Governing Document & Legal Form

GFY Shelters is a Charitable Incorporated Organisation (CIO) operating under the Foundation model. The charity was registered with the Charity Commission on 15 October 2015. Its governing document has been amended on 15 January 2016 and 14 April 2022 to reflect the charity's evolving objectives and activities.

Trustees & Board

The charity is governed by a Board of Trustees who are responsible for the overall control and strategic direction of the organisation. Trustees act in accordance with the CIO's governing document and charity law. They provide oversight of operations, ensure compliance with legal and regulatory requirements, and safeguard the charity's assets and reputation.

Appointment & Terms

Trustees are appointed in accordance with the charity's governing document. The governing document outlines the process for appointment, retirement, and re-appointment of trustees, as well as procedures for the removal of trustees where necessary.

Meetings & Decision-Making

The Board of Trustees meets regularly throughout the year to consider matters of strategy, finance, operations, and compliance. Decisions are made in accordance with the provisions of the governing document, typically by majority vote, with a quorum required for formal business. Minutes are recorded for accountability and transparency.

Delegation & Committees

The trustees may delegate day-to-day management responsibilities to officers, staff, or sub-committees, but retain ultimate responsibility for all decisions. Any delegated authority is clearly defined and reported back to the full Board to ensure accountability.

Risk Management & Internal Controls

The trustees are responsible for identifying and managing risks that may affect the charity's ability to achieve its objectives. The Board ensures that systems of internal control are in place to safeguard the charity's assets, ensure proper financial management, and minimise the risk of fraud or mismanagement.

Policies & Compliance

The trustees ensure that policies are maintained and reviewed regularly, including conflict of interest, safeguarding, financial procedures, and data protection, to ensure the charity operates to best practice and in compliance with law and regulation.
