

Service To Mankind Foundation

01 July 2020 – 30 June 2021

Service to mankind foundation runs many projects, this includes weekly projects, monthly & yearly projects.

The weekly project we use our collected funds to host every Friday of the week food to feed the poor. The amount of people the charity manages to cater for is usually between 60 – 100 people. The charity as always commits to make sure this happens every week used from the funds collected by the charity.

Service to mankind foundation has committed itself thanks to all the continuous donors to be able to distribute rations to distribute flour & ghee to 70 families currently in a village. During the month of Ramadan, the rations increase to have included dates; rice; lentils; & sugar for the entire month. Within the funds that are collected by the charity 18 widows who are unable to make a living and feed their children get cash donated by the charity from the donations made by the donors. Also, those families who are struggling due to severe reasons are eligible for cash donations to help & support.

Thanks to the donations made by the regular donors the charity is also able to fund more than 10 children to pay their school registration fees, to pay for their

textbooks and school uniforms. Also, one of the charity's one-off projects the charity managed to help provide water supply to those homes that has no access to water. The charity also helped provide for emergency and medical bills for those in need of medical attention but were not able to afford it.
