadfast in nurturing faith on campuses and at home, equipping young people to embody Christian values in their everyday lives.

Throughout the year, we hosted regular worship sessions that created space for spiritual growth through praise and prayer. These gatherings also helped young people build confidence in leading worship and fostered a strong sense of belonging within the community.

The Trustees of Grace & Truth Ministries have continued to uphold their responsibility for safeguarding the charity's assets and formally approved this report on 21 April 2026 and signed by Rosemary Amankwah on their behalf.
