Charitable Activities in the past year

Introduction

Children Savers is taking this opportunity to thank all our supporters to be standing with us in this current difficult time of the Coronavirus Pandemic.

We are committed to achieve our Aims and Objectives throughout this tough time.

Children Savers is proud to continue raising awareness of the importance of education in a child's life. We are constantly increasing awareness of the help and support needed for poor and disadvantaged children around the world through various activities and events in the local communities and most London Universities.

We Are also committed in achieving these objectives in Local communities through our campaign of 5K Fun Run In London.

Throughout the year, we maintaining our strong relationships with 700 (and still growing in number) local shops in London to support us in our charitable objectives and are moving closer to executing our business plan to achieve our aims in building the Educational House in Zimbabwe, as well as other future projects.

We have a very strong number of over 1500 (and growing) supporters following us closely on Children Savers' social media .

In light of this context, the charity has delivered the following activities to achieve its charitable objectives:

Aim 1 – Build partnerships and collaborate with local shops to take part in our charitable events.

Aim 2 – We are constantly liaising with most London universities and getting students to volunteer at our charitable activities.

During the Coronavirus Pandemic, we have recently been donating Face Masks to the Public.

We are continuously setting up plans to have at least one Children Savers ambassador in each London University.

We are building strong relationships with students to share their time and expertise in achieving our aims.

We are maintaining our plans from 2019 to raise awareness of adopting a healthy lifestyle by taking part in weekly 5k Fun Runs.

Funders and Supporters

We are extremely grateful to all our funders and to those who support us with time and expertise.

Future Plans

Our focus for the year ahead is Carry on delivering the new Strategy and Business Plan, including the financial sustainability and income plan. Highlights include:

1. We will expand our charitable events throughout London in the years to come to help us fundraise to our maximum potential and raise as much awareness as we can.
2. There is work in progress to organise weekly 5k Fun runs in the city as well as other UK Cities ,with all our supporters and London university students once it's safer to do and pending the relaxation of the current coronavirus restrictions. We are hoping and anticipating things will get better the following year.
3. We are working hard to implement one of our main fundraising events with all local shops and add more supporters to our organisation.
4. We will continue to produce a monthly members' bulletin, send regular email communications and maintain our social media presence across a range of platforms.
5. The trustees have recognised the need to invest in and build up our staffing levels and a new staffing plan was designed as part of the new strategy.
6. We are privileged to have enrolled new volunteer staff working on our social media networking projects in raising awareness of our charitable objectives.
7. The Trustees have designed new plans how to fundraise efficiently in order to raise more funds to cover the objectives of the charity.
