- trustees' consideration of major risks and the system and procedures to manage them.

--

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

- 1.To operate our charitable objectives in the most underdeveloped and deprived areas of Kenya and sub Saharan Africa.
- 2.The reduction of maternal and neonatal mortality rates in the most vulnerable families by offering outreach antenatal and postnatal health care.
- 3.To offer a holistic health care approach to improving health and quality of family life.
- 4.To reduce neonatal mortality rates by the implementation of an outreach antenatal and postnatal service.
- 5.The prevention of mother and child transition of HIV and the relief.
- 6.To build the confidence and empower women to make informed choices about their own and their family's health.
7. To increase access and uptake of education, sports, and physical activity.
8. To ensure the safety of children by improving safeguarding practice. To support and promote high quality midwifery practice.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

- 1.Mother and Baby Project
- 2.Sanitary Towel Project
3. Charity Shop

We are now on social media 'Facebook 'and regularly update our followers on the work undertaken as part of the charity.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Mother and Baby project

The area of focus for our work is the Bomarni district in Kilifi county. We are working in partnership with North coast medical college who train nurses, midwives and clinicians and have offered to supply their senior students who will work as the support team for the project. We have now included work with the dispensary staff at Bomarni Malde dispensary. This district has 7,000 families and inadequate medical and maternity facilities. We have regular dialogue with all appropriate agencies including village elders and local government official. We continue to work towards the implementation of the community midwifery service. We fixed water supply to the dispensary via an underground storage tank and had the incinerator repaired. We also had a placenta pit built which improved sanitation. We continue to raise funds to renovate and equip an empty building at the dispensary site which is currently unused. To establish a small maternity care unit which local women can access as at present as the nearest hospital is Kilifi hospital which is 28 miles away.

ST Project

During our work in the slum areas of Kilifi district one of our trustees recognised that young and pregnant women did not have access to hygienic sanitary products. Causing absence of up to 56 days of school each year. After researching this we agreed that she could take the lead to develop a sanitary towel project which will enable girls, young women and mothers to be provided with re-usable hygienic sanitary products, alongside health education and sexual health information. We conducted pilot project which was very successful and showed a need for young women and mothers to be able to access fee sanitary products. To this end we are fundraising to take this project forward.

Education/training

We continue to support local hospital college students and school staff around sexual health, midwifery and safeguarding.

Other Volunteers and friends of the charity

We have continued to build our friends base through social media and have raised funds through events, sales, and subscriptions.

We continue to run a charity shop in the Keighley area that supports the work we are currently doing in Kenya. The charity shop also allows us to raise awareness of all the charity work we are doing.

Section E Financial review

Brief statement of the charity's policy on reserves

At any one point a reserve of £500 will be in the charity account.

Details of any funds materially in deficit

N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Section F Other optional information

Section G Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees
