Summary of the objects of the charity set out in its governing document

A National UK Network for the benefit of the public to relieve the suffering of Poodles which are in need of care and attention and, in particular, to provide and maintain rescue and foster homes or other facilities for the reception and care of unwanted Poodles and the treatment of Poodles.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Poodle Network UK objective is the advancement of the welfare of Poodles.

We provide a public advice and education service for the owners and potential owners of Poodles. We offer free guidance and education to the public on poodle welfare in general and to the prevention of cruelty and suffering in poodles. We provide free public advice on the grooming needs, dietary requirements, veterinary care and treatment & hereditary issues, and behavioural issues of Poodles. We have been invited by the Kennel Club to educate people at Crufts and Discover Dogs about poodles and owning poodles.

We offer a nationwide rescue and sanctuary service for Poodles, working with councils and dog wardens, the RSPCA, Dogs Trust and other charities to remove Poodles off the streets and to care for and rehabilitate abandoned, mistreated and lost Poodles.

We have both temporary and permanent foster homes to give sanctuary and shelter to poodles which need it due to sickness, mistreatment, poor circumstances or ill usage and to provide the poodles with care, protection, medical treatment and security they need and to rehabilitate the poodles to enable them to be rehomed where possible.

We provide veterinary care and treatment to Poodles under our care.

We neuter and spay all the poodles coming into our care to ensure there are no unwanted or unexpected litters of puppies.

We actively seek new homes for our rescued poodles.

We confirm the Trustees of Poodle Network UK have regard to the guidance on public benefit issued by the Charity Commission when exercising powers or duties to which the guidance is relevant. All Trustees are required to read and have regard to the guidance document.

No Volunteer or the Trustees (Dr Susan Horsfall, Mrs Tracey Guthrie, Mrs Ethel Mills, Miss Hannah Aldcroft) benefitted personally in any way including financially or materially from their position within Poodle Network UK.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Poodle Network UK is a large UK wide network of unpaid Volunteers who are essential to the Charity and we appreciate the time, skill set and resources every volunteer brings to the Charity. The role every volunteer undertakes is essential to the running of the charity.

Every Trustee takes an active part in the day to day matters of the charity with most donating over 30 hours a week of their time.

The Trustees are responsible for the overall management of the Charity and meet monthly via online meetings. The Trustees hold regular monthly meetings with senior volunteers who in turn are responsible for co-ordinating other volunteers.

Our volunteers include administrators, fosterers, transporters, telephone team, behaviourists, trainers, fundraisers, groomers, home-checkers, crafters, photographers and veterinary surgeons & veterinary nurses who provide us with advice.

Our unpaid Trustees and volunteers look after all our Poodles and undertake all the associated administration tasks needed to vet prospective carers and the Poodles new homes, foster carers and their homes, new volunteers & any necessary training of them.

Our foster carers, trainers and behaviourists rehabilitate any poodle which needs it and this can take months for some of the poodles and some are permanent foster carers where the dogs they care for will never be able to be rehomed due to medical and behavioural issues. It takes devotion and dedication to foster dogs and is exceptionally rewarding, frustrating and sometimes heart-breaking all at the same time. Our Trustees all have first-hand experience of this. There is however nothing more rewarding to every volunteer than knowing they all played a part in rehabilitating a Poodle rescued from appalling conditions and seeing it happy in a loving caring new home and watching the Poodle continue to thrive.

Our fundraising team organise the auctions and other fundraising activities to ensure we have the funds available to cover the costs of the Poodles and the day to day running of the Charity.

Our telephone team and the rehoming and foster team members are available 365 days a year and we respond immediately when needed to help and assist the poodles. We have collected dogs on Christmas Day! All our volunteers are what make Poodle Network UK the charity it is.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

During the year of 2022, Poodle Network UK, rescued, cared for, protected, medically treated, rehabilitated and rehomed approximately 140 poodles. This number has increased as the limitations & restrictions from Covid-19 were lifted. Lockdown puppies have increased the amount of behavioural issues, unsocialised dogs and dogs with medical conditions from parents which ordinarily wouldn't have been used for breeding which are being handed into the charity which in turn has increased the length of time some are in foster and the medical bills to treat them. We have continued to pay the regular treatment costs for hydrotherapy for Poodles which we have rescued and regular medication costs for Poodles with ongoing needs such as diabetes, heart problems, Addisons Disease and Cushings Disease. The costs of veterinary treatments and medications for the dogs has continued to increase substantially and in places some veterinary practices will not take on new patients, reducing the ability to find reasonably priced care. During the year we have worked with councils and other rescue charities in respect of abandoned Poodles in their locale assisting in rehoming Poodles handed in and found abandoned, providing the necessary veterinary treatment and rehabilitation. We have fundraised for the medical care of abandoned Poodles, thus saving the Councils the cost to the benefit of the public good. We are regularly referred Poodles from Dog Wardens across the country and are regularly recommended by vets as a place to rescue poodles and rehabilitate and rehome them. Poodle Network UK's reputation and success with rehoming Poodles and advising the public about Poodles and their needs is increasing at a rapid rate and we aim to continue this by increasing our volunteer numbers and our social media profile over the coming months and years. Our aim is to improve the situation of all unwanted Poodles; increase education to the public about Poodles and owning them and thereby benefitting the Public as we do so. Our Trustees and volunteers all give their time freely, and without remuneration, to Poodle Network UK.

Brief statement of the charity's policy on reserves

We aim to keep a reserve in the main bank account of between £25,000 and £30,000 to cover unforeseen or exceptional veterinary bills and the long term medication costs of any poodle needing life long treatment. Vet bills have increased substantially over the last 12 months as has the number of poodles with lifelong medication needs and severe medical issues such as leg deformities, hydrocephalus and gastric dilatation and volvulus - bloat. If one of our poodles or an incoming poodle has skeletal issues, this treatment can cost £8000 for mri and corrective surgery; whilst we actively fundraise to cover these exceptional costs we need the money available to pay the vet hospital immediately.

Details of any funds materially in deficit

None

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Poodle Network UK's income received is from a variety of sources; donations from new carers for the dogs we rehome, donations from owners who hand dogs in to Poodle Network UK, and a variety of fundraising activities by our volunteers.

2022 has seen an increase in fundraising activities by our volunteers with the lifting of COVID restrictions. Our supporters have continued to respond to appeals to contribute towards specific dogs care where the costs are above those normally expected.

Notable fundraising activities during the year have included the Poodle Passion Facebook Group, We're All About Poodles Facebook Group and sales of calendars By Poodle Passion. We have received money from funeral collections and we would like to thank everyone who has donated in memory of their loved ones, it is very much appreciated that people have thought of Poodle Network UK at such sad times. We also continue to receive support from Poodle Clubs around the country.

For dogs in need of expensive specialist treatment our volunteers raised funds through facebook appeals.

We offer 5 weeks free insurance from Agria with each dog rehomed and receive commission from Agria on subsequent policy sales after expiry of the 5 weeks free. We also received income through Just Giving, Amazon Smile, Paypal Giving Fund and other websites which give small donations as a result of orders placed with other companies through their sites.

Our Income for the year 01/01/2022 to 31/12/2022 Totalled £55478 The previous year 01/01/2021 to 31/12/2021 the income was £60244. Expenditure for Poodle Network UK is mainly the veterinary costs, food costs and transport costs for moving our dogs to foster homes and new homes which accounts for 95.61% (2021 91.99%) of the expenditure during the year. Veterinary costs have increased from 2021 by £18176 which is an increase of 54.26% on 2021 costs. The fundraising cost for 2022 includes the fee for The Fundraising Regulator and Discover Dogs. This year 0.17% (2021 1.43%) of the expenditure. We use The Kennel Club Anilog system for keeping records of our dogs, the Citrix Go To Meeting software for online meetings and Charity Microsoft licences which is 1.47% (2021 2.58%) of expenditure. Our 0345 telephone number and answering system and small contributions towards the rehoming teams mobile bills are 0.96% (2021 2.0%) of expenditure. Insurance for the charity is 0.97% (2021 1.38%) of expenditure. We do not pay bank charges on our main bank account, but we do on Paypal transactions and card readers at 0.24% (2021 0.21%) of expenditure. All our volunteers are unpaid.

Total Expenditure from 01/01/2022 to 31/12/2022 was £62409

The previous accounting period covered 01/01/2021 to 31/12/2021 and the expenditure was £41213.

Payments to Trustees.

All receipts for expenditure by Trustees on items solely for the use of Poodle Network UK and expenses forms when needed were received before these payments were made and checked by 2 other Trustees. The Trustees are all unpaid for their role in Poodle Network UK. Items refunded included, postage and stationary, the cost of the Microsoft licence and domain registration which has to be paid by card and veterinary bills for foster dogs when vets required immediate payment by card. Any item requiring payment by card was authorised by 2 trustees and personal cards were used as no Trustee has cards linked to the charities bank account. Trustees were then reimbursed on proof of payment, the invoices and expenses forms.

Activul was a Dog Food company related to Susan Horsfall and Tracey Guthrie with food despatched to fosterers direct from the manufacturer and the cost paid by Poodle Network UK. The prices paid were checked each time by a non-connected Trustee as are the dispatch details, no trustee has received food from Activul and all food has been dispatched direct to registered fosterers. Related Company - Activul £58.89.

Fosterers now purchase dog food for dogs in their care and are refunded on receipt of expenses forms with receipt copies.

Section A Independent Examiner's Report

Report to the trustees/
members of

Charity Name
Poodle Network UK

On accounts for the year
ended

31/12/2022

Charity no
(if any)

1163333

Set out on pages

1 and 2

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above
charity ("the Trust") for the year ended 31/12/2022.

Responsibilities and
basis of report

As the charity trustees of the Trust, you are responsible for the preparation
of the accounts in accordance with the requirements of the Charities Act
2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out
under section 145 of the 2011 Act and in carrying out my examination, I
have followed the applicable Directions given by the Charity Commission
under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have
come to my attention (~~other than that disclosed below~~) in connection with
the examination which gives me cause to believe that in, any material
respect:

- accounting records were not kept in accordance with section 130 of
the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection
with the examination to which attention should be drawn in order to enable a
proper understanding of the accounts to be reached.
