IHH UK CHARITY REPORT

1 – Reference & Administration Details:

Name: International Helping Hands UK Charity Limited

Date of Incorporation: 28/02/2013 Incorporated as Community Interest Company

Company Registration Number: 08424795

Charity Registered Number: 1164065 - Registered as Charity on 22/10/2015

Telephone Number: 07590 6357 427

2 – Objectives & Activities of the Charity:

A summary of the objectives of the Charity as set out in its governing document:

Objectives:

- For the public benefit, the relief and assistance of people in need in any part of the world who are the victims of war or natural disaster or catastrophe or in poverty by supplying donations to them through other charities or government approved organizations in any part of the world.

Public benefit that is provided by the Charity

The trustees confirm that they have complied with their duty to have due regard to guidance on public benefit published by the Commission in exercising their powers.

The Charity's aims including the changes or differences it seeks to make

The Charity aims to benefit the local community, especially children, young people, the elderly and people of a particular ethnic or racial origin.

An explanation of the Charity's main objectives for the year

Please provide details of what the objectives have been during this year

- To raise funds by accepting donations and passing these donations to people in needs in countries Palestine, Gambia, Yemen and Somalia.

Explanation of the strategies for achieving objectives

The Charity's strategy is to provide assistance to people in needs in various countries around the world by accepting donations from member of publics.

The Charities Voluntary Board of members is selected every year by election in the Annual General Meeting has worked hard with limited resources to try to achieve the above objectives and has been successful with many of them.

Details of significant activities including its main programme, projects or services

The Charity used to have smaller premises where we could not do all the activities it wanted to. The Charity now has a large building which can be used to run many activities in a better environment and to raise money to support its objectives.

The Charity has carried out the following activities in support of its activities during the year:

- Provided and arranged meetings, conferences and commemorations and provided food at some of these events;
- Brought in people from outside the Charity, such as doctors, teachers, psychologist to educate and help people;
- Provided breakfast for users of charity once every month to join with families,
- Arranged a picnic to bring the community together for a day of activities; and
- Visited both Turkish Embassy to inform them about objectives of IHH with a return to have advice on them.
- Visited Local Radio stations "Cyprus Young Radio" to carry out a broadcasting to make awareness of the Charity and people in need.
- Helped people in different places of the world to ease their sacrifice for various forms
- Helping people who have suffered in earthquake of Turkey

The Charity's grant making policies

The Charity has not given any grants to date nor has it set out any policy yet. However, the Trustees plan to consider making grants in line with the Charity's objectives in the future. Hence, trustee numbers are in the process of being increased as some education grant bodies require a minimum of three trustees.

The contribution of volunteers

The contribution of volunteers is unaccountable as they have worked very hard using their free time to achieve the Charity's objectives. The Charity has a board of Trustees, a Board of members, an Audit Committee and a Discipline Committee all of whom are volunteers who are elected once a year during Annual General Meeting.

3 - Achievements & Performance of the Charity:

A Summary of the main achievements of the Charity during the year

The Charity has organised many activities with limited resources and achieved most of its goals. The activities are listed in the above sections in this year also which added activities and seminars.

- During Aid Festive season we have arranged to help people in Somalia and Chad. We have provided food packages to those who are in need.
- Qurbani Meat Project – distributing to poor people in Somalia
- Ramadan Food Aid Project – distributing to poor people in Somalia with the assistance of Tamkin Foundation for social service.
- Provided assistance to poor and needy people with health programme in Chad.
- Help people in Palestinian with food aids.

4 – Structure, Governance & Management:

Nature of the Governing Document and constitution of the Charity

The charity is constituted as a company limited by guarantee and is therefore governed by a memorandum and articles of association. The directors of the company are also trustees of the charity. Eligibility for membership of the charity and membership of the board of trustees is governed by the memorandum and articles of association. There are no restrictions in the governing document on the operation of the charity or on its investment powers, other than those imposed by general charity law.

Methods adopted for the recruitment and appointments of new trustees

The trustees are recruited from volunteers. They are selected during the Annual General Meeting and expected to have good eye over the Charity activities and financial affairs and are highly respected in the community.

The policies and procedures adopted for the induction and training of trustees

There is no formal procedure for the training of Trustees. We endeavour to keep up to date on Charity Commission legislation.

There are three trustees at present who runs and controls the Charity with help of committee elected by members each year and audit team.

Relationship with other groups, charities, individuals

We have no related parties or subsidiaries. The Charity has an ongoing relationship with other groups and members which are good.

5 – Financial Review:

The charity's financial position at the end of the year ended 29th February 2024

The financial position of the charity at 29th February 2024 and comparatives and for the prior period, as more fully detailed in the accounts, can be summarised as follows.

	2024	2023
	£	£
Net Income / (Expenditure)	0	0
Unrestricted Revenue Funds available for the		
general purpose of the charity	(246)	(246)

Financial review of the position at the reporting date, 29 February 2024

The trustees consider the financial performance by the charity during the year to have been satisfactory. Our principle funding sources are regular fund-raising activities and the donations made by members.

There has been deficit in the profit and loss account due to supporting our causes little more and we are trying hard to avoid this in future.

Investment policy and objectives

We do not have an investment policy. All our income, with the exception of a small cash flow, is reinvested in the charity for its purposes. The money kept in the current account and available all the times.

Specific changes in fixed assets

We have no large amount reserves at present and money collected for donations purposes donated to people who is in need in poor part of the world.

1 Accounting policies

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Leasehold land and buildings	over the lease term
Plant and machinery	over 5 years
Fixtures, fittings, tools and equipment	over 5 years

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

International Helping Hands UK Charity Limited
Notes to the Accounts
for the year ended 28 February 2025

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

The Charities Voluntary Board of members is selected every year by election in the Annual General Meeting has worked hard with limited resources to try to achieve the above objectives and has been successful with many of them.

Details of significant activities including its main programme, projects or services

The Charity use to have smaller premises where we could not do all the activities it wanted to. The Charity now has a large building which can be used to run many activities in a better environment and to raise money to support its objectives.

The Charity has carried out the following activities in support of its activities during the year:

- Provided and arranged meetings, conferences and commemorations and provided food at some of these events;
- Brought in people from outside the Charity, such as doctors, teachers, psychologist to educate and help people;
- Provided breakfast for users of charity once every month to join with families,
- Arranged a picnic to bring the community together for a day of activities; and
- Visited both Turkish Embassy to inform them about objectives off IHH with a return to have advise on them.
- Visited Local Radio stations "Cyprus Young Radio" to carry out a broadcasting to make awareness of the Charity and people in need.
- Visited Turkish Martyrdom in Portsmouth to give our respect,
- Helped people in different places of the world to ease their sacrifice for various forms
- Helping people who has suffered in earthquake of Turkey

The Charity's grant making policies

The Charity has not given any grants to date nor has it set out any policy yet. However, the Trustees plan to consider making grants in line with the Charity's objectives in the future. Hence, trustee numbers are in the process of being increased as some education grant bodies requires minimum of three trustees.

The contribution of volunteers

The contribution of volunteers is unaccountable as they have worked very hard using their free time to achieve the Charity's objectives. The Charity has a board of Trustees, a Board of members, an Audit Committee and a Discipline Committee all of whom are volunteers who are elected once a year during Annual General Meeting.

3 - Achievements & Performance of the Charity:

A Summary of the main achievements of the Charity during the year

The Charity has organised many activities with limited resources and achieved most of its goals. The activities are listed in the above sections in this year also which added activities and seminars.

Financial review of the position at the reporting date, 29 February 2024

The trustees consider the financial performance by the charity during the year to have been satisfactory. Our principle funding sources are regular fund-raising activities and the donations made by members.

There has been deficit in the profit and loss account due to supporting our causes little more and we are trying hard to avoid this in future.

Investment policy and objectives

We do not have an investment policy. All our income, with the exception of a small cash flow, is reinvested in the charity for its purposes. The money kept in the current account and available all the times.

Specific changes in fixed assets

We have no large amount reserves at present and money collected for donations purposes donated to people who is in need in poor part of the world.

1 Accounting policies

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Leasehold land and buildings	over the lease term
Plant and machinery	over 5 years
Fixtures, fittings, tools and equipment	over 5 years

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

Islamic Helping Hands UK Charity Limited
Notes to the Accounts
for the year ended 29 February 2024

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

- Provided assistance to poor and needy people with health programme in Gambia.

- Help people in Palestinian with food aids.
- Other donations given to people in Bangladesh for water projects and people in Yemen with food assistance.

4 – Structure, Governance & Management:

Nature of the Governing Document and constitution of the Charity

The charity is constituted as a company limited by guarantee and is therefore governed by a memorandum and articles of association. The directors of the company are also trustees of the charity. Eligibility for membership of the charity and membership of the board of trustees is governed by the memorandum and articles of association. There are no restrictions in the governing document on the operation of the charity or on its investment powers, other than those imposed by general charity law.

Methods adopted for the recruitment and appointments of new trustees

The trustees are recruited from volunteers. They are selected during the Annual General Meeting and expected to have good eye over the Charity activities and financial affairs and are highly respected in the community.

The policies and procedures adopted for the induction and training of trustees

There is no formal procedure for the training of Trustees. We endeavour to keep up to date on Charity Commission legislation.

There are three trustees at present who runs and controls the Charity with help of committee elected by members each year and audit team.

Relationship with other groups, charities, individuals

We have no related parties or subsidiaries. The Charity has an ongoing relationship with other groups and members which are good.

5 – Financial Review:

The charity's financial position at the end of the year ended 28th February 2023

The financial position of the charity at 28th February 2023 and comparatives and for the prior period, as more fully detailed in the accounts, can be summarised as follows.

	2022	2022
	£	£
Net Income / (Expenditure)	73	100
Unrestricted Revenue Funds available for the		
general purpose of the charity	(246)	(319)

Financial review of the position at the reporting date, 28 February 2022

The trustees consider the financial performance by the charity during the year to have been satisfactory. Our principle funding sources are regular fund-raising activities and the donations made by members.

There has been deficit in the profit and loss account due to supporting our causes little more and we are trying hard to avoid this in future.

Investment policy and objectives

We do not have an investment policy. All our income, with the exception of a small cash flow, is reinvested in the charity for its purposes. The money kept in the current account and available all the times.

Specific changes in fixed assets

We have no large amount reserves at present and money collected for donations purposes donated to people who is in need in poor part of the world.

1 Accounting policies

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Leasehold land and buildings	over the lease term
Plant and machinery	over 5 years
Fixtures, fittings, tools and equipment	over 5 years

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

Islamic Helping Hands UK Charity Limited
Notes to the Accounts
for the year ended 28 February 2022

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

1 Accounting policies

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Leasehold land and buildings	over the lease term
Plant and machinery	over 5 years
Fixtures, fittings, tools and equipment	over 5 years

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

Islamic Helping Hands UK Charity Limited
Notes to the Accounts
for the year ended 28 February 2022

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

IHH UK CHARITY REPORT

1 – Reference & Administration Details:

Name: Islamic Helping Hands UK Charity Limited

Date of Incorporation: 28/02/2013 Incorporated as Community Interest Company

Company Registration Number: 08424795

Charity Registered Number: 1164065 - Registered as Charity on 22/10/2015

Telephone Number: 07590 6357 427

2 – Objectives & Activities of the Charity:

A summary of the objectives of the Charity as set out in its governing document:

Objectives:

- For the public benefit, the relief and assistance of people in need in any part of the world who are the victims of war or natural disaster or catastrophe or in poverty by supplying donations to them through other charities or government approved organizations in any part of the world.

Public benefit that is provided by the Charity

The trustees confirm that they have complied with their duty to have due regard to guidance on public benefit published by the Commission in exercising their powers.

The Charity's aims including the changes or differences it seeks to make

The Charity aims to benefit the local community, especially children, young people, the elderly and people of a particular ethnic or racial origin.

An explanation of the Charity's main objectives for the year

Please provide details of what the objectives have been during this year

- To raise funds by accepting donations and passing these donations to people in needs in countries Palestine, Gambia, Yemen and Somalia.

Explanation of the strategies for achieving objectives

The Charity's strategy is to provide assistance to people in needs in various countries around the world by accepting donations from member of publics.

The Charities Voluntary Board of members is selected every year by election in the Annual General Meeting has worked hard with limited resources to try to achieve the above objectives and has been successful with many of them.

Details of significant activities including its main programme, projects or services

The Charity use to have smaller premises where we could not do all the activities it wanted to. The Charity now has a large building which can be used to run many activities in a better environment and to raise money to support its objectives.

The Charity has carried out the following activities in support of its activities during the year:

- Provided and arranged meetings, conferences and commemorations and provided food at some of these events;
- Brought in people from outside the Charity, such as doctors, teachers, psychologist to educate and help people;
- Provided breakfast for users of charity once every month to join with families,
- Arranged a picnic to bring the community together for a day of activities; and
- Visited both Turkish Embassy and Turkish Cypriot Foreign Office to inform them about objectives off IHH with a return to have advise on them.
- Visited Local Radio stations "Cyprus Young Radio" to carry out a broadcasting to make awareness of the Charity and people in need.
- Visited Turkish Martyrdom in Portsmouth to give our respect,
- Helped people in different places of the world to ease their sacrifice for various forms

The Charity's grant making policies

The Charity has not given any grants to date nor has it set out any policy yet. However, the Trustees plan to consider making grants in line with the Charity's objectives in the future. Hence, trustee numbers are in the process of being increased as some education grant bodies requires minimum of three trustees.

The contribution of volunteers

The contribution of volunteers is unaccountable as they have worked very hard using their free time to achieve the Charity's objectives. The Charity has a board of Trustees, a Board of members, an Audit Committee and a Discipline Committee all of whom are volunteers who are elected once a year during Annual General Meeting.

3 - Achievements & Performance of the Charity:

A Summary of the main achievements of the Charity during the year

The Charity has organised many activities with limited resources and achieved most of its goals. The activities are listed in the above sections in this year also which added activities and seminars.

- Organised third event between Turkish and Syrian Community in London under Covid-19 restrictions. Both communities have found the opportunity to know each other and plan activities between.
- During Aid Festive season we have arranged to help people in Somalia and Gambia. We have provided food packages to those who is in need.
- Qurbani Meat Project – distributing to poor people in Somalia

- Ramadan Food Aid Project – distributing to poor people in Somalia with the assistance of Tamkin Foundation for social service.
- Provided assistance to poor and needy people with health programme in Gambia.
- Help people in Palestinian with food aids.

4 – Structure, Governance & Management:

Nature of the Governing Document and constitution of the Charity

The charity is constituted as a company limited by guarantee and is therefore governed by a memorandum and articles of association. The directors of the company are also trustees of the charity. Eligibility for membership of the charity and membership of the board of trustees is governed by the memorandum and articles of association. There are no restrictions in the governing document on the operation of the charity or on its investment powers, other than those imposed by general charity law.

Methods adopted for the recruitment and appointments of new trustees

The trustees are recruited from volunteers. They are selected during the Annual General Meeting and expected to have good eye over the Charity activities and financial affairs and are highly respected in the community.

The policies and procedures adopted for the induction and training of trustees

There is no formal procedure for the training of Trustees. We endeavour to keep up to date on Charity Commission legislation.

There are three trustees at present who runs and controls the Charity with help of committee elected by members each year and audit team.

Relationship with other groups, charities, individuals

We have no related parties or subsidiaries. The Charity has an ongoing relationship with other groups and members which are good.

5 – Financial Review:

The charity's financial position at the end of the year ended 28th February 2021

The financial position of the charity at 29th February 2021 and comparatives and for the prior period, as more fully detailed in the accounts, can be summarised as follows.

	2021	2020
	£	£
Net Income / (Expenditure)	281	(1,323)
Unrestricted Revenue Funds available for the		
general purpose of the charity	(419)	(700)

Financial review of the position at the reporting date, 28 February 2021

The trustees consider the financial performance by the charity during the year to have been satisfactory. Our principle funding sources are regular fund-raising activities and the donations made by members.

There has been deficit in the profit and loss account due to supporting our causes little more and we are trying hard to avoid this in future.

Investment policy and objectives

We do not have an investment policy. All our income, with the exception of a small cash flow, is reinvested in the charity for its purposes. The money kept in the current account and available all the times.

Specific changes in fixed assets

We have no large amount reserves at present and money collected for donations purposes donated to people who is in need in poor part of the world.

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.
