**Section C Objectives and activities**

**Summary of the objects of the charity set out in its governing document**

1. TO RELIEVE THE NEEDS OF PEOPLE WHO ARE OR ARE AT RISK OF SUFFERING FROM, OR WHO ARE OR MAY BE AFFECTED BY, METASTATIC BREAST CANCER.

2. TO ADVANCE PUBLIC EDUCATION IN AND UNDERSTANDING OF METASTATIC BREAST CANCER, ITS SYMPTOMS, ITS TREATMENT AND RESEARCH RELATING TO IT.

3. TO ADVANCE RESEARCH INTO THE NATURE, CAUSES, DIAGNOSIS, PREVENTION, TREATMENT AND CURE OF METASTATIC BREAST

CANCER INCLUDING THE DISSEMINATION OF THE USEFUL RESULTS OF SUCH RESEARCH.

Second Hope is one of the only charities exclusively supporting those with Advanced Breast Cancer, and funding research into the condition. The charity is run purely by volunteers which means that all donations received go to fulfil our charitable aims and objectives

THE CHARITY HAS FOUR MAIN OBJECTIVES

**1.To raise awareness and increase knowledge of advanced breast Cancer**

There have been many advances in the treatment of breast cancer, but the fact remains that c30% of breast cancer sufferers will develop metastatic disease, sometimes years after their initial diagnosis. Sometimes people will go for months with unexplained symptoms without realising they may be connected to their previous breast cancer diagnosis.

We aim to raise awareness and increase knowledge of the disease by providing detailed information on advanced breast cancer and the symptoms to look out for.

**2.To support and empower those diagnosed and living with advanced breast cancer**

A secondary diagnosis is devastating but it is not an immediate death sentence. People can, through drugs and other treatments, achieve long periods of remission and have a good quality of life with the disease. We aim to empower those diagnosed with advanced breast cancer by providing up to date information on treatment options, local and national support groups and, on a practical level, the resources and financial benefits that may be available.

**3.To campaign on behalf of those affected by advanced breast cancer**

Despite a number of promising new treatments for advanced breast cancer, NHS funding is not always available. Although these treatments cannot cure advanced breast cancer, they can provide extra months, sometimes years, of good quality life, and we believe they should be available to all who need them.

We aim to ensure all advanced breast cancer patients have access to life extending drugs and treatments.

**4.To fund research into advanced breast cancer**

Around 30% of breast cancer patients will develop metastatic disease, yet it is estimated that less than only around 7% of all breast cancer research funding is dedicated to advanced breast cancer.

We aim to increase the proportion of funding which currently goes towards advanced breast cancer and will only fund peer-reviewed projects dedicated to researching advanced breast cancer and potential treatments.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

## Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

We have continued to support for Second Hope. In total, £21,812 was received through donations and fundraising in 2024-25. £21,105 came directly to Breast Cancer Now and a further £707 via the Second Hope bank account.

This income will go towards general secondary breast cancer research.

CANCER INCLUDING THE DISSEMINATION OF THE USEFUL RESULTS OF SUCH RESEARCH.

Second Hope is one of the only charities exclusively supporting those with Advanced Breast Cancer, and funding research into the condition. The charity is run purely by volunteers which means that all donations received go to fulfil our charitable aims and objectives

THE CHARITY HAS FOUR MAIN OBJECTIVES

**1.To raise awareness and increase knowledge of advanced breast Cancer**

There have been many advances in the treatment of breast cancer, but the fact remains that c30% of breast cancer sufferers will develop metastatic disease, sometimes years after their initial diagnosis. Sometimes people will go for months with unexplained symptoms without realising they may be connected to their previous breast cancer diagnosis.

We aim to raise awareness and increase knowledge of the disease by providing detailed information on advanced breast cancer and the symptoms to look out for.

**2.To support and empower those diagnosed and living with advanced breast cancer**

A secondary diagnosis is devastating but it is not an immediate death sentence. People can, through drugs and other treatments, achieve long periods of remission and have a good quality of life with the disease. We aim to empower those diagnosed with advanced breast cancer by providing up to date information on treatment options, local and national support groups and, on a practical level, the resources and financial benefits that may be available.

**3.To campaign on behalf of those affected by advanced breast cancer**

Despite a number of promising new treatments for advanced breast cancer, NHS funding is not always available. Although these treatments cannot cure advanced breast cancer, they can provide extra months, sometimes years, of good quality life, and we believe they should be available to all who need them.

We aim to ensure all advanced breast cancer patients have access to life extending drugs and treatments.

**4.To fund research into advanced breast cancer**

Around 30% of breast cancer patients will develop metastatic disease, yet it is estimated that less than only around 7% of all breast cancer research funding is dedicated to advanced breast cancer.

We aim to increase the proportion of funding which currently goes towards advanced breast cancer and will only fund peer-reviewed projects dedicated to researching advanced breast cancer and potential treatments.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

**Additional details of objectives and activities (Optional information)**

**You may choose to include further statements, where relevant, about:**

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

Supporters have continued to donate and fundraise for Second Hope. £9,163 was generated in 2021-22. From August 2022 – February 2023, approximately £4,000 has been raised year to date.

Funds reached an agreed level at the end of 2021-2022 and a decision was made to use this income to help fund Professor Clare Isacke's research, which is dedicated to secondary breast cancer, at the Breast Cancer Now Toby Robins Research Centre for a year (2022-2023).

An update was provided to supporters in Summer 2022. Future funds will be restricted to general secondary breast cancer research, and an update will be provided to supporters in Summer 2023.

## Section D Achievements and performance

**Summary of the main achievements of the charity during the year**

Generous supporters have continued to donate and fundraise for Second Hope. Once funds have reached a certain level (approximately £200k) a decision has been made to invest this to help towards a vital secondary breast cancer research project in 2022-23. Professor Clare Isacke's research at the Breast Cancer Now Toby Robins Research Centre at the Institute of Cancer Research, London, is seeking to understand the ways in which breast cancer cells grow and spread to other parts of the body. As this research is entirely dedicated to secondary breast cancer, Breast Cancer Now are continuing the aims of Second Hope.
