

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 01.04.2022 period start date to 31.03.2023 period end date

Charity name: The South East Asia Rainforest Research Partnership (SEARRP)

Charity registration number: 1164082

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	1) To promote the conservation and better management of tropical ecosystems and the scientific understanding of the rainforests and other natural and modified habitats of South East Asia; and 2) To advance research, training, education and awareness in, and associated with, the rainforests and other natural and modified habitats of South East Asia
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Core SEARRP¹ activities – and that of its partner organisation in Malaysia² – resumed during the reporting period after strict Covid-related travel restrictions were lifted in Malaysia. For the first time in over two years, SEARRP linked scientists were able to conduct fieldwork, resume long-term monitoring programmes and student groups on training programmes were able to return to SEARRP field sites. Further steps were taken to strengthen the SEARRP safeguarding framework – and develop a long-term training strategy: • Resumption of a range of field-science programmes by SEARRP linked scientists at Danum Valley and associated research sites in Sabah • Re-engagement of teams of locally employed field assistants on SEARRP's long-term environmental monitoring programmes • Reopening of Danum Valley to university field courses and other student training programmes • Development of plans to establish a SEARRP Training Centre – with an initial focus on biodiversity management and monitoring • Implementation of an independent whistleblowing procedure via the 'WhistleB' service • Trial of an online training programme on harassment in the workplace ¹ The SE Asia Rainforest Research Programme was established by the Royal Society in 1985 and was

		<i>directly funded by the Society for over 30 years. The formal relationship between the Royal Society and SEARRP came to a close in 2015 and in early 2016 SEARRP was relaunched as the SE Asia Rainforest Research Partnership (an independent Charitable Incorporated Organisation)</i> ² <i>The Malaysia-registered and based SE Asia Rainforest Research Trust and its wholly owned, not-for-profit operating company Rainforest Research Sdn Bhd</i>
