Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	A National UK Network for the benefit of the public to relieve the suffering of Poodles which are in need of care and attention and, in particular, to provide and maintain rescue and foster homes or other facilities for the reception and care of unwanted Poodles and the treatment of Poodles.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Poodle Network UK's objective is the advancement of the welfare of Poodles.</p> <p>We provide a public advice and education service for the owners and potential owners of Poodles in person, over the telephone, via websites and over social media. We offer free guidance and education to the public on poodle welfare in general and to the prevention of cruelty and suffering in poodles. We provide free public advice on the grooming needs, dietary requirements, veterinary care and treatment & hereditary issues, and behavioural issues of Poodles. We are the registered Breed Rescue for all sizes of Poodles with the Kennel Club and were invited by the Kennel Club to educate people at Discover Dogs about poodles and owning poodles.</p> <p>We offer a nationwide rescue and sanctuary service for Poodles, working with councils and dog wardens, the RSPCA, Dogs Trust and other charities to remove Poodles off the streets and to care for and rehabilitate abandoned, mistreated and lost Poodles.</p> <p>We have both temporary and permanent foster homes to give sanctuary and shelter to poodles which need it due to sickness, mistreatment, poor circumstances or ill usage and to provide the poodles with care, protection, medical treatment and security they need and to rehabilitate the poodles to enable them to be rehomed where possible. We provide veterinary care and treatment to Poodles under our care.</p> <p>We neuter and spay all the poodles coming into our care to ensure there are no unwanted or unexpected litters of puppies. We have actively fundraised throughout the year to raise the needed funds to care for the Poodles under our care.</p> <p>We actively seek new homes for our rescued poodles. No Volunteer or the Trustees benefitted personally in any way including financially or materially from their position within Poodle Network UK.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity	Para 1.18	We confirm the Trustees of Poodle Network UK have regard to the guidance on public benefit issued by the Charity Commission when

Commission on public benefit		exercising powers or duties to which the guidance is relevant. All Trustees are required to read and have regard to the guidance document. The public benefit of Poodle Network UK is demonstrated in our objectives and our activities statement.

Policy on grant making	Para 1.38	
Policy on social investment including program related investment	Para 1.38	
Contribution made by volunteers	Para 1.38	<p>Poodle Network UK is a large UK wide network of unpaid Volunteers who are essential to the Charity and we appreciate the time, skill set and resources every volunteer brings to the Charity. The role every volunteer undertakes is essential to the running of the charity.</p> <p>Every Trustee takes an active part in the day to day matters of the charity with most donating over 30 hours a week of their time.</p> <p>The Trustees are responsible for the overall management of the Charity and meet regularly via online meetings. The Trustees hold regular meetings with senior volunteers who in turn are responsible for co-ordinating other volunteers. Our volunteers include administrators, fosterers, transporters, telephone team, behaviourists, trainers, fundraisers, groomers, home-checkers, crafters, photographers and veterinary surgeons & veterinary nurses who provide us with advice.</p> <p>Our unpaid Trustees and volunteers look after all our Poodles and undertake all the associated administration tasks needed to vet prospective carers and the Poodles new homes, foster carers and their homes, new volunteers & any necessary training of them.</p> <p>Our foster carers, trainers and behaviourists rehabilitate any poodle which needs it and this can take months for some of the poodles and some are permanent foster carers where the dogs they care for will never be able to be rehomed due to medical and behavioural issues. It takes devotion and dedication to foster dogs and is exceptionally rewarding, frustrating and sometimes heart-breaking all at the same time. Our Trustees all have first-hand experience of this. There is nothing more rewarding to every volunteer than knowing they all played a part in rehabilitating a Poodle rescued from appalling conditions and seeing it happy in a loving caring new home and watching the Poodle continue to thrive.</p> <p>Our fundraising team organise the auctions and other fundraising activities to ensure we have the funds available to cover the costs of the Poodles and the day to day running of the Charity.</p> <p>Our telephone team and the rehoming and foster team members are available 365 days a year and we respond immediately when needed to help and assist the poodles. We have collected dogs on Christmas Day!</p> <p>All our volunteers are the heart of Poodle Network UK making it the successful charity it is.</p>

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>5Para 1.20</p>	<p>During the year of 2024, Poodle Network UK, rescued, cared for, protected, medically treated, rehabilitated and rehomed 179 poodles. The numbers we are being asked to take continues to increase partially due to the cost of living and also the cost of vets bills has seen an increase in the number surrender needing treatment. We are still feeling the effects of lockdown dogs which were unsuitable for breeding due to temperament and medical issues are now having puppies and we are seeing an increasing amount of behavioural issues including many who have bitten or are showing aggression, unsocialised dogs and dogs with medical conditions from parents which ordinarily wouldn't have been used for breeding which are being handed into the charity. This, in turn, has increased the length of time some are in foster and the medical bills to treat them. We have continued to pay the regular treatment costs for hydrotherapy and physiotherapy for Poodles which we have rescued and regular medication costs for Poodles with ongoing needs such as diabetes, heart problems, Addison's Disease and Cushing's Disease. The costs of veterinary treatments and medications for the dogs has continued to increase to more than double the prelockdown costs and in places some veterinary practices will not take on new patients, reducing the ability to find reasonably priced care. The tests vets are insisting on doing before treating our dogs is also increasing; for example in the past a 13/14 year old toy with heart issues would be prescribed Vetmedin, they are now insisting on heart scans at upto £1000 each before prescribing medication and then annually. Routine neutering costs and dental treatment have continued to increase and we are receiving more Poodles with skin, ear and allergy issues all requiring treatment. Corporate Groups of vets trying to upscale our Poodles care to their Specialist Centres is also an issue for our ongoing costs for treatments that used to be dealt with in house.</p> <p>In 2024 we took a litter of 8 puppies and their mother into our care. All the puppies were in a terrible state, very malnourished and requiring substantial veterinary treatment with some needing prolonged vet stays including one of the 11 week old puppies having to be resuscitated twice on the first night at the vets. Thankfully all the puppies recovered but most needed special diets for a prolonged period with 4 hourly feedings due to how small their stomachs were from the malnutrition. The costs involved in such rescues for veterinary treatment and care are substantial and we do not undertake these without ensuring we have funds to cover their costs and actively fundraise to recover our reserves. Many of our volunteers and supporters in the Poodle and Dog World went above and beyond again to donate and raise the funds for our Poodles. Facebook groups and individuals held auctions and raised funds and there are too many to name who donated individually to their care, every penny was appreciated.</p> <p>During the year we have worked with councils and other rescue charities in respect of abandoned Poodles in their locale assisting in rehoming Poodles handed in and found abandoned, providing the necessary veterinary treatment and rehabilitation. We have fundraised for the medical care of abandoned Poodles, thus saving others the cost to the benefit of the public good.</p>

		<p>We are referred Poodles from Dog Wardens across the country and are regularly recommended by vets as a place to rescue poodles and rehabilitate and rehome them. Poodle Network UK's reputation and success with rehoming Poodles and advising the public about Poodles and their needs increases year on year and we aim to continue this by increasing our volunteer numbers and our social media profile over the coming months and years.</p> <p>Our aim is to improve the situation of all unwanted Poodles; increase education to the public about Poodles and owning them and thereby benefit the Public as we do so.</p> <p>Our Trustees and volunteers all give their time freely, and without remuneration, to Poodle Network UK.</p>

Achievements against objectives set	Para 1.41	We were asked to take 179 poodles during the year of 2024 and providing the care those Poodles needed and our phone volunteers answered 1020 calls to our 0300 number with an average length of 5 minutes each plus hundreds of calls made as a result of email and Facebook messenger enquiries. These demonstrate that Poodle Network UK is actively achieving its objectives.
Performance of fundraising activities against objectives set	Para 1.41	Our income for the year increased in 2024 to £129,973 to provide the care our Poodles need demonstrates that Poodle Network UK is achieving its fundraising objectives

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	During the period 01/01/2024 to 31/12/2024, the charity received income totalling £129,973 and incurred expenditure of £111,370, generating a surplus for the year of £18,603. The total Unrestricted Funds at 31/12/2024 was £70,136
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The Charity seeks to hold a reserve of £30,000 in the main bank account to cover unforeseen or exceptional veterinary bills and the long term medication costs of any poodle needing life long treatment under our care. Vet bills are still increasing as has the number of poodles with lifelong medication needs and we are seeing more with Addison's Disease and serious ear infections requiring sedation to clean and treat at the vets taking many months to resolve. If one of our poodles or an incoming poodle has leg or spinal issues, this treatment can cost upwards of £8000 for mri and corrective surgery; whilst we actively fundraise to restore our reserves so we can cover these exceptional costs we need the money available to pay the vet hospital immediately. We are moving some dogs to specific fosterers to make use of Veterinary Teaching Hospitals like Liverpool University to try to minimise their treatment costs for serious issues.

The charity's principal sources of funds (including any fundraising)	Para 1.47	<p>Poodle Network UK's income received is from a variety of sources; donations from new carers for the dogs we rehome, donations from owners who hand dogs into Poodle Network UK, and a variety of fundraising activities by our volunteers.</p> <p>2024 has seen an increase in fundraising activities by our volunteers. Our supporters have continued to respond to appeals to contribute towards specific dogs care where the costs are above those normally expected.</p> <p>Notable fundraising activities during the year included our auctions of donated items and the Poodle Passion Facebook Group including sales of their calendars, Christmas cards and other items. We have received money from funeral collections and legacies and we would like to thank everyone who has donated in memory of their loved ones, it is very much appreciated that people have thought of Poodle Network UK at such sad times. We also continue to receive support from Poodle Clubs around the country.</p> <p>For dogs in need of expensive specialist treatment which is funded by our reserves our volunteers raised funds through facebook appeals to actively restore our reserves.</p> <p>We offer 5 weeks free insurance from Agria with each dog rehomed and receive commission from Agria on subsequent policy sales after expiry of the 5 weeks free.</p> <p>We have seen more people taking up the Agria policies and our Commission has increased from this. We also received income through the Paypal Giving Fund from Facebook fundraising campaigns and other websites like Easy Fundraising which give small donations as a result of orders placed with other companies through their sites.</p> <p>The principal source of funding for the Charity are Donations received from taking dogs into our care, rehoming donations from the new homes, general donations received from the public many of whom are Poodle and dog owners.</p>
Investment policy and objectives including any social investment policy adopted	Para 1.46	
A description of the principal risks facing the charity	Para 1.46	The principle financial risk facing the Charity is the continuing rise in veterinary costs of treatments and the ongoing monthly medical costs of poodles with ongoing conditions, which we continue to monitor throughout the year.
Other		<p>Our Income for the year 01/01/2024 to 31/12/2024 Totalled £129973 (2023-£110943)</p> <p>Expenditure for Poodle Network UK is mainly the veterinary costs, food costs and transport costs for moving our dogs to foster homes and new homes which accounts for 98.11% (2023 96.36%) of the expenditure during the year.</p> <p>Veterinary costs have increased from 2023 by £25495 and</p>

		<p>from 2021 to 2024 by £65816 which since the COVID lockdown our veterinary bills have almost tripled. The fundraising cost for 2024 is the fee for The Fundraising Regulator. We use The Kennel Club Anilog system for keeping records of our dogs, the Citrix Go To Meeting software for online meetings and Charity Microsoft licences which is 0.36% (2023 1.97%) of expenditure. Our 0300 telephone number and answering system and small contributions towards the rehoming teams mobile bills are 0.55% (2023 0.6%) of expenditure. Insurance for the charity is 0.52% (2023 0.66%) of expenditure. We do not pay bank charges on our main bank account, but we do on Paypal transactions and card readers at 0.15% (2023 0.39%) of expenditure. All our volunteers are unpaid.</p> <p>Total Expenditure from 01/01/2024 to 31/12/2024 was £111370 (2023 was £95180). On 176 rehomed dogs the average cost is £633 per dog, an increase of 20% on 2023.</p> <p><u>Payments to Trustees & Volunteers</u></p> <p>All receipts and expenses forms for expenditure by Trustees and Volunteers on items solely for the use of Poodle Network UK for care of the dogs and running of the Charity were received, checked and reimbursed in accordance with the financial controls policies and procedures.</p> <p>The Trustees and Volunteers are all unpaid for their role in Poodle Network UK.</p> <p>Items refunded included, postage and stationary, the cost of software licences, website and domain registrations which have to be paid by card and veterinary bills for foster dogs when vets required immediate payment by card. Any item requiring payment by card was authorised by the Trustees and personal cards were used because no Trustee or Volunteer has cards linked to the charities accounts. Stitch & Burn who embroider items for the Charity like clothing, bags and dog items is a company connected to Hannah Aldcroft. Cost prices for the items are checked to ensure they cannot be purchased at a lower cost elsewhere.</p>

The founder of the Charity, Dr Susan Woodhall, resigned as Chair and Trustee on 09/04/2024 to spend more time with her family and took on the role of Patron. Mrs Tracey Guthrie also resigned as Secretary and Trustee on 22/04/2024. Poodle Network UK would like to thank them for all their work over the years; they were actively involved with the Charity and the large number of Poodles they helped to rescue and rehabilitate. The current Trustees and Committee will ensure their work continues in the future.

We offer free guidance and education to the public on poodle welfare in general and to the prevention of cruelty and suffering in poodles. We provide free public advice on the grooming needs, dietary requirements, veterinary care and treatment & hereditary issues, and behavioural issues of Poodles. We are the registered Breed Rescue for all sizes of Poodles with the Kennel Club and were invited by the Kennel Club to educate people at Discover Dogs about poodles and owning poodles.</p> <p>We offer a nationwide rescue and sanctuary service for Poodles, working with councils and dog wardens, the RSPCA, Dogs Trust and other charities to remove Poodles off the streets and to care for and rehabilitate abandoned, mistreated and lost Poodles.</p> <p>We have both temporary and permanent foster homes to give sanctuary and shelter to poodles which need it due to sickness, mistreatment, poor circumstances or ill usage and to provide the poodles with care, protection, medical treatment and security they need and to rehabilitate the poodles to enable them to be rehomed where possible.</p> <p>We provide veterinary care and treatment to Poodles under our care.</p> <p>We neuter and spay all the poodles coming into our care to ensure there are no unwanted or unexpected litters of puppies. We have actively fundraised throughout the year to raise the needed funds to care for the Poodles under our care.</p> <p>We actively seek new homes for our rescued poodles. No Volunteer or the Trustees benefitted personally in any way including financially or materially from their position within Poodle Network UK.</p>

Contribution made by volunteers	Para 1.38	<p>Poodle Network UK is a large UK wide network of unpaid Volunteers who are essential to the Charity and we appreciate the time, skill set and resources every volunteer brings to the Charity. The role every volunteer undertakes is essential to the running of the charity.</p> <p>Every Trustee takes an active part in the day to day matters of the charity with most donating over 30 hours a week of their time.</p> <p>The Trustees are responsible for the overall management of the Charity and meet regularly via online meetings. The Trustees hold regular meetings with senior volunteers who in turn are responsible for co-ordinating other volunteers. Our volunteers include administrators, fosterers, transporters, telephone team, behaviourists, trainers, fundraisers, groomers, home-checkers, crafters, photographers and veterinary surgeons & veterinary nurses who provide us with advice.</p> <p>Our unpaid Trustees and volunteers look after all our Poodles and undertake all the associated administration tasks needed to vet prospective carers and the Poodles new homes, foster carers and their homes, new volunteers & any necessary training of them.</p> <p>Our foster carers, trainers and behaviourists rehabilitate any poodle which needs it and this can take months for some of the poodles and some are permanent foster carers where the dogs they care for will never be able to be rehomed due to medical and behavioural issues. It takes devotion and dedication to foster dogs and is exceptionally rewarding, frustrating and sometimes heart-breaking all at the same time. Our Trustees all have first-hand experience of this. There is nothing more rewarding to every volunteer than knowing they all played a part in rehabilitating a Poodle rescued from appalling conditions and seeing it happy in a loving caring new home and watching the Poodle continue to thrive.</p> <p>Our fundraising team organise the auctions and other fundraising activities to ensure we have the funds available to cover the costs of the Poodles and the day to day running of the Charity.</p> <p>Our telephone team and the rehoming and foster team members are available 365 days a year and we respond immediately when needed to help and assist the poodles. We have collected dogs on Christmas Day!</p> <p>All our volunteers are the heart of Poodle Network UK making it the successful charity it is.</p>

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>5Para 1.20</p>	<p>During the year of 2023, Poodle Network UK, rescued, cared for, protected, medically treated, rehabilitated and rehomed 179 poodles. The number continues to increase partially due to the cost of living and also as more people return to workplaces after Covid-19. Lockdown dogs which were unsuitable for breeding due to temperament and medical issues are now having puppies and we are seeing an increasing amount of behavioural issues, unsocialised dogs and dogs with medical conditions from parents which ordinarily wouldn't have been used for breeding which are being handed into the charity. This, in turn, has increased the length of time some are in foster and the medical bills to treat them. The number of puppies that breeders cannot sell being handed in has increased.</p> <p>We have continued to pay the regular treatment costs for hydrotherapy and physiotherapy for Poodles which we have rescued and regular medication costs for Poodles with ongoing needs such as diabetes, heart problems, Addison's Disease and Cushing's Disease. The costs of veterinary treatments and medications for the dogs has continued to increase to more than double the prelockdown costs and in places some veterinary practices will not take on new patients, reducing the ability to find reasonably priced care. The tests vets are insisting on doing before treating our dogs is also increasing; for example in the past a 13/14 year old toy with heart issues would be prescribed Vetmedin, they are now insisting on scans at upto £1000 each before prescribing medication and then annually. Routine neutering costs and dental treatment have continued to increase and we are receiving more Poodles with skin, ear and allergy issues all requiring treatment. Corporate Groups of vets trying to upscale our Poodles care to their Specialist Centres is also an issue for our ongoing costs for treatments that used to be dealt with in house.</p> <p>In 2023 we had a first for the charity after being asked to take 14 Standard Poodles and a St Berdoodle from a puppy farm; 2 of the Standards were pregnant and both had 7 puppies each. All the dogs were in a terrible state, very malnourished and requiring substantial veterinary treatment with some needing prolonged vet stays and emergency operations. We worked with the Standard Poodle Club who very kindly took 6 of the poodles into their care for which we are eternally grateful. 2 of our fosterers undertook looking after the mums and the subsequent litters; both mums to be weighed almost half the weight they should even though they were 6 weeks pregnant. Thankfully all the dogs and puppies recovered.</p> <p>Many of our volunteers and supporters in the Poodle and Dog World went above and beyond to donate and raise the funds The Standard Poodle Club and Poodle Network UK needed to care for the 14 Standard Poodles, the St Berdoodle and the puppies. Facebook groups and individuals held auctions and raised funds for their treatment and there are too many to name who donated individually to their care, every penny was appreciated. During the year we have worked with councils and other rescue charities in respect of abandoned Poodles in their locale assisting in rehoming Poodles handed in and found abandoned, providing the necessary veterinary treatment and rehabilitation. We have fundraised for the medical care</p>

		<p>of abandoned Poodles, thus saving the Councils the cost to the benefit of the public good.</p> <p>We are referred Poodles from Dog Wardens across the country and are regularly recommended by vets as a place to rescue poodles and rehabilitate and rehome them.</p> <p>Poodle Network UK's reputation and success with rehoming Poodles and advising the public about Poodles and their needs increases year on year and we aim to continue this by increasing our volunteer numbers and our social media profile over the coming months and years.</p> <p>Our aim is to improve the situation of all unwanted Poodles; increase education to the public about Poodles and owning them and thereby benefit the Public as we do so.</p> <p>Our Trustees and volunteers all give their time freely, and without remuneration, to Poodle Network UK.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	During the period 01/01/2023 to 31/12/2023, the charity received income totalling £110,943 and incurred expenditure of £95180, generating a surplus for the year of £15,763. The total Unrestricted Funds at 31/12/2023 was £51,533
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The Charity seeks to hold a reserve of £30,000 in the main bank account to cover unforeseen or exceptional veterinary bills and the long term medication costs of any poodle needing life long treatment under our care. Vet bills have increased substantially again over the last 12 months as has the number of poodles with lifelong medication needs and severe medical issues including leg deformities, hydrocephalus and gastric dilatation and volvulus - bloat. If one of our poodles or an incoming poodle has skeletal issues, this treatment can cost £8000 for mri and corrective surgery; whilst we actively fundraise to cover these exceptional costs we need the money available to pay the vet hospital immediately. We are moving some dogs to specific fosterers to make use of Veterinary Teaching Hospitals like Liverpool University to try to minimise their treatment costs for serious issues.

The charity's principal sources of funds (including any fundraising)	Para 1.47	<p>Poodle Network UK's income received is from a variety of sources; donations from new carers for the dogs we rehome, donations from owners who hand dogs into Poodle Network UK, and a variety of fundraising activities by our volunteers.</p> <p>2023 has seen an increase in fundraising activities by our volunteers, especially with the standards and their subsequent puppies we took from the puppy farm. Our supporters have continued to respond to appeals to contribute towards specific dogs care where the costs are above those normally expected.</p> <p>Notable fundraising activities during the year included the Poodle Passion Facebook Group including sales of their calendars, Beespoke Poodles and Friends, We're All About Poodles Facebook Group, Jessie's Accessories and many others. We have received money from funeral collections and legacies and we would like to thank everyone who has donated in memory of their loved ones, it is very much appreciated that people have thought of Poodle Network UK at such sad times. We also continue to receive support from Poodle Clubs around the country.</p> <p>For dogs in need of expensive specialist treatment our volunteers raised funds through facebook appeals.</p> <p>We offer 5 weeks free insurance from Agria with each dog rehomed and receive commission from Agria on subsequent policy sales after expiry of the 5 weeks free.</p> <p>We also received income through Just Giving, Amazon Smile, Paypal Giving Fund and other websites which give small donations as a result of orders placed with other companies through their sites.</p> <p>The principal source of funding for the Charity are Donations received from taking dogs into our care, rehoming donations from the new homes, general donations received from the public many of whom are Poodle and dog owners.</p>
Investment policy and objectives including any social investment policy adopted	Para 1.46	
A description of the principal risks facing the charity	Para 1.46	The principle financial risk facing the Charity is the continuing rise in veterinary costs of treatments and the ongoing monthly medical costs of poodles with ongoing conditions, which we continue to monitor throughout the year.

Summary of the objects of the charity set out in its governing document

A National UK Network for the benefit of the public to relieve the suffering of Poodles which are in need of care and attention and, in particular, to provide and maintain rescue and foster homes or other facilities for the reception and care of unwanted Poodles and the treatment of Poodles.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Poodle Network UK objective is the advancement of the welfare of Poodles.

We provide a public advice and education service for the owners and potential owners of Poodles. We offer free guidance and education to the public on poodle welfare in general and to the prevention of cruelty and suffering in poodles. We provide free public advice on the grooming needs, dietary requirements, veterinary care and treatment & hereditary issues, and behavioural issues of Poodles. We have been invited by the Kennel Club to educate people at Crufts and Discover Dogs about poodles and owning poodles.

We offer a nationwide rescue and sanctuary service for Poodles, working with councils and dog wardens, the RSPCA, Dogs Trust and other charities to remove Poodles off the streets and to care for and rehabilitate abandoned, mistreated and lost Poodles.

We have both temporary and permanent foster homes to give sanctuary and shelter to poodles which need it due to sickness, mistreatment, poor circumstances or ill usage and to provide the poodles with care, protection, medical treatment and security they need and to rehabilitate the poodles to enable them to be rehomed where possible.

We provide veterinary care and treatment to Poodles under our care. We neuter and spay all the poodles coming into our care to ensure there are no unwanted or unexpected litters of puppies.

We actively seek new homes for our rescued poodles.

We confirm the Trustees of Poodle Network UK have regard to the guidance on public benefit issued by the Charity Commission when exercising powers or duties to which the guidance is relevant. All Trustees are required to read and have regard to the guidance document.

No Volunteer or the Trustees (Dr Susan Horsfall, Mrs Tracey Guthrie, Mrs Ethel Mills, Miss Hannah Aldcroft) benefitted personally in any way including financially or materially from their position within Poodle Network UK.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Poodle Network UK is a large UK wide network of unpaid Volunteers who are essential to the Charity and we appreciate the time, skill set and resources every volunteer brings to the Charity. The role every volunteer undertakes is essential to the running of the charity.

Every Trustee takes an active part in the day to day matters of the charity with most donating over 30 hours a week of their time.

The Trustees are responsible for the overall management of the Charity and meet monthly via online meetings. The Trustees hold regular monthly meetings with senior volunteers who in turn are responsible for co-ordinating other volunteers.

Our volunteers include administrators, fosterers, transporters, telephone team, behaviourists, trainers, fundraisers, groomers, home-checkers, crafters, photographers and veterinary surgeons & veterinary nurses who provide us with advice.

Our unpaid Trustees and volunteers look after all our Poodles and undertake all the associated administration tasks needed to vet prospective carers and the Poodles new homes, foster carers and their homes, new volunteers & any necessary training of them.

Our foster carers, trainers and behaviourists rehabilitate any poodle which needs it and this can take months for some of the poodles and some are permanent foster carers where the dogs they care for will never be able to be rehomed due to medical and behavioural issues. It takes devotion and dedication to foster dogs and is exceptionally rewarding, frustrating and sometimes heart-breaking all at the same time. Our Trustees all have first-hand experience of this. There is however nothing more rewarding to every volunteer than knowing they all played a part in rehabilitating a Poodle rescued from appalling conditions and seeing it happy in a loving caring new home and watching the Poodle continue to thrive.

Our fundraising team organise the auctions and other fundraising activities to ensure we have the funds available to cover the costs of the Poodles and the day to day running of the Charity.

Our telephone team and the rehoming and foster team members are available 365 days a year and we respond immediately when needed to help and assist the poodles. We have collected dogs on Christmas Day! All our volunteers are what make Poodle Network UK the charity it is.

Summary of the main achievements of the charity during the year

During the year of 2022, Poodle Network UK, rescued, cared for, protected, medically treated, rehabilitated and rehomed approximately 140 poodles. This number has increased as the limitations & restrictions from Covid-19 were lifted. Lockdown puppies have increased the amount of behavioural issues, unsocialised dogs and dogs with medical conditions from parents which ordinarily wouldn't have been used for breeding which are being handed into the charity which in turn has increased the length of time some are in foster and the medical bills to treat them. We have continued to pay the regular treatment costs for hydrotherapy for Poodles which we have rescued and regular medication costs for Poodles with ongoing needs such as diabetes, heart problems, Addison's Disease and Cushing's Disease. The costs of veterinary treatments and medications for the dogs has continued to increase substantially and in places some veterinary practices will not take on new patients, reducing the ability to find reasonably priced care.

During the year we have worked with councils and other rescue charities in respect of abandoned Poodles in their locale assisting in rehoming Poodles handed in and found abandoned, providing the necessary veterinary treatment and rehabilitation. We have fundraised for the medical care of abandoned Poodles, thus saving the Councils the cost to the benefit of the public good.

We are regularly referred Poodles from Dog Wardens across the country and are regularly recommended by vets as a place to rescue poodles and rehabilitate and rehome them.

Poodle Network UK's reputation and success with rehoming Poodles and advising the public about Poodles and their needs is increasing at a rapid rate and we aim to continue this by increasing our volunteer numbers and our social media profile over the coming months and years.

Our aim is to improve the situation of all unwanted Poodles; increase education to the public about Poodles and owning them and thereby benefitting the Public as we do so.

Our Trustees and volunteers all give their time freely, and without remuneration, to Poodle Network UK.

Brief statement of the charity's policy on reserves

We aim to keep a reserve in the main bank account of between £25,000 and £30,000 to cover unforeseen or exceptional veterinary bills and the long term medication costs of any poodle needing life long treatment. Vet bills have increased substantially over the last 12 months as has the number of poodles with lifelong medication needs and severe medical issues such as leg deformities, hydrocephalus and gastric dilatation and volvulus - bloat. If one of our poodles or an incoming poodle has skeletal issues, this treatment can cost £8000 for mri and corrective surgery; whilst we actively fundraise to cover these exceptional costs we need the money available to pay the vet hospital immediately.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Poodle Network UK's income received is from a variety of sources; donations from new carers for the dogs we rehome, donations from owners who hand dogs in to Poodle Network UK, and a variety of fundraising activities by our volunteers.

2022 has seen an increase in fundraising activities by our volunteers with the lifting of COVID restrictions. Our supporters have continued to respond to appeals to contribute towards specific dogs care where the costs are above those normally expected.

Notable fundraising activities during the year have included the Poodle Passion Facebook Group, We're All About Poodles Facebook Group and sales of calendars By Poodle Passion. We have received money from funeral collections and we would like to thank everyone who has donated in memory of their loved ones, it is very much appreciated that people have thought of Poodle Network UK at such sad times. We also continue to receive support from Poodle Clubs around the country.

For dogs in need of expensive specialist treatment our volunteers raised funds through facebook appeals.

We offer 5 weeks free insurance from Agria with each dog rehomed and receive commission from Agria on subsequent policy sales after expiry of the 5 weeks free. We also received income through Just Giving, Amazon Smile, Paypal Giving Fund and other websites which give small donations as a result of orders placed with other companies through their sites.

Our Income for the year 01/01/2022 to 31/12/2022 Totalled £55478
The previous year 01/01/2021 to 31/12/2021 the income was £60244.
Expenditure for Poodle Network UK is mainly the veterinary costs, food costs and transport costs for moving our dogs to foster homes and new homes which accounts for 95.61% (2021 91.99%) of the expenditure during the year. Veterinary costs have increased from 2021 by £18176 which is an increase of 54.26% on 2021 costs. The fundraising cost for 2022 includes the fee for The Fundraising Regulator and Discover Dogs. This year 0.17% (2021 1.43%) of the expenditure. We use The Kennel Club Anilog system for keeping records of our dogs, the Citrix Go To Meeting software for online meetings and Charity Microsoft licences which is 1.47% (2021 2.58%) of expenditure. Our 0345 telephone number and answering system and small contributions towards the rehoming teams mobile bills are 0.96% (2021 2.0%) of expenditure. Insurance for the charity is 0.97% (2021 1.38%) of expenditure. We do not pay bank charges on our main bank account, but we do on Paypal transactions and card readers at 0.24% (2021 0.21%) of expenditure. All our volunteers are unpaid.

Total Expenditure from 01/01/2022 to 31/12/2022 was £62409

The previous accounting period covered 01/01/2021 to 31/12/2021 and the expenditure was £41213.

Payments to Trustees.

All receipts for expenditure by Trustees on items solely for the use of Poodle Network UK and expenses forms when needed were received before these payments were made and checked by 2 other Trustees. The Trustees are all unpaid for their role in Poodle Network UK. Items refunded included, postage and stationary, the cost of the Microsoft licence and domain registration which has to be paid by card and veterinary bills for foster dogs when vets required immediate payment by card. Any item requiring payment by card was authorised by 2 trustees and personal cards were used as no Trustee has cards linked to the charities bank account. Trustees were then reimbursed on proof of payment, the invoices and expenses forms.

Activul was a Dog Food company related to Susan Horsfall and Tracey Guthrie with food despatched to fosterers direct from the manufacturer and the cost paid by Poodle Network UK. The prices paid were checked each time by a non-connected Trustee as are the dispatch details, no trustee has received food from Activul and all food has been dispatched direct to registered fosterers. Related Company - Activul £58.89. Fosterers now purchase dog food for dogs in their care and are refunded on receipt of expenses forms with receipt copies.

Summary of the objects of the charity set out in its governing document

A National UK Network for the benefit of the public to relieve the suffering of Poodles which are in need of care and attention and, in particular, to provide and maintain rescue and foster homes or other facilities for the reception and care of unwanted Poodles and the treatment of Poodles.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Poodle Network UK objective is the advancement of the welfare of Poodles.

We provide a public advice and education service for the owners and potential owners of Poodles. We offer free guidance and education to the public on poodle welfare in general and to the prevention of cruelty and suffering in poodles. We provide free public advice on the grooming needs, dietary requirements, veterinary care and treatment & hereditary issues, and behavioural issues of Poodles. We have been invited by the Kennel Club to educate people at Crufts and Discover Dogs about poodles and owning poodles.

We offer a nationwide rescue and sanctuary service for Poodles, working with councils and dog wardens, the RSPCA, Dogs Trust and other charities to remove Poodles off the streets and to care for and rehabilitate abandoned, mistreated and lost Poodles.

We have both temporary and permanent foster homes to give sanctuary and shelter to poodles which need it due to sickness, mistreatment, poor circumstances or ill usage and to provide the poodles with care, protection, medical treatment and security they need and to rehabilitate the poodles to enable them to be rehomed where possible.

We provide veterinary care and treatment to Poodles under our care. We neuter and spay all the poodles coming into our care to ensure there are no unwanted or unexpected litters of puppies.

We actively seek new homes for our rescued poodles.

We confirm the Trustees of Poodle Network UK have regard to the guidance on public benefit issued by the Charity Commission when exercising powers or duties to which the guidance is relevant. All Trustees are required to read and have regard to the guidance document.

No Volunteer or the Trustees (Dr Susan Horsfall, Mrs Tracey Guthrie, Mrs Julie Aldcroft , Mrs Ethel Mills, Miss Hannah Aldcroft) benefitted personally in any way including financially or materially from their position within Poodle Network UK.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

During the year of 2021, Poodle Network UK, rescued, cared for, protected, medically treated, rehabilitated and rehomed approximately 100 poodles. This number was reduced from previous years due to the limitations & restrictions from Covid-19 and the increasing demand for poodles which inflated sales prices. This meant many were being sold which would normally be handed into the charity. We have continued to pay the regular treatment costs for hydrotherapy for Poodles which we have rescued and regular medication costs for Poodles with ongoing needs such as diabetes, heart problems, Addison's Disease and Cushing's Disease. We have seen a vast increase in the costs of veterinary treatments and medications for the dogs we treat with some increasing threefold and in places some veterinary practices will not take on new patients, reducing the ability to find reasonably priced care. We have seen a substantial increase in dogs with behavioural problems which we believe is due to lack of socialisation during lockdown and inexperienced owners who had no support of puppy classes.

During the year we have worked with councils and other rescue charities in respect of abandoned Poodles in their locale assisting in rehoming Poodles handed in and found abandoned, providing the necessary veterinary treatment and rehabilitation. We have fundraised for the medical care of abandoned Poodles, thus saving the Councils the cost to the benefit of the public good.

We are regularly referred Poodles from Dog Wardens across the country and are regularly recommended by vets as a place to rescue poodles and rehabilitate and rehome them.

Poodle Network UK's reputation and success with rehoming Poodles and advising the public about Poodles and their needs is increasing at a rapid rate and we aim to continue this by increasing our volunteer numbers and our social media profile over the coming months and years.

Our aim is to improve the situation of all unwanted Poodles; increase education to the public about Poodles and owning them and thereby benefitting the Public as we do so.

Our Trustees and volunteers all give their time freely, and without remuneration, to Poodle Network UK.

Brief statement of the charity's policy on reserves

We aim to keep a reserve in the main bank account of between £25,000 and £30,000 to cover unforeseen or exceptional veterinary bills and the long term medication costs of any poodle needing life long treatment. Vet bills have increased substantially over the last 12 months due to Covid Veterinary closures as has the number of poodles with lifelong medication needs. We increased the reserve figure from previous years by £10,000. If one of our poodles or an incoming poodle has skeletal issues, this treatment can cost £8000 for mri and corrective surgery; whilst we actively fundraise to cover these exceptional costs we need the money available to pay the vet hospital immediately.

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Poodle Network UK's income received is from a variety of sources; donations from new carers for the dogs we rehome, donations from owners who hand dogs in to Poodle Network UK, and a variety of fundraising activities by our volunteers.

2021 has been a difficult year for fundraising due to Covid 19 still having an effect. We have been unable to undertake many of our normal activities of auctions, raffles etc due to volunteers self isolating. Our supporters have continued to respond to appeals to contribute towards specific dogs care where the costs are above those normally expected.

Notable fundraising activities during the year have included the Poodle Passion Facebook Group, We're All About Poodles Facebook Group and sales of calendars By Poodle Passion. We have received a number of bequests and money received from funeral collections and we would like to thank everyone who has donated in memory of their loved ones, it is very much appreciated that people have thought of Poodle Network UK at such sad times. We also continue to receive support from Poodle Clubs around the country.

Our volunteers ran weekly auctions of donated items through facebook up until lockdown when many had to self isolate. For dogs in need of expensive specialist treatment our volunteers raised funds through facebook appeals.

We offer 5 weeks free insurance from Agria with each dog rehomed and receive commission from Agria on subsequent policy sales after expiry of the 5 weeks free. We also received income through Just Giving, Amazon Smile, Paypal Giving Fund and other websites which give small donations as a result of orders placed with other companies through their sites.

Summary of the objects of the charity set out in its governing document

A National UK Network for the benefit of the public to relieve the suffering of Poodles which are in need of care and attention and, in particular, to provide and maintain rescue and foster homes or other facilities for the reception and care of unwanted Poodles and the treatment of Poodles.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Poodle Network UK objective is the advancement of the welfare of Poodles.

We provide a public advice and education service for the owners and potential owners of Poodles. We offer free guidance and education to the public on poodle welfare in general and to the prevention of cruelty and suffering in poodles. We provide free public advice on the grooming needs, dietary requirements, veterinary care and treatment & hereditary issues, and behavioural issues of Poodles. We have been invited by the Kennel Club to educate people at Crufts and Discover Dogs about poodles and owning poodles.

We offer a nationwide rescue and sanctuary service for Poodles, working with councils and dog wardens, the RSPCA, Dogs Trust and other charities to remove Poodles off the streets and to care for and rehabilitate abandoned, mistreated and lost Poodles.

We have both temporary and permanent foster homes to give sanctuary and shelter to poodles which need it due to sickness, mistreatment, poor circumstances or ill usage and to provide the poodles with care, protection, medical treatment and security they need and to rehabilitate the poodles to enable them to be rehomed where possible.

We provide veterinary care and treatment to Poodles under our care. We neuter and spay all the poodles coming into our care to ensure there are no unwanted or unexpected litters of puppies.

We actively seek new homes for our rescued poodles.

We confirm the Trustees of Poodle Network UK have regard to the guidance on public benefit issued by the Charity Commission when exercising powers or duties to which the guidance is relevant. All Trustees are required to read and have regard to the guidance document.

No Volunteer or the Trustees (Dr Susan Horsfall, Mrs Tracey Guthrie, Mrs Julie Aldcroft , Mrs Ethel Mills) benefitted personally in any way including financially or materially from their position within Poodle Network UK.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Poodle Network UK is a large UK wide network of unpaid Volunteers who are essential to the Charity and we appreciate the time, skill set and resources every volunteer brings to the Charity. The role every volunteer undertakes is essential to the running of the charity.

Every Trustee takes an active part in the day to day matters of the charity with most donating over 30 hours a week of their time.

The Trustees are responsible for the overall management of the Charity and meet monthly via online meetings. The Trustees hold regular monthly meetings with senior volunteers who in turn are responsible for co-ordinating other volunteers.

Our volunteers include administrators, fosterers, transporters, telephone team, behaviourists, fundraisers, groomers, home-checkers, crafters, photographers and veterinary surgeons & veterinary nurses who provide us with advice.

Our unpaid Trustees and volunteers look after all our Poodles and undertake all the associated administration tasks needed to vet prospective carers and the Poodles new homes, foster carers and their homes, new volunteers & the training of them.

Our foster carers and behaviourists rehabilitate any poodle which needs it and this can take months for some of the poodles and some are permanent foster carers where the dogs they care for will never be able to be rehomed due to medical and behavioural issues. It takes devotion and dedication to foster dogs and is exceptionally rewarding, frustrating and sometimes heart-breaking all at the same time. Our Trustees all have first hand experience of this. There is however nothing more rewarding to every volunteer than knowing they all played a part in rehabilitating a Poodle rescued from appalling conditions and seeing it happy in a loving caring new home and watching the Poodle continue to thrive.

Our fundraising team organise the auctions and other fundraising activities to ensure we have the funds available to cover the costs of the Poodles and the day to day running of the Charity.

Our telephone team and the rehoming and foster team members are available 365 days a year and we respond immediately when needed to help and assist the poodles. We have collected dogs on Christmas Day! All our volunteers are what makes up Poodle Network UK.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

During the year of 2020, Poodle Network UK, rescued, cared for, protected, medically treated, rehabilitated and rehomed approximately 100 poodles. This number was reduced from previous years due to the limitations & restrictions from Covid-19 and the increasing demand for poodles which inflated sales prices. This meant many were being sold which would normally be handed into the charity. We have continued to pay the regular treatment costs for hydrotherapy for Poodles which we have rescued and regular medication costs for Poodles with ongoing needs such as diabetes, heart problems, Addison's Disease and Cushing's Disease.

During the year we have worked with councils and other rescue charities in respect of abandoned Poodles in their locale assisting in rehoming Poodles handed in and found abandoned, providing the necessary veterinary treatment and rehabilitation. We have fundraised for the medical care of abandoned Poodles, thus saving the Councils the cost to the benefit of the public good.

We are regularly referred Poodles from Dog Wardens across the country and are regularly recommended by vets as a place to rescue poodles and rehabilitate and rehome them.

Poodle Network UK's reputation and success with rehoming Poodles and advising the public about Poodles and their needs is increasing at a rapid rate and we aim to continue this by increasing our volunteer numbers and our social media profile over the coming months and years.

Our aim is to improve the situation of all unwanted Poodles; increase education to the public about Poodles and owning them and thereby benefitting the Public as we do so.

Our Trustees and volunteers all give their time freely, and without remuneration, to Poodle Network UK.

Brief statement of the charity's policy on reserves

We aim to keep a reserve in the main bank account of between £15,000 and £20,000 to cover unforeseen or exceptional veterinary bills and the long term medication costs of any poodle needing life long treatment. Vet bills have increased substantially over the last 12 months due to Covid Veterinary closures. If one of our poodles or an incoming poodle has skeletal issues, this treatment can cost £8000 for mri and corrective surgery; whilst we actively fundraise to cover these exceptional costs we need the money available to pay the vet immediately.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Poodle Network UK's income received is from a variety of sources; donations from new carers for the dogs we rehome, donations from owners who hand dogs in to Poodle Network UK, and a variety of fundraising activities by our volunteers.

2020 has been a difficult year for fundraising due to Covid 19. We have been unable to undertake many of our normal activities of auctions, raffles etc due to volunteers self isolating and the closures of many businesses due to Covid regulations.

Our supporters have continued to respond to appeals to contribute towards specific dogs care where the costs are above those normally expected.

Notable fundraising activities during the year have included the Poodle Passion Facebook Group, We're All About Poodles Facebook Group and sales of calendars By Poodle Passion. We have received a number of bequests and money received from funeral collections and we would like to thank everyone who has donated in memory of their loved ones, it is very much appreciated that people have thought of Poodle Network UK at such sad times. We also continue to receive support from Poodle Clubs around the country.

Our volunteers ran weekly auctions of donated items through facebook up until lockdown when many had to self isolate. For dogs in need of expensive specialist treatment our volunteers raised funds through facebook appeals.

We offer 5 weeks free insurance from Agria with each dog rehomed and receive commission from Agria on subsequent policy sales after expiry of the 5 weeks free. We also received income from Just Giving, Amazon Smile, Paypal Giving Fund and other websites which give small donations as a result of orders placed with other companies through their sites.

Our Income for the year 01/01/2020 to 31/12/2020 Totalled £26875
The previous year 01/01/2019 to 31/12/2019 the income was £54589.

Expenditure for Poodle Network UK is mainly the veterinary costs, food costs and transport costs for moving our dogs to foster homes and new homes which accounts for 94.32% (89% 2019) of the expenditure during the year. The fundraising cost for 2020 was just the fee for The Fundraising Regulator rather than the usual costs for the postage and packaging incurred on sending items out, the cost of printing calendars & Christmas cards, mugs and bags and stickers and Crufts and Discover Dogs. This year 0.11% (2019 5.12%) of the expenditure. We use the kennel club Anilog system for keeping records of our dogs and the Citrix Go to meeting software for online meetings which is 2.72% (2019 2.98%) of expenditure. Our 0345 telephone number and answering system and small contributions towards the rehoming teams mobile bills are 1.16% (2019 1.12%) of expenditure. Insurance for the charity is 0.81% (2019

0.77%) of expenditure. We do not pay bank charges on our main bank account, but we do on Paypal transactions and card readers at 0.11% (2019 0.73%) of expenditure. All our volunteers are unpaid. Total Expenditure from 01/01/2020 to 31/12/2020 was £45815 The previous accounting period covered 01/01/2019 to 31/12/2019 and the expenditure was £46183.

Payments to Trustees.

All receipts for expenditure by Trustees on items solely for the use of Poodle Network UK and expenses forms when needed were received before these payments were made and checked by 2 other Trustees. The Trustees are all unpaid for their role in Poodle Network UK. Items refunded included, postage and stationary, the cost of the Microsoft licence and domain registration which has to be paid by card and veterinary bills for foster dogs when vets required immediate payment by card. Any item requiring payment by card was authorised by 2 trustees and personal cards were used as no Trustee has cards linked to the charities bank account. Trustees were then reimbursed on proof of payment, the invoices and expenses forms.

Activul is a Dog Food company related to Susan Horsfall and Tracey Guthrie. All food is despatched to fosterers direct from the manufacturer and the cost paid by Poodle Network UK is substantially cheaper than comparable foods at Pets at Home and other online Pet Food Companies. The prices paid are checked each time by a non-connected Trustee as are the dispatch details, no trustee has received food from Activul and all food has been dispatched direct to registered fosterers. Related Company - Activul £620.26
