## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

To relieve sick children suffering with cancer in Tanzania by providing training, equipment, expertise and medicine, in coordination with the National Health framework in Tanzania.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

TLM UK was first incorporated in 2015 to support the work of a sister TLM organisation incorporated in Tanzania. These organisations are governed separately but cooperate fully. Both have similar goals.

TLM UK's aim is to raise funds and support TLM Tanzania by way of specific measurable and quantifiable activities. For example, by funding medical supplies, equipment and support procured and provided by TLM Tanzania.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

It is our intention that all financial requests for support activities from TLM Tanzania are measurable and are approved by the board of trustees of TLM UK before we supply goods or money to TLM Tanzania.

All trustees are volunteers and have either some link to the medical world or Dr Trish Scanlan or Tanzania. Dr Trish Scanlan has been working as the Medical Director for TLM Tanzania for a number of years.

Our goal is to provide long term sustainable programmes.

**Summary of the main achievements of the charity during the year**

Our fundraising has resulted in payments made to TLM Tanzania of £3,000 for the purchase of chemotherapy drugs.

We continue to manage a Golden Giving page, a Facebook page, a website and other activities to raise awareness and provide a channel for donations.
