Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Mother and Baby project

The area of focus for our work is the Bomarni district in Kilifi county. We are working in partnership with North coast medical college who train nurses, midwives and clinicians and have offered to supply their senior students who will work as the support team for the project. We have now included work with the dispensary staff at Bomarni Malde dispensary. This district has 7,000 families and inadequate medical and maternity facilities. We have regular dialogue with all appropriate agencies including village elders and local government official. We continue to work towards the implementation of the community midwifery service. We fixed water supply to the dispensary via an underground storage tank and had the incinerator repaired. We also had a placenta pit built which improved sanitation. We continue to raise funds to renovate and equip an empty building at the dispensary site which is currently unused. To establish a small maternity care unit which local women can access as at present as the nearest hospital is Kilifi hospital which is 28 miles away.

ST Project

During our work in the slum areas of Kilifi district one of our trustees recognised that young and pregnant women did not have access to hygienic sanitary products. Causing absence of up to 56 days of school each year. After researching this we agreed that she could take the lead to develop a sanitary towel project which will enable girls, young women and mothers to be provided with re-usable hygienic sanitary products, alongside health education and sexual health information. We conducted pilot project which was very successful and showed a need for young women and mothers to be able to access fee sanitary products. To this end we are fundraising to take this project forward.

Education/training

We continue to support local hospital college students and school staff around sexual health, midwifery and safeguarding.

Other Volunteers and friends of the charity

We have continued to build our friends base through social media and have raised funds through events, sales, and subscriptions.

We continue to run a charity shop in the Keighley area that supports the work we are currently doing in Kenya. The charity shop also allows us to raise awareness of all the charity work we are doing.
