1. Performance Review

OSG's performance has improved this year. Thanks to Dr Trevor's effort, huge data has been collected, analyses and three thick reports were compiled and published.

The website of OSG has been re-developed and enhanced by volunteer experts who not only took the responsibility of developing the framework but also covered the initial cost for hosting.

The following reports were published and subsequently made available on OSG's website. The following are major reports:

- Report 52, July 2020 entitled **catastrophic consequences,**
- Report 53, 24 September 2020 entitled "*Oromia is a slaughterhouse now*"
- Report 54, January entitled "**Empire strikes back: catastrophic consequences**"
- Feb 20, 2021, a report entitled "**Escalating carnage while the dinosaurs fight**" that details the killings of at least 1342 civilians by the forces of Abiy Ahmed of Ethiopia.

While the above reports were published and in circulation OSG was working on another report entitled "Ethnic cleansing in Amhara Region; collapse of democracy and rule of law; attacks in Guliso; massacre of migrants in Yemen." It is expected to come out soon.

On top of research and publication every effort has been made to disseminate it through all available media, particularly Oromo medias such as FNN, OMN and kello.

Furthermore, OSG tried to organise public events to discuss and raise awareness of Oromos and other people on the current state of human rights situation on Ethiopia.

As human rights crisis continues escalating in Oromia-Ethiopia, it has been emphasised that more effort has to be done to compile data, prepare reports and organise events to create awareness.

There were no expenses incurred and no revenues generated during the financial year. All of the activities of OSG during the financial year were conducted by volunteers and trustees.
