Public Benefit

In setting objective and planning activities, the Trustees have given due consideration to general guidance published by the Charities Commission relating to public benefit, including the guidance "Public benefit running a charity (PB2) in exercising their powers or duties.

Structure, Governance and Management

The Kingston upon Thames Methodist Circuit links four Methodist churches which serve the diverse and growing communities of the Royal Borough of Kingston upon Thames. Each of our congregations is distinctive with its own style of worship and its own focus for mission and service, but we are held together by our common heritage of Methodism and a shared passion to worship and serve God within our local communities.

The governing document for the circuit is the Deed of Union (1932) and Methodist Church Act (1976).

Detailed governance arrangements are outlined within the Constitutional Practice and Discipline of the Methodist Church by order of the annual conference (CPD).

Day to day management of the circuit is undertaken by the Circuit Leadership team along with the Local Preachers meeting, the Circuit Finance and Property Committees.

Purposes of the Circuit

The purposes of a Methodist Circuit are defined by the standing orders of The Constitutional Practice and Discipline of the Methodist Church (CPD). They include: the effective deployment of the resources of ministry, which include people, property and finance as they relate to the Methodist churches in the Circuit, to churches of other denominations and to participation in the life of the communities served by the Circuit. (CPD: Standing Order 500).

The Circuit acts as Managing Trustees for the three residential manse properties occupied by its ministers and also for a fourth residential property formerly occupied as a manse but now let on a tenancy with the income supporting the core work of the charity. It supports and oversees the work of Church Councils who act as Managing Trustees for the local church properties and has an important role in providing scrutiny and permission giving for key decisions affecting the trusteeship of the local churches. Custodian trusteeship is provided by the Trustees for Methodist Church Purposes.

Trustee Training

A range of guidance produced by Methodist Connexion to support the effective running of the circuit specifically the leaflet 'The Role of a Trustee in The Methodist Church' is given to all new Circuit meeting members as induction to their role as trustees.

Related Parties

The Circuit is part of the London District and is also accountable to the Methodist Conference. The following Methodist Churches are linked to the circuit Chessington Church, Kingston Church, New Malden Church and Surbiton Hill Church.

Risk Management

The major risks have been identified and recorded by the Circuit Finance and Property Committee with professional advice taken as required. There is a regular annual review process undertaken and recorded. Income and Expenditure is being monitored in total and is compared with the approved annual budget on a half yearly basis to detect trends as part of the risk management process to avoid unforeseen calls on reserves.

Safeguarding

Every person has a value and dignity which comes directly from the creation of male and female in God's own image and likeness. Christians see this potential as fulfilled by God's re-creation of us in Christ. Among other things this implies a duty to value all people as bearing the image of God and therefore to protect them from harm.

Methodist Connexional practice outlines commitment to the following principles:

- The care and nurture of, and respectful pastoral ministry with, all children, young people and adults.
- The safeguarding and protection of all children, young people and adults when they are vulnerable
- The establishing of safe, caring communities which provide a loving environment where there is informed vigilance as to the dangers of abuse
- We will carefully select and train all those with any responsibility within the Church, in line with Safer Recruitment principles, including the use of criminal records disclosures and registration with the relevant vetting and barring schemes.
- We will respond without delay to every complaint made which suggests that an adult, child or young person may have been harmed, cooperating with the police and local authority in any investigation.
- We will seek to work with anyone who has suffered abuse, developing with them an appropriate ministry of informed pastoral care.
- We will seek to challenge any abuse of power, especially by anyone in a position of trust.
- We will seek to offer pastoral care and support, including supervision and referral to the proper authorities, to any member of our church community known to have offended against a child, young person or vulnerable adult.
- In all these principles we will follow legislation, guidance and recognised good practice.

The Kingston upon Thames Circuit commits itself to ensuring the implementation of Connexional Safeguarding Policy; government legislation, guidance and safe practice in the circuit and in the churches.

The Kingston upon Thames Circuit commits itself to the provision of support, advice and training for lay and ordained people that will ensure people are clear and confident about their roles and responsibilities in safeguarding and promoting the welfare of children and adults who may be vulnerable.

Review of the year

Introduction

During the year of this report the circuit supported 2.5 (2021: 2.5) full time equivalent Methodist Presbyters and employed one part time administrator. This core staff team, however, only exists to support, encourage, enable and strengthen the ministry of our congregations and the majority of our activities – in worship, service and trusteeship - are led by volunteers.

Our local churches enjoy enriching relationships with partner churches through the various “Churches Together” groupings in the Borough and we actively support a number of borough wide initiatives including Street Pastors, Food Bank, Kingston Churches Action on Homelessness and the Oxygen youth work project.

Staffing

In September 2021 the Circuit Meeting agreed to extend their invitation to Rev. Dr. Karl Rutledge by four years starting in Sept. 2022 and that of Rev Dr Stan Brown by a further year from August 2022 to retirement in August 2023. The retirement of the current superintendent minister in August 2023 has required a major consultation exercise in 2021/22 to find a suitable replacement presbyter. We are pleased to announce that the Rev Vindra Maraj-Ogden will be joining the circuit with effect from 1 September 2023.

Rev. Dr Stan Brown had a three month sabbatical April-June 2022, in accordance with the Methodist Church’s policy of sabbaticals every seven years for its ordained ministers. Detailed arrangements for cover of pastoral work, worship and church leadership were made in collaboration with the Circuit Leadership Team. The sabbatical period passed successfully with both the circuit and local churches maintaining initiative and continuity through this time.

We were pleased to welcome Hannah Chun as a Student Minister in the circuit during the course of the year. She is training for ordained ministry following a new Circuit Based Learning Pathway. Our circuit has been repeatedly used as a base for student placements over a number of years and we are pleased and proud to be able to offer these opportunities to those preparing for ordained ministry.

The Circuit’s Part Time Co-Ordinator has continued to work effectively during the year supporting and enabling our administration and management. A new more flexible working pattern including home working has been introduced post COVID.

Developing New Patterns

The four churches of our circuit have emerged from the COVID crisis in a much stronger position than we had feared. Skills learned through the lock down periods have enabled new initiatives to take place. Online worship continues to be available alongside face to face worship in church, using a mixture of livestream and pre-recorded worship material around the circuit. Facilities have been created for hybrid meetings and this has enabled a greater participation in some key meetings for those whose work patterns or journeys make evening meeting particularly difficult.

A short review exercise entitled “Temperature Check” invited the churches to consider their position post Covid. It revealed a fairly consistent pattern in which face to face congregations had not

returned to full strength but were supplemented by online worship. The main cause of concern was a shortage of volunteers for key responsibilities, especially the more formal ones involved in trusteeship and the management of property and finance. The return of children's work remained somewhat patchy at the time of the review, being strongest where a professional children's worker had remain in place and active through the lockdowns. There have, however, been further signs of recovery since the review period.

Considerable work was done by the circuit through this reporting year to ensure that safeguarding training and processes have are kept up to date with the latest policies. This being the main focus of our training effort during the year.

Finance

Reserves are held both by the individual churches and the circuit. Each church holds and reports on their reserves separately. Each individual church contributes as they are able to the running costs of the circuit and the stipends of the ministerial staff. The circuit held its circuit assessment to each church at the same value as in 2021. Apart from this action, it has not been necessary to call on the circuit reserves to support any of the local churches. Local church reserves have been regularly monitored with forward projections to indicate when each church might drop below the recommended reserve of six months expenditure.

Income trends

Circuit income is primarily drawn from the assessment paid by the circuit churches. The rental income relates to the rental of a manse in Kingston upon Thames.

Expenditure trends

Stipend expenditure has increased each financial year in line with conference approved increases. The other expenditure includes costs involved in the upkeep of other manse property within the Circuit.

Fund balances

As at 31 August 2022 the net current assets of the Circuit were £183,092 (2021: £174,938), giving sufficient cover for a year's expenditure excluding provision for manse renewal costs. Plans for 2022/23 Circuit financial plans for the coming year have been prepared on the basis that there are 2.5 full time ordained staff with anticipated cost of living stipend increases combined with an increase in the assessment paid to the district.

Reserves Policy

The Reserves Policy for the Circuit is to hold a minimum sum equivalent to six months' average expenditure together with an amount of £20,000 to cover estimated future manse expenditure in maintaining them to a suitable standard. The circuit's operating reserves policy applies to the general, unrestricted fund and not to the St James gift which is treated as a restricted fund in these accounts.

**Kingston upon Thames Circuit
Trustees Annual Report**

For the year ended 31 August 2022

This should be sufficient to meet any unforeseen item of major expenditure on manses and to be able to continue, in the short term, funding planned activities in the event of any inability to raise the full Circuit Assessment from churches.

Property

The circuit has fulfilled its responsibility as managing trustees for the manse properties through the work of its manse stewards and has overseen the work of local managing trustees for the churches through the Circuit Meeting. There are nine Methodist Trust properties in the circuit and Quinquennial inspections are carried out by rotation with maintenance schedules being developed from these inspections. The circuit manages one rental property – a former manse now let as a residential property. In the prior year, a void in the tenancy at the beginning of the reporting year gave an opportunity for the property to be inspected and some redecoration and minor improvements to be made on the advice of the estate agent. The “sinking fund” for major manse repairs had not been established long enough to cover this work and the circuit made use of reserves in order to complete the work and get the property back on the market as quickly as possible. Income from the property and the manse reserves policy is repaying the costs taken from our general reserve.

Safeguarding

The circuit has a role in overseeing the safeguarding work of each local church. During the year our circuit safeguarding officer has worked hard with each local church to ensure that local safeguarding officers are in place and training provided to all relevant volunteers. Our safeguarding policy receives an annual review which was carried out by the Circuit Meeting. Safeguarding is of the highest importance across all our work and we are grateful for the care with which our volunteers ensure this responsibility is constantly kept before us.

Looking Forward

During the year the Circuit Leadership Team increasingly recognised that its role and the mission of the circuit needed to be reviewed in the light of the rapidly changing circumstances. The difficulty of ensuring full and proper consultation and conversations during a time of sporadic video conferencing was, however, recognised and significant discussion has been postponed until the situation improves.

Notes to the Accounts**1. Basis of accounting**

The financial statements have been prepared under the Charities Act 2011 in accordance with the 2014 version of Accounting and Reporting by Charities: Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with FRS102 – the Charities SORP (FRS102) and taking note of the Update Bulletin 1 issued in 2016.

2. Funds

The funds held constitute: General Funds held for any purpose of the Circuit which are Unrestricted. The Circuit Model Trust Fund has wide purposes defined in Standing Orders and is categorised as unrestricted. Restricted funds which are held for a narrower purpose. There are no Endowment funds. Details of each material fund are disclosed in the final note to these accounts. Any funds may be represented by more than just cash.

3. Accounting policies**Basis**

These accounts have been prepared on the basis of historical cost except that investments are shown at their market value at the end of the year, on the accruals basis to show a true and fair view of the Circuit's financial position and activities.

Incoming Resources

Income is included in the Statement of Financial Activities (SOFA) when the Circuit becomes entitled to the resources, and the trustees are reasonably certain they will receive the resources; and the monetary value can be measured with sufficient reliability.

Resources Expended

This is recognised when a liability is incurred, or a constructive obligation arises, that results in the payment being unavoidable. Liabilities are recognised as soon as an outflow of economic benefit is considered more likely than not under the legal or constructive obligation committing the Circuit to pay out resources.

Grants

Grants made by the Circuit from its own funds are recognised in full at the time of agreement or when the Circuit accepts that there is a legal or operational obligation to make the payment.

VAT

Since the Circuit is not VAT registered, all input VAT is charged with the expenses to which it refers.

Tangible fixed assets for use by the Circuit

Tangible fixed assets are capitalised if they can be used for more than one year, and cost at least £500.

The freehold property is shown in the accounts at 2015 deemed values. No depreciation is provided on the building because the trustees consider the current residual fair value of the manse buildings (on the assumption that it had reached the end of its useful economic life by the year-end) to be not less than its current value. Any depreciation would not be material. The property has been reviewed for impairment.

Investment Properties

Investment properties - no property is currently deemed to not be held for the long term purposes of the charity.

Investments

Investments are valued in the balance sheet at market value at the year end. Investment income is included in the accounts when receivable and any gains or losses on revaluation at the year end are shown in the SOFA.

Creditors

Creditors include expenses that relate to recognised obligation due at the end of the accounting year.
